OFFICE OF

Sir:-

I beg to transmit herewith, vouchers Nos. 3553 and 3554 amounting altogether to \$23.00 for labor painting and cleaning walls and floor of class-room of Kitkatla Indian Day School. The building being old and the floor much the worse for wear, it was considered advisable to have this work done during the summer vacation.

The painting has placed the interior of the school in a more sanitary condition and it will be easier to keep the floor clean during the coming winter months. This is the first time the floor has been painted for some years and the undertaking required more paint and labor. I would recommend payment of the accounts.

Sir:-

I beg to transmit herewith, Vouchers Nos.3667 and 3668, for teacher's chair and table, and cartage thereon, for the Kitkatla Indian Day School, authorized in your letter of July 31st.

As a teacher's chair was very much needed, a fir table was obtained instead of an oak, for the same price, the two articles costing no more than the more expensive oak table.

I would recommend payment of the accounts as enclosed.

OFFICE OF  
INDIAN AGENT

Prince Rupert B.C.  
Dec. 27th 1932

Sir:-

I have the honor to transmit herewith, Vouchers Nos. 5159 and 5160 attached to which are accounts received from the Gordon Hardware Co. and the Thompson Hardware Co. of Prince Rupert for spades supplied for the Kitkatla Indian Village.

*no hand forward*

In explanation I would state, the Kitkatla Indians have been engaged in carrying out village street improvements and made request for assistance in the way of spades as they had no money with which to buy these implements. As the work in which they were engaged was a deserving one, and in which I think they should be encouraged, assistance was given, and I would recommend that the accounts be paid.

Your obedient servant

EXD.

Ottawa, August 12, 1932.

Sir:

I have your letter of the 3rd instant, regarding the equipment and repairs required at the Kitkatla Indian Day School. It is noted that the present stove is unfit for further use.

You may arrange for the purchase and delivery of a new stove of a type that would be satisfactory. You may also purchase and supply the quantity of stove pipe and elbows required. Regarding the repairs, you may arrange for the adjustments required to the windows and to have new railings installed on the approach to the school toilets, also a new plank walk to school entrance. The total cost of the stove and repairs, including labour and freight, should be kept within your estimate, viz., \$76. Any repairs carried out should, if possible, be performed by Indians.

After the above purchases and repairs have been completed, you should forward accounts, in triplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

*A. F. MacKenzie*  
A. F. MacKenzie,  
Secretary.

OFFICE OF  
INDIAN AGENT

Prince Rupert B.C.  
August 3rd 1932

Sir:-

I beg to state that the following repairs and improvements are needed for the Kitkatla Indian Day School which, if approved, I shall be glad to receive the necessary authority to have done.

1 new stove, 6 lengths stovepipe, 1 elbow,  
& windows to be adjusted..... 50.00

New railings on approach to school toilets 3.00

New plank walk to school entrance, length-  
20 ft x 3 ft. 5.00

Labor 12.00

Freight & handling charges, PR. to Kitkatla 6.00  
\$76.00

A new stove is needed for this school as the present one which has been in use for many years will not last out the coming winter, and is not worth repairing.

The railing on the approach to the school toilets is necessary as a safeguard, the approach being some seven feet from the ground. On account of the fact that all material must be shipped from Prince Rupert to Kitkatla by gasboat the cost of transportation and handling adds considerably to the expense.

A requisition for school material is also enclosed and I shall be glad if these are sent as soon as possible.

Your obedient servant,

The Assistant Deputy and Secretary,  
Department of Indian Affairs,  
Ottawa.

Sir:

Mr. Barry, Inspector of Indian Schools for British Columbia, who recently inspected the Kitkatla Indian Day School, draws attention to the condition of the toilets, which he states are in a filthy state. He recommends that the seats be removed, cleaned and replanned, as he does not think ordinary scrubbing will be sufficient. He also states that the doors of the toilets should be repaired and locks fitted, and the doors kept locked, except when school is in session.

I have to request that you will arrange as soon as possible to have these toilets thoroughly cleaned and placed in a good, sanitary condition, and locks installed on the doors, the keys to which should be placed under the charge of the teacher, who should see that these toilets are kept locked, as stated above. Please keep all costs as low as possible and, when the work has been completed, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

**E X T R A C T** from Inspector Barry's Report re-  
garding his visit to the KITKATLA INDIAN DAY SCHOOL  
on October 16, 1931.

Original on File 168-18-6.

The two toilets are in a filthy state. The teacher wishes to have new toilets built. I consider that this is not necessary. I do think that the seats will have to be removed, cleaned and replanned. I do not think that ordinary scrubbing will be sufficient. The seats are covered with excrement. The doors of these toilets should be repaired and locks fitted. I would recommend that these toilets be kept locked, except when school is in session. They appear to be used by other persons and not exclusively by the children.

Sir:-

I shall be glad to receive authority to have repairs carried out to the approach of the Kitkatla Indian Day School toilets which was wrecked during a recent storm. The total cost, including labor, material and freight charges from Prince Rupert will amount approximately to \$29.90 as follows:-

|                                         |                |
|-----------------------------------------|----------------|
| 8 cedar posts, 8 ft. long- 64 ft. @ 10¢ | 6.40           |
| 300 feet lumber @ \$25.00               | 7.50           |
| nails                                   | 1.00           |
| labor                                   | 10.00          |
| freight charges to Kitkatla             | 5.00           |
|                                         | <u>\$29.90</u> |

Application has also been made by the school teacher Mr. Shearman for calsimine and varnish to renovate the interior of the teacher's residence. The work will be carried out by himself. The following material will be required:-

|                            |              |
|----------------------------|--------------|
| Calsimine 8 packages @ 75¢ | 6.00         |
| Varnish 1 gallon @ \$6.    | 6.00         |
| Paint brushes 2 @ 75¢      | 1.50         |
|                            | <u>13.50</u> |

In view of the fact that the painting of the interior walls, ceilings and doors of the teacher's residence was not completed at the time the house was put up three years ago, the addition of a little paint to renovate the rooms would add considerably to the comfort of the teacher and his family.

I would recommend that the repairs to the toilet and painting of the interior of the teacher's residence be carried out if funds are available.

The Secretary,  
Department of Indian Affairs,  
Ottawa.

Sir,  
November.

I beg to forward this report for the month of  
x x x

As stated in previous reports, school buildings  
at Port Simpson and Kitkatla are in a very bad condition,  
being old buildings, and it is a question whether they are  
worth the spending of money on extensive repair work. It  
would be advisable to have expert opinion on these two  
buildings.

KITKATLA INDIAN DAY SCHOOL, dated May 3rd, 1937.

Orig. on 168-18-1

-----

The work of a teacher in this village is greatly handicapped by the school building. It stands on one of the poorest sites in the village. On two sides it is surrounded by houses and is within a few yards of high water mark. The school is too small, so old that the foundations are gone and of its last coat of paint only traces remain.

Dear Sir:

In your report for the month of March, you refer to the Kitkatla Indian Day School.

Provision has been made in our appropriation this year for an amount of \$150.00 to provide repairs at this school. Please let me have a detailed report, stating what repairs can be done for the amount mentioned.

Yours truly,

Sir:

The following report is forwarded for the  
month of March. x x x

To my mind, the outstanding need at Kitkatla  
is a new school building as the present one is quite antique  
and should be replaced at the earliest opportunity. Some  
years ago the sum of \$500.00 was spent on repairs, but now  
the foundation is in bad shape which would necessitate a  
further expenditure until a new building can be provided.

Dear Sir:

The Department is in receipt of your letter of the 21st instant, with reference to repairs required at the Kitkatla Indian Day School.

Provision was made in our appropriation for the current fiscal year for an expenditure of \$150 at this school, and you may, therefore, proceed with repairing the foundation. It is noted from your letter that the cost, including material, labour and transportation, will not exceed \$150.

Owing to lack of funds, the Department is not prepared to authorize the exterior painting of the building.

Yours truly,

R. A. Hoey,  
Supt. of Welfare & Training.

PRINCE RUPERT, B. C.,  
JUNE 21, 1937.

Dear Sir:- RE: Repairs Kitkatla Day School.

I wish to draw the attention of the Department to the need of repairs for the above named school.

The building is over 25 years old and is badly in need of repairs. When the building was first put up, the rear end was allowed to rest on the ground with the result that the sills are rotted and should be replaced, as the building is settling. It will be necessary to dig away part of the bank on which the end of the school rests in order to give free ventilation. The roof needs repairing, and, also new panes for the windows.

The entire cost of repairing the foundation, including labour, material and transportation, will be approximately \$150.00 as follows:--

|                                               |        |
|-----------------------------------------------|--------|
| Labour                                        | 65.00  |
| Material (Lumber, nails, cedar posts, etc.)   | 60.00  |
| Transportation from Prince Rupert to Kitkatla | 25.00  |
|                                               | <hr/>  |
|                                               | 150.00 |

The outside of the building should be painted at a cost of \$25.00.

|                           |       |
|---------------------------|-------|
| 3 gallons of paint @ 5.00 | 15.00 |
| labour                    | 10.00 |
|                           | <hr/> |

Sir:-

I am enclosing herewith, requisition for material asked for by the teacher of the Kitkatla Indian Day School in connection with the domestic science class conducted by Mrs. Goodreid, wife of the teacher.

*OK  
The requisition is  
referred to him*  
This class was carried on very successfully during last winter, and in view of the fact that the Department is encouraging domestic science teaching in the schools, I would recommend that the material be authorized, including a hand sewing machine so that the children may be taught how to use one.

Sir:-

Referring to your letter of the 23rd ult. 168-18-5 regarding Vo. 8393 returned for amendment, I am re-enclosing same with the information required, excepting weight of shipment which is not available.

As there are no regular steamers running to Kitkatla, supplies were forwarded by Indian gas boat, and it would be impossible to obtain the weight of the shipment without going to considerable extra expense.

The \$25.00 charged included packing lumber over a rocky beach to the school site and the amount charged is considered fair and reasonable.

Yours faithfully

Sir:-

I beg to transmit herewith, Return of Labor in connection with repairs to the foundation of the Kitkatla Indian Day School amounting to \$16.00, over and above the amount authorized for this work.

Owing to the difficulty of getting at the foundations, the building being right on the ground, it was not possible to make an accurate estimate when the cost was first sent to the Department. It was found necessary to do considerably more excavating than was estimated.

I would recommend payment of the extra work as shown on the enclosed return and would also request that the cheques be sent through this office.

Yours faithfully,

Indian Agent

Dear Sir:

I enclose application from Mr. Indian Agent Gillett to expend the sum of \$40.15 on repairs to Kitkatla Indian Day School, the necessity of which was taken up in Mr. Inspector Barry's report of May 9th last.

It will be observed that Mr. Gillett states that if funds are not likely to be available next year for the replacement of this school it will be necessary to expend the sum of \$400 in general repairs. I would point out, however, that Mr. Barry's construction program of July 6, 1939, with reference to distribution of Coqualeetza children set down the replacement of this school for the fiscal year of 1941-42 as Project No. 14.

Dear Sir: Your file 15/8/5614

I submit herein a report on Kitkatla Indian Day School as requested in your letter of May 16.

The building was erected about 30 years ago and is in an unsuitable locality, being among the Indian houses and too near the beach. It does not now present a very good appearance as the roof is covered with lichen, which it would not be advisable to move as leaks may develop. The outside walls are weather worn and a number of boards are missing around the base. Three of the foundation posts need renewing. The inside walls are dark and dingy.

If it is the intention of the Department to build a new school in the near future, I recommend that only the minimum and necessary repairs be made this year, which are as follows:

Repairs to windows.

|                        |         |
|------------------------|---------|
| 10 panes glass 14 x 22 | \$ 8.00 |
| 5 lbs. putty           | .50     |
| putty knife            | .35     |
| labour (approx.)       | 8.00    |

Repairs to ridgeboard.

|                      |      |
|----------------------|------|
| 100 ft. lumber 1 x 6 | 4.00 |
| labour               | 2.00 |

Repairs to foundation.

|                          |      |
|--------------------------|------|
| 3 posts including labour | 5.00 |
|--------------------------|------|

Repairs to toilets.

|                            |      |
|----------------------------|------|
| 12 pcs. lumber 6'x1"x12"   | 3.00 |
| 4 lbs nails.               | .30  |
| labour erecting partition. | 4.00 |

Freight on material.

If, however, it is foreseen that a new school is not likely to be built for a number of years, extensive repairs should be made next year. This would mean reshingling the roof, painting the walls inside and out and clearing up the surroundings at an approximate cost of \$400.00. I will place such an item in the estimates for 1941-42.

Yours faithfully,

J. Gillett,

Dear Sir:

With reference to your letter of the 12th instant, you may expend an amount of \$40.00 for material and labour to make necessary repairs at the Kitkatla Indian Day School. I note that you consider a new heater is required. Would it be possible to avoid replacing the heater this year?

While you were advised in official letter of the 11th ultimo that \$300.00 was provided in the current year's appropriation for minor repairs and improvements at all the schools in the Skeena agency, it is now found necessary to incur a considerable expenditure in furnishing the Gitladamix teacher's residence. Consequently, when these purchases are made and payment made for the repairs at Kitkatla, there will be very little money left on hand.

Yours truly,

Philip Phelan,  
Chief, Training Division.

Dear Sir:

With reference to your letter of June 11,  
I wish to state that the sum of \$40.00 will be required  
for repairs for Kitkatla Indian Day School. This would  
cover the following:

|                   |                           |                |
|-------------------|---------------------------|----------------|
| <u>Windows</u>    | 10 panes glass 14 x 22    | \$ 8.00        |
|                   | 5 lbs. putty              | .50            |
|                   | putty knife               | .35            |
|                   | labour (approx.)          | 8.00           |
| <u>Ridgeboard</u> | 100 ft. lumber 1 x 6      | 4.00           |
|                   | labour                    | 2.00           |
| <u>Foundation</u> | 3 posts including labour  | 5.00           |
| <u>Toilets</u>    | 12 pcs. lumber 6"x1"x12"  | 3.00           |
|                   | 4 lbs. nails              | .30            |
|                   | labour erecting partition | 4.00           |
| <u>Freight</u>    |                           | 5.00           |
|                   |                           | <u>\$40.15</u> |

Indian Labour will not be available until  
September. Rev. Mr. Shearman, the teacher, is watch-  
man at Kitkatla during the summer, and if it is in  
order I would recommend that he be allowed to under-  
take the work.

A new heater is required. This would cost  
approximately \$42.00 including stove pipe.

I hope the Department will purchase the desks  
which, as Captain Barry states, are urgently needed.

Indian Affairs Branch,  
Dept. of Mines & Resources,  
Ottawa.

Dear Sir:

Reporting on his inspection of the Kitkatla Indian Day School on the 9th ultimo Inspector Barry writes as follows:

"School is a very old building which requires much work done on it, foundations etc. Windows are now out of plumb. Glass broken in eight places. Windows boarded up in places to keep out wind, can not be opened. Indian Agent will no doubt do what he can to improve conditions till a new school can be erected on a better site. 8 No. 4 and 8 No. 3 single desks are most urgently needed, also new heater to burn coal."

From previous reports received from you this Branch is aware that the Kitkatla School is in bad condition. Due to present conditions it was impossible to obtain the funds required for the erection of a new school. However, it is possible that a reasonable expenditure during the coming summer would place this building in a habitable condition for another year. In this connection I may say that an amount of \$300.00 was provided in the current year's appropriation for minor repairs and improvements required at all the day schools in the Skeena Agency. Please let me know what portion of this amount you would recommend be expended at Kitkatla.

Dear Sir:-

I am transmitting herewith, Vo.No. 8952 attached to which is an account received from The Canadian National Railway Co. for storage charges on one case (195 lbs) of school material for Kitkatla Indian Day School.

In this connection, I beg to refer to my letter of August 9th last. As stated the supplies arrived just at the beginning of the fishing season when there were no Indians in the village, and the teacher was also absent. The case was forwarded at the first opportunity.

I would suggest that in future, large orders of school supplies for isolated reserves should not be forwarded during the summer months when most of the villages are empty.

Yours faithfully,

Dear Sir: Your File 168-18-5, July 20th

We had repairs made to the heater at the Kitkatla Indian Day School, but find now that the stove will not last through the winter. A suitable one (brick lined) can be bought from Gordon's Hardware, Prince Rupert, for \$20.00. I recommend that this be purchased immediately.

Yours faithfully,

Dear Sir:

I beg to forward herewith a requisition from Mr. Indian Agent Gillett covering certain repairs for the Kitkatla Indian Day School. Provision was made in the current year's Estimates for this expenditure.

The Kitkatla school should be replaced by a new structure as soon as funds can be provided. It is not expected, however, that a new building can be erected during the existing emergency and it will be necessary to get along with such repairs as may from time to time be needed. The application is recommended for approval. An early reply would be appreciated.

Yours faithfully,

PLEASE QUOTE  
FILE 5/11/2

Prince Rupert, B. C.  
3rd September, 1941

Dear Sir:

I enclose herewith a Requisition for Material for repairs to the Kitkatla Indian Day School together with tenders for the same from Gordon's Hardware, Howe & McNulty, Albert & McCaffery and Mitchell and Currie.

Although a new school is needed at this place I realize that the National Emergency may prevent this for several years. I therefore recommend that the necessary repairs be carried out this year. This could be undertaken sometime this month when the Indians return home. The approximate cost will be:

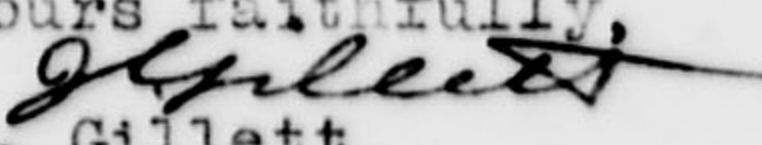

|                             |          |
|-----------------------------|----------|
| Material as per Requisition | \$ 83.78 |
| Labour                      | 45.00    |
| Freight on material         | 15.00    |
| Cartage from boat to school | 5.00     |

148.78

I recommend that the hardware be purchased from Messrs. Howe & McNulty and the lumber from Messrs. Albert & McCaffery.

I placed an item in the estimates for \$253.00. This included paint and stain. Considering the present conditions I feel that no ill-effects would be caused by leaving out the painting and staining this year.

Yours faithfully,

Prince Rupert, B. C.,  
November 27th, 1942.

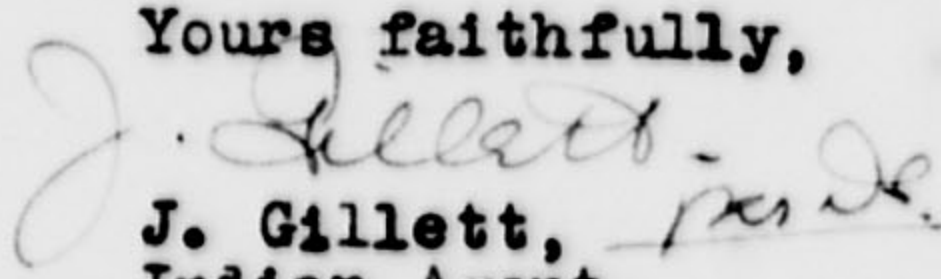

Dear Sir:

I am attaching herewith a requisition for various articles for the Kitkatla Indian Day School, as requested by Miss Freeman, the newly appointed teacher.

Everything appearing on the requisition, other than the "Course of Study for Teachers" and the Teachers' Magazine, can be purchased locally for approximately \$15.00. I recommend that these items be supplied. As the Department already knows, the Kitkatla School is a very old building and the new window is required to replace one, the frame of which, is in a state of collapse. The paint is required to brighten up the class room.

The work on the window and painting would cost approximately \$5.00.

Yours faithfully,

  
J. Gillett,  
Indian Agent.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

Re voucher no. 109 attached, in favor of Silversides Bros. of this city, this glass was bought to effect repairs following a fire at the teacherage at Kitkatla Indian Day School on January 17th. The teacher, Mrs. Grace Vickers, lit a candle in the morning and unfortunately placed it on a shelf near a window. A gale was in process and blew the candle over and set fire to the baby's bed. The mother heard the crackling of flames, but before the fire could be put out considerable damage was done to windows and interior.

I ordered new glass on the 25th and sent it on a company packer but in a violent storm the crate was knocked over, the glass all smashed, hence the duplication of order, which is regretted.

The account is recommended for payment.

Your File 163-18-5 W.T.1.

With reference to Mr. Neary's letter of July 15th approving various expenditures in connection with the Kitkatla Indian Day School, Mr. Indian Agent Anfield has requested an accountable advance of \$166.15 to cover expenditures incurred in repairing the present classroom. Apparently most of the work has been completed and I would recommend that the advance requested be forwarded to Mr. Anfield.

Your File 168-18-5

I would refer to your letter of May 15th addressed to Mr. Indian Agent Anfield with regard to the necessity for a new School on Kitkatla Reserve, advising that you are prepared to spend a reasonable amount in repairing the present building and to rent temporarily another building for school purposes, and in this connection I enclose herewith the Indian Agent's letter of July 2nd, from which it will be noted that he requests an expenditure of \$1870.21 for the repairs, furnishings, and maintenance, of the old classroom and another building, for which no provision has been made in the Estimates. Of this amount it will be noted that \$1128.64 will be for the purchase of equipment that could be used in another school on this or some other Reserve.

If funds are available, I would recommend approval of the application, and authority to engage an additional teacher for the extra room at the current salary.

Re: Kitkatla Indian Day School, Dolphin Island, B. C.

The Department in a letter dated May 15, file 168-18-5, has written requesting a full report on this School, together with definite recommendations as to whether or not alternative or additional accommodation can be secured on a rental basis to take care of the educational needs of the village of Kitkatla, total population 385, with an estimated school population this fall of 84 children of school age. Of this number, nine children are in Residential Schools leaving 75 to consider as the Day School population for the academic year 1946-47.

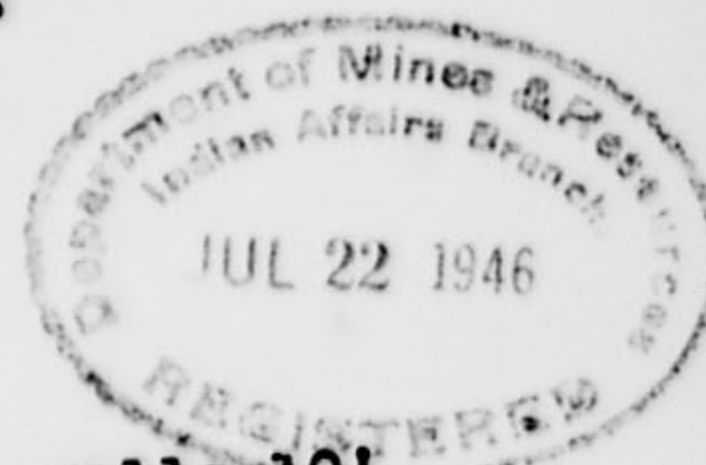

A complete inspection of this village Day School was made on June 25th, in company with the Bishop of the Diocese, Rt. Rev. J. B. Gibson, D.D.; the Chief Councillor, Mr. Mathew Hill, and representative Councilmen and other Indians of the village.

The average attendance at this Indian Day School for the last three academic years is as follows:

|                             |   |     |
|-----------------------------|---|-----|
| Year ending June 30th, 1946 | - | 36  |
| Year ending June 30th, 1945 | - | 27  |
| Year ending June 30th, 1944 | - | 27. |

PRESENT SCHOOL FACILITIES:

Building, frame, inside dimensions - 22' x 34', walls 10' high. Inside walls and ceilings, dark brown in colour. Floors - poor. Foundations were checked and found in fair condition. Windows - thirteen - 4 light on both sides and one end of room.

Page 2 continued:

Heating - MacClary #45 coal stove - totally inadequate.  
Blackboards - 12 feet of 3 ft. hyloplate, almost worn through.  
Desks - 11 old fashioned double desks, largely worn out, several unusable.  
15 single desks, 7 size 4; 8 size 3; old type in bad condition.  
2 wooden benches broken.  
Chimney - 8 inch tile bracket - cracked and unsafe.  
Cupboards - none to speak of, supplies are kept in orange boxes.  
Teacher's desk - in fair condition.

A careful inspection of village halls and other buildings was made, having in mind the imperative need of a two-class room set-up at this school; and the following plan is placed before the Department for consideration and necessary instructions.

1. It is considered that the following work will make the present classroom suitable for classroom use for two years if necessary:

- (a) Paint the walls and ceilings two coats of cream paint.  
Estimated cost, labour \$27.00 - materials 7 gallons @ \$4.01 \$28.07.
- (b) Paint the floor two coats green floor paint.  
Estimated cost, labour \$14.50 - materials 3 gallons @ \$3.75 \$11.25.
- (c) Install 32 feet (4 - 8 foot sheets) green hyloplate, with framing and chalk rail.  
Estimated cost \$54.30, freight \$3.70, total \$58.00  
labour \$7.00 - total \$65.00.
- (d) Install new desks as follows:

|          | <u>Desks</u> | <u>Front</u> | <u>Rear</u> |
|----------|--------------|--------------|-------------|
| size     | 1-3-5        | 1-3-5        | 1-3-5       |

Total cost of desks for room \$ 337.36

- (e) Install new concrete block chimney 24 ft. high.  
Estimated cost 48 blocks @ 75¢ \$36.00 - labour  
\$25.00 - cement and lime \$2.15 - total \$63.15.
- (f) Provide a 13" Coleman Oil Circulator, cost \$117.80  
Provide 8, 6 inch stove pipes @ 20¢ 1.60  
Total \$119.40.
- (g) Provide a teacher's desk and chair - cost \$55.60
- (h) Provide an install cupboards for school supplies -  
cost \$36.00

It is considered that this installation would take care of the junior room of the school.

Totake care of the older pupils it is recommended that the Department rent the Church Army Hall at a rate of \$25.00 per month; that said Hall be used exclusively for a school and that the following labour and equipment be supplied for same.

2. That a partition be erected across this Hall making a classroom 40' x 30' and that blackboards be installed on this partition.

Materials - 32 ft. green hyloplate 4' high, with framing and chalk rails complete - cost \$54.30 - freight \$3.70 -  
Total \$58.00.

General:

This will make a working set-up at Kitkatla. It should be said that almost all of the material purchased will be usable in the new school to be built eventually at this village so little of the recommended expenditure will be lost.

The plan as suggested was approved by the Council of Kitkatla and concurred in by the Bishop, and is recommended to the Department for immediate action.

The Indians are fishing till September or October and no reliable labor from that source will be available. If the Department sanctions the plan as outlined, material can be purchased locally and white labour contracted or hired through local employment channels.

If the Department cannot finance the two rooms, it is recommended that the old classroom be repaired and equipped as noted and the School put on a half-day basis. The condition of the School at present is such that the provision of any less equipment or repairs would be a waste of public funds.

Ottawa, July 15, 1946.

Major D. M. MacKay, Indian Commissioner for B.C.,  
P.O. Box 70, Vancouver, British Columbia.

We have received a copy of Indian Agent Anfield's letter of July 2, addressed to you, with reference to the Kitkatla Indian Day School.

As you are aware, from your letter of June 12, Miss Anne Schmidt resigned, and at the present time we have not been advised of the nomination of any new teacher.

If two teachers can be secured, you may expend the amount recommended by Indian Agent Anfield. This means an expenditure of \$807.33 on the old classroom and \$1,062.88 for the new classroom.

However, if only one teacher can be obtained, the Department does not see any necessity for expending the amount on the new classroom.

This authority is being given to you now, so that no time will be lost in the event of your receiving a nomination for either one or two teachers.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

Re: Kitkatla Indian Day School, Dolphin Island, B. C.

The Department in a letter dated May 15, file 168-18-5, has written requesting a full report on this School, together with definite recommendations as to whether or not alternative or additional accommodation can be secured on a rental basis to take care of the educational needs of the village of Kitkatla, total population 385, with an estimated school population this fall of 84 children of school age. Of this number, nine children are in Residential Schools leaving 75 to consider as the Day School population for the academic year 1946-47.

A complete inspection of this village Day School was made on June 25th, in company with the Bishop of the Diocese, Rt. Rev. J. B. Gibson, D.D.; the Chief Councillor, Mr. Mathew Hill, and representative Councilmen and other Indians of the village.

The average attendance at this Indian Day School for the last three academic years is as follows:

|                             |   |     |
|-----------------------------|---|-----|
| Year ending June 30th, 1946 | - | 36  |
| Year ending June 30th, 1945 | - | 27  |
| Year ending June 30th, 1944 | - | 27. |

PRESENT SCHOOL FACILITIES:

Building, frame, inside dimensions - 22' x 34', walls 10' high. Inside walls and ceilings, dark brown in colour.  
Floors - poor. Foundations were checked and found in fair condition.  
Windows - thirteen - 4 light on both sides and one end of room.

Page 2 continued:

Heating - MacClary #45 coal stove - totally inadequate.  
 Blackboards - 12 feet of 3 ft. hyloplate, almost worn through.  
 Desks - 11 old fashioned double desks, largely worn out, several unusable.  
           15 single desks, 7 size 4; 8 size 3; old type in bad condition.  
           2 wooden benches broken.  
 Chimney - 8 inch tile bracket - cracked and unsafe.  
 Cupboards - none to speak of, supplies are kept in orange boxes.  
 Teacher's desk - in fair condition.

A careful inspection of village halls and other buildings was made, having in mind the imperative need of a two-class room set-up at this school; and the following plan is placed before the Department for consideration and necessary instructions.

1. It is considered that the following work will make the present classroom suitable for classroom use for two years if necessary:
  - (a) Paint the walls and ceilings two coats of cream paint. ✓  
       Estimated cost, labour \$27.00 - materials 7 gallons  
       @ \$4.01 \$28.07.
  - (b) Paint the floor two coats green floor paint. ✓  
       Estimated cost, labour \$14.50 - materials 3 gallons  
       @ \$3.75 \$11.25.
  - (c) Install 32 feet (4 - 8 foot sheets) green hyloplate, ✓  
       with framing and chalk rail.  
       Estimated cost \$54.30, freight \$3.70, total \$58.00 ✓  
       labour \$7.00 - total \$65.00.
  - (d) Install new desks as follows:

General:

This will make a working set-up at Kitkatla. It should be said that almost all of the material purchased will be usable in the new school to be built eventually at this village so little of the recommended expenditure will be lost.

The plan as suggested was approved by the Council of Kitkatla and concurred in by the Bishop, and is recommended to the Department for immediate action.

The Indians are fishing till September or October and no reliable labor from that source will be available. If the Department sanctions the plan as outlined, material can be purchased locally and white labour contracted or hired through local employment channels.

If the Department cannot finance the two rooms, it is recommended that the old classroom be repaired and equipped as noted and the School put on a half-day basis. The condition of the School at present is such that the provision of any less equipment or repairs would be a waste of public funds.

Ottawa, May 15, 1946.

Mr. F. Earl Anfield, Indian Agent,  
Prince Rupert, British Columbia.

I desire to refer to your letter of May 4,  
addressed to the Supervisor of Family Allowances, with reference  
to the condition of the Kitkatla School.

Owing to conditions existing at the present time,  
I regret very much that I cannot see any prospect of erecting  
a new school at Kitkatla during the current calendar year.  
However, the necessity for such a building has been noted and  
we will endeavour to obtain funds for its erection in our  
appropriation for the fiscal year 1947-48.

In the meantime we are prepared to spend a  
reasonable amount in repairing the present building so as to  
make it as habitable as possible. If there is any building at  
Kitkatla that we could rent, temporarily, for school purposes,  
we would be willing to do so.

Please let me hear from you further regarding  
the above suggestions.

Philip Phelan,  
Chief, Training Division.

Original on Family Allowance File

The Kitkatla school plant and general condition are bad. Seventy children are enrolled in a building that should be torn down. At best it should not seat more than 25; thirty to forty are jammed in at a session. The floors are in a dangerous condition and the walls and ceiling very poor. In cold weather the building is damp and drafty and it is almost impossible to heat the building, which is in charge of one teacher. Parents have refused to allow children to attend in bad weather, attendance being in their stated opinion a risk to the children's health. In this statement, I am compelled to concur.

It is urgent that this school be replaced with a modern two class-room building, including teacherage, and provision for a dispensary and Field Matron's quarters.

Mr. Indian Agent Gillett has submitted the attached surveys in connection with the school age and pre-school age children at the Kitkatla, Kincolith and Greenville villages. It would appear from the information supplied that it will be necessary in a few years to provide two classrooms at each of these villages.

I took the liberty of supplying the Kitkatla school with floor oil for sanitary reasons. There are a number of cases of tuberculosis at Kitkatla and the school is very dusty. I considered that the oil would eliminate this menace to a great extent.

I am forwarding Mr. Indian Agent Anfield's letter of August 30th, and enclosures referred to therein, in connection with the proposed acquisition and conversion of an ex R.C.A.F. loxstave building for Indian Day School use at Kitkatla, together with a memorandum dated September 3, from District School Inspector, Davey, in this connection.

You will note that the building will cost \$1,050. and that Mr. Anfield estimates that it will cost approximately \$3,000. more to prepare it for use as a school. It is considered that the agent's estimates are low but, even should the estimated cost be exceeded by 50%, the use of the building would represent a considerable saving over new construction.

Mr. Davey in his memorandum points out that the proposed new construction at Hazelton cannot likely be proceeded with this year and funds allotted for this project might be used to meet our requirements at Kitkatla.

Mr. Anfield's proposal is recommended for favourable consideration and I should appreciate an immediate decision in order that the contractors with whom Mr. Anfield has been negotiating may be advised accordingly.

RE: Kitkatla School

This school is very overcrowded and in addition is very old and extremely dilapidated. Estimates for 1947-48 included items for a new school. These have been repeated for the fiscal year 1948-49. There is a need for at least a two roomed and possibly three roomed school for this village. To date one teacher, Mrs. Nellie Campbell, has been appointed for this school. She arrives in Prince Rupert on August 30th and arrangements are being made to take her to Kitkatla next week.

In Kitkatla there is a real need for a medical dispensary and nursing station, with quarters for a nurse or village matron. Items to cover this construction have been placed in the current medical estimates. The Indian Health Services have authorized a radio phone installation for this village. It is obviously impossible to get materials for a new school this fall and consideration is requested to the following plan, which may solve the temporary school needs of this village.

- (1) There is available at Group 4, ex R.C.A.F. Camp, Prince Rupert, a logstave building 76 x 24 x 10, 4. Specifications of this building are attached herewith. The prices of same, as is, where is, being \$1,050.00
- (2) I have inspected this building very carefully inside and out and have secured the following bids on the dismantling and removal of same. The cost of taking down and rebuilding at Kitkatla - \$800.00; cost of transporting material to scow, loading same and transporting to Kitkatla and unloading there approximately - \$1,450.00, though the outfits contacted are unable to give a firm bid at this time, as it is almost impossible to know exactly how long the scows may have to remain on charter.

Page 2.

- (3) The cost of new equipment including stoves, cupboards, blackboards and a coat of paint in the interior will cost approximately \$500.00. To this should be added \$200.00 for a Barrett roof.

560 The total cost of putting this building into operation as a two roomed school at Kitkatla should not exceed \$4,000.00. The building is only three years old, it cost the Government \$7,000.00 to erect and the loss on demolition of this type of building should not exceed 4%. Attached please find two snaps of the building in question. Contractors demolishing Group 4 agree to give us ten days in which to accept or reject this building. It is considered that this would be a good buy from every point of view. The building has a life expectancy of at least twenty years and it would be readily convertible to a nursing station, combined with quarters for field matron and two teachers, should the Department later decide to build a modern school at this village. It should be remembered in considering the urgency of the needs at Kitkatla that during the past two years only senior grade children have been able to go to school in this village. It was suggested last year that the Church Army Hall be converted for temporary use as a class room. This is no longer possible, as last winter storms weakened this building to the place where it is now propped up with poles and would be unsafe for a school.

Consideration of the purchase and re-erection of this building #12 is recommended. If the plan is not feasible for financial reasons, would you please advise at once so that the contractors may be given an opportunity to dispose of it forthwith.

MEMORANDUM.

To: The Indian Commissioner  
From: Inspector of Indian Schools.

I refer to Mr. Indian Agent Anfield's letter dated August 30th, 1947, in which he proposes the purchase of a building of loxstave construction at Prince Rupert for use at Kitkatla for school purposes. There has been considerable correspondence on the need for further accommodation at the point, and in February of this year, when I visited the school, I noted that it was impossible to accommodate all of the pupils, the beginners and Grade I pupils being excluded. It seems improbable that this need can be met by ordinary methods for some time, and the use of this building will relieve the situation for a considerable period. In a report dated July 2nd, 1946, Mr. Anfield stated that there were 75 children of school age who should be accommodated in the Day School in the 1946-47 academic year. He also stated in the same report that the foundation of the present school was in fair condition. This building could be used to accommodate a third class if necessary.

Mr. J.M. Wardle, Director of the Surveys and Engineering Branch, in a report dated November 10th, 1946, on similar buildings at the Port Hardy Camp, stated that it was practical to transport these buildings within a radius of sixty miles. The distance from Prince Rupert to Kitkatla is well within this limit.

The estimate of \$4000. for this work seems to be rather small, but the use of the building would represent a considerable saving over new construction, which, under the present condition of shortages, is impossible.

Although no funds have been allocated for this work, it might be possible to divert some of the money intended for the construction of the new school at Hazelton, which cannot be undertaken this year.

I recommend that the purchase of this building be authorised subject to Mr. Anfield securing the services of a contractor to dismantle, transport and re-erect the building at Kitkatla.

AIR MAIL

Ottawa, October 4th, 1947.

Major D.M. MacKay, Indian Commissioner,  
P.O. Box 70, Vancouver, B.C.

We have for acknowledgment your letter of September 16th enclosing memorandum from the Surveys and Engineering Branch with reference to utilizing certain buildings at the Port Hardy Military Camp.

We also received your letter of September 4th recommending an expenditure of \$4,050. in order to purchase a loxstave building and move same to the Kitkatla Reserve for school purposes.

In our letter of July 10th you were advised that an amount of \$26,000. had been allotted for utilization of the buildings at the Port Hardy Camp and at that time we forwarded to you a copy of our memorandum of June 30th with reference to the schools that we were informed could be erected from the materials salvaged from Port Hardy. Attached is a statement indicating the situation as we see it now.

You will note that we have actually allotted an amount of \$47,500. and in view of the increased cost at Alert Bay over the amount estimated, we are inclined to feel that the estimated expenditure at the other proposed schools will be over the original estimate.

With the above in mind we have hesitated authorizing the purchase and moving of the loxstave building.

It is possible that you do not propose to build all the buildings mentioned in the attached statement. If so, and if there is an amount of \$4,050. available from the total mentioned on our statement, we have no objection to you proceeding with the Kitkatla project.

AIR MAIL

Ottawa, October 30, 1947.

Major D.M. Mackay, Indian Commissioner,  
P.O. Box 70, Vancouver, B.C.

We have your letter of the 28th instant, file 6-11-3 with reference to the erection of buildings at the Alert Bay Day School as a result of securing camp buildings from Port Hardy Military Camp.

We note that the cost at Alert Bay will amount to approximately \$25,000. and arrangements will be made to forward you an additional accountable cheque for \$5,000.00.

As mentioned in your letter, the cost of the buildings at Alert Bay will be considerably more than the original estimate. However, the main fact to keep in mind is our letter of October 4th, 1947 in which you were advised of the total amount allotted for new buildings in British Columbia this year. The total mentioned in that letter cannot be exceeded but outside of that feature, we are quite prepared to be guided by any recommendations that you make.

I might add that we have submitted the contents of your letter of October 18th regarding Aitkalia to the Deputy Minister. We have not yet received his reply but when this reaches us we will communicate with you immediately.

Memorandum:

DEPUTY MINISTER

Re: Kitkatla Indian Day School,  
Skeena Indian Agency, B.C.

EXD.  
A.

The Kitkatla school is in very bad condition and we have received a report from Indian Commissioner Mackay suggesting that the following action be taken:

- (1) The purchase of a locstave building 76x24x10 from the R.C.A.F. camp at Prince Rupert \$1,200.
- (2) Removing building from present site, shipping and re-erection by Northwest Construction Company \$2,600.
- (3) Purchase of desks, blackboards and other equipment and miscellaneous expenses \$ 466.

Total expenditure - - - - \$4,266.

Owing to the fact that we have not been able to erect other Indian day schools in British Columbia this year, funds to the above amount are available in the current year's appropriation.

I would, therefore, appreciate it if you would approve Indian Commissioner Mackay's recommendation to use the amount mentioned above in order to provide a proper school on the Kitkatla Reserve.

With reference to Mr. Neary's letter of October 4th and correspondence from Mr. Indian Agent Anfield in connection with the proposed purchase and re-erection of a loxstave building for school purposes at the Kitkatla Reserve, Mr. Anfield has now secured firm bids from Messrs. Spies and Mackling and North-West Construction Company covering purchase of the building and its removal and re-construction at Kitkatla.

The Agent's letter of October 15th and enclosures referred to therein are attached hereto for your information. It is regretted that the proposal has now become somewhat confused in that the Agent's original submission was for the purchase, removal and reconstruction of a building to provide two classrooms, whereas the plan prepared by North-West Construction Co., submitted herewith, shows one classroom with living quarters, which in my opinion, are unnecessary as we already have accommodation for the teachers at Kitkatla. I am today writing to Mr. Anfield for clarification of the proposal and am prepared to recommend approval of the project if the construction of the loxstave building is such that it can be converted to provide two classrooms.

With regard to the question of funds, and referring to the list submitted with Mr. Neary's letter above-referred to it is not anticipated that we will be able to take advantage of the funds provided for school construction at

Hazelton this year, nor does it appear that construction at Seabird Island will be proceeded with unless a contract can be let.

Under the circumstances it is reasonable to suppose that use of \$5,000 of the \$47,500 allotted to the Province for the construction of a school at Kitkatla will not interfere with construction which we would otherwise be able to carry out.

I should appreciate therefore authority for Mr. Anfield to proceed with his proposal on the understanding that the cost will not exceed the amount mentioned in his letter of October 15th, namely \$4266.00 and that the building will provide two classrooms.

A reply by airmail would be appreciated.

The owners of the building will allow 72 hours only to decide purchase, as they are finishing up their work and will be leaving soon.

It is planned to use chairs and tables for the older children and the new ones will be put in the junior room. The increased cost is due to (a) rise in price of all materials and increased wages, (b) building brick chimney, toilets and the two porches which are considered essential.

Will you please put this before the Department for immediate decision with particular reference to purchasing the building. The North-Western Construction Company will start operations on November 8th if approved. The job will take one month in all.

Dear Sir:- Re the material off Building # 16 as quoted for \$1200.00

The material will be supplied all ready to load beside the road, as follows. All the material taken out of said building 24x76 except the plywood which was very little value and has been destroyed and less Gyproc wool which we can purchase for you at \$80.00 for the quantity required.

Will supply 18 extra rafters, 21 feet boards for the ~~roof~~ roof to replace the plywood, 4000' Gyproc lath, all doors, windows etc etc that were in said building.

Will also supply enough Loomex and Elec Globes to be equivalent to the original set up.

50' feet sidewalk will also be supplied No Charge. This will give you a double floor, and you should be able to complete this building with this material.

This price to be open for a few days only.

Kitkatla Indian Day School

We would appreciate receiving a short report as to the progress being made with the moving and conversion of a Loxstave Army building for use as a day school.

We have noted your visits to this project in your diary and when work is completed we would like to receive

- (a) photographs of the building,
- (b) a floor plan of the building as finally divided.

Re your letter of January 7th, 1948, file 168-18-5, re the Kitkatla Indian Day School. The building has now been completed and turned over to the Department. Blackboards have been purchased and installed but opening of the building as a school is delayed pending delivery of a heating stove which item is very difficult to obtain just now.

It will not be possible to paint the interior of this building until it is thoroughly dried as the job was done during the wettest part of the winter and all materials conveyed to Kitkatla on an open scow and piled adjacent to the site during some of the worst storms we have had for many years. As a result of the weather, the gyproc lining dampened considerably as did other material and it is inadvisable to paint the interior for some weeks to come.

On my next visit to Kitkatla I will photograph this building and send snaps with a floor plan as requested.

Re: Kitkatla School Building

I have to refer to your letter of December 30th and previous correspondence in connection with the contract covering the purchase, removal and re-erection of a 76 x 24 loxstave building at Kitkatla for school purposes. Your voucher in favour of the North west Construction Company is returned herewith as the account does not conform with the construction Company's contract, and although I realize the Company is not in any way to blame and the necessity for delaying payment of their account is regretted, I feel that it would be advisable for Messrs. Spies and Mackling to make an adjustment with the Northwest Construction Company in connection with insulation costs.

I also feel that Messrs. Spies and Mackling should make an adjustment with the Northwest Construction Company for the additional materials required and supplied to increase the length of the loxstave building from 60 feet to 76 feet. We are in a position to take a firm stand insofar as Messrs. Spies and Mackling are concerned as the building supplied was not in accordance with their tender, being 16 feet short and not a standard loxstave. It would not be unreasonable to require Spies and Mackling to reduce the amount of their bid to us by \$741.67, being the cost of additional materials supplied by the Construction Company, and the difference between the cost of second hand insulation material and new material, \$310.00. We could then make a reasonable settlement with the Northwest Construction Ltd., but if this proposal is not satisfactory to Spies and Mackling they can make their own adjustment with the Construction Co., and both companies should be required to give written evidence of satisfaction with respect to any agreement reached. In your further report you might advise what action was taken to ensure that the building supplied by the Company was the one originally agreed upon.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

Attached please find Voucher #1324 in the sum of  
\$2,690.00 being made up as follows:

|            |   |                   |   |                   |
|------------|---|-------------------|---|-------------------|
| Contract   | - | \$2,500.00        | - | to erect building |
| Insulation | - | 390.00            |   |                   |
|            |   | <u>2,890.00</u>   |   |                   |
| Less       |   | <u>200.00</u>     | - | credit on towing  |
|            |   | <u>\$2,690.00</u> |   |                   |

This account is in order for payment, with the following explanations:

An item of \$80.00 was included in the estimate for purchase of used insulation for this building. When we came to get it, the insulation had been sold and rather than delay the job I instructed the North West Construction Company to buy it and proceed. This was done at a cost of \$390.00. To help meet the cost of this material I arranged for Indians to tow the scowload of material for the building to Kitkatla and the North West Company allowed a credit of \$200.00 for this service. This leaves a sum of \$190.00, which is chargeable to the total Vote of \$4,266.00 for this school. I intend to debit the account of Spies and Mackling for part of this sum as they agreed to see that the used insulation was available.

I went over this building at Kitkatla yesterday and having in mind the difficulties of construction, believe that we have a strong and warm building which will fully meet the needs of the school for some time to come. I arranged for the moving of desks and equipment into the new building in which we have put a temporary stove to dry it out. The blackboard and a new stove will be shipped out as soon as present stormy weather abates. I would anticipate that school could start by the end of January next. Would you ask the Department to

Your File 168-18-5 (WT)

With reference to Mr. Neary's army signals' message of November 5th advising that approval had been secured for an expenditure up to \$4,266 for the provision of a two classroom school at Kitkatla, I am enclosing Mr. Indian Agent Anfield's letter of December 20th and Skeena River voucher No. 1324 in the amount of \$2,500 payable to the North-west Construction Company, covering the removal and re-erection of a loxstave building at Kitlatla in accordance with their tender. This is not the voucher referred to in the Agent's letter, it having been returned to him for amendment, reference my letter of January 12th to Mr. Anfield, a copy of which is attached.

You will note from the correspondence attached that the vendors did not supply a 76 ft. loxstave building but a 60 ft. building, and that the construction company provided loxstave material to complete the structure in accordance with their contract. This will obviously necessitate some adjustment between the vendor and the construction company but inasmuch the Department has a two classroom building 76 x 24, completed in accordance with the construction company's tender in all respects, I feel that their account should be passed for payment and I would so recommend and would ask that the cheque be forwarded to them by air mail as requested by Mr. Anfield.

With regard to the account of the vendor, Messrs. Spies and Meckling, I have no doubt that they will be able to make some adjustment with the Northwest Construction

December 30th, 1947.

Major D.M. MacKay, Indian Commissioner for B.C.,  
Vancouver, B.C.

Attached please find Voucher #1324 in the sum  
of \$2,690.00 being made up as follows:

|            |   |                   |                     |
|------------|---|-------------------|---------------------|
| Contract   | - | \$2,500.00        | - to erect building |
| Insulation | - | 390.00            |                     |
|            |   | <u>\$2,890.00</u> |                     |
| Less       |   | 200.00            | - credit on towing  |
|            |   | <u>\$2,690.00</u> |                     |

This account is in order for payment, with the  
following explanations:

An item of \$80.00 was included in the estimate  
for purchase of used insulation for this building. When we  
came to get it, the insulation had been sold and rather than  
delay the job I instructed the North West Construction Company  
to buy it and proceed. This was done at a cost of \$390.00  
To help meet the cost of this material I arranged for Indians  
to tow the scowload of material for the building to Kitkatla  
and the North West Company allowed a credit of \$200.00 for  
this service. This leaves a sum of \$190.00, which is  
chargeable to the total Vote of \$4,266.00 for this school. I  
intend to debit the account of Spies and Mackling for part  
of this sum as they agreed to see that the used insulation was  
available.

I went over this building at Kitkatla yesterday  
and having in mind the difficulties of construction, believe  
that we have a strong and warm building which will fully meet  
the needs of the school for some time to come. I arranged  
for the moving of desks and equipment into the new building  
in which we have put a temporary stove to dry it out. The  
blackboard and a new stove will be shipped out as soon as  
present stormy weather abates. I would anticipate that school  
could start by the end of January next. Would you ask the  
Department to forward cheque to North West Construction Co.,  
by air mail

Your File 168-18-5 (WT)

With reference to Mr. Neary's army signals' message of November 5th advising that approval had been secured for an expenditure up to \$4,266 for the provision of a two classroom school at Kitkatla, I am enclosing Mr. Indian Agent Anfield's letter of December 20th and Skeena River voucher No. 1324 in the amount of \$2,500. payable to the North-west Construction Company, covering the removal and re-erection of a loxstave building at Kitkatla in accordance with their tender. This is not the voucher referred to in the Agent's letter, it having been returned to him for amendment, reference my letter of January 12th to Mr. Anfield, a copy of which is attached.

You will note from the correspondence attached that the vendors did not supply a 76 ft. loxstave building but a 60 ft. building, and that the construction company provided loxstave material to complete the structure in accordance with their contract. This will obviously necessitate some adjustment between the vendor and the construction company but inasmuch the Department has a two classroom building 76 x 24, completed in accordance with the construction company's tender in all respects, I feel that their account should be passed for payment and I would so recommend and would ask that the cheque be forwarded to them by air mail as requested by Mr. Anfield.

With regard to the account of the vendor, Messrs. Spies and Meckling, I have no doubt that they will be able to make some adjustment with the Northwest Construction Company but if not consideration can be given to this problem at a later date when their account is received.

Re: Kitkatla School Building

I have to refer to your letter of December 30th and previous correspondence in connection with the contract covering the purchase removal and re-erection of a 76 x 24 loxstave building at Kitkatla for school purposes. Your voucher in favour of the North west Construction Company is returned herewith as the account does not conform with the construction Company's contract, and although I realize the Company is not in any way to blame and the necessity for it would be advisable for Messrs. Spies and Mackling to make an adjustment with the Northwest Construction Company in connection with insulation costs.

I also feel that Messrs. Spies and Mackling should make an adjustment with the Northwest Construction Company for the additional materials required and supplied to increase the length of the loxstave building from 60 feet to 76 feet. We are in a position to take a firm stand insofar as Messrs. Spies and Mackling are concerned as the building supplied was not in accordance with their tender, being 15 feet short and not a standard loxstave. It would not be unreasonable to require Spies and Mackling to reduce the amount of their bid to us by \$741.67, being the cost of additional materials supplied by the Construction Company, and the difference between the cost of second hand insulation material and new material, \$310.00. We could then make a reasonable settlement with the Northwest Construction Ltd., but if this proposal is not satisfactory to Spies and Mackling they can make their own adjustment with the Construction Co., and both companies should be required to give written evidence of satisfaction with respect to any agreement reached. In your further report you might advise what action was taken to ensure that the building supplied by the Company was the one originally agreed upon.

Re your letter of April 3rd, 1948, file 168-18-5 (E.1), in connection with the Kitkatla Indian Day School, I would advise that Mr. Inspector R. F. Davey of this Department photographed the new Kitkatla School on his recent visit to Kitkatla April 12th. I am sure that Mr. Davey will be forwarding photographs of this structure to the Department with his report.

With further reference to the Department's request for a picture of the new Kitkatla School, attached please find photograph taken just as the job was completed as far as construction is concerned. The exterior of the building is still to be painted and also part of the interior. When some money is spent on clearing around these premises, and the exterior painting is done in cream and green, this will be a very attractive building from the outside.

I also enclose a floor sketch of the building showing the partitioning of the school and living quarters.

Re: Kitkatla Indian Day School

We have had considerable correspondence with Superintendent Anfield regarding the above-mentioned school building, half of which apparently was occupied by the Indian Health Services nurse last year, school being conducted in the other half of the building and the old classroom building. Although Mr. Anfield suggested that the arrangement with regard to classroom accommodation should be continued this year and the half of the building occupied by the Indian Health Services converted for use as a teacherage, this office did not agree with the proposal in view of his comments on many previous occasions with regard to the condition of the old classroom.

It has been decided that it would be preferable to complete this building which was constructed last year at a cost of \$4266.00 for use as two classrooms and to carry out minor repairs to the United Church Mission House to accommodate the teachers. Superintendent Anfield's letter of August 9th in this connection is enclosed and I would recommend the Department endeavour to make funds to the extent of \$960.54 available and that \$601.00 of this amount be forwarded to Mr. Anfield to meet labour costs. While this is quite a large expenditure we will, following completion of the work, have a satisfactory two room school for approximately \$5100.00.

Memorandum:

DEPUTY MINISTER

Re: Kitkatla Indian Day School,  
Province of British Columbia.

You will recall that last year we moved and re-erected a logstave building formerly used by the Army, at the Kitkatla Indian Reserve.

Last year we opened one class room in this building and have successfully conducted school during the last winter.

We would now like to open a second class room, to paint the exterior of the building and to clear a playground around the building. We have obtained the following summary of expenditure from our Indian Superintendent, Mr. Anfield, at Prince Rupert:

Summary of Expenditure

Mr. School Inspector Davey has recommended this project and Mr. Indian Commissioner Arneil has recommended that the Department approve an expenditure of \$960.54 in order to carry out the necessary repairs and alterations.

If this expenditure is approved, it will mean that we will have provided a satisfactory two room school at Kitkatla for approximately \$5,100.00.

It is recommended that you concur in the expenditure of \$960.54 in order to carry out these repairs and alterations.

Re: Repairs - Kitkatla Indian Day School

With reference to Supt. Anfield's letter of March 29th and enclosures attached, repairs required to the above-mentioned school building as detailed will cost approximately \$310.00. I would recommend that an expenditure of this amount be approved and that \$150 be advanced to Mr. Anfield to meet labour costs.

Re: Kitkatla Indian Day School

Attached please find 37A and bids on material required for repairs to the Kitkatla Indian Day School in the ensuing fiscal year. These are submitted in compliance with a circular from the Department asking for lists of material required for school repairs as early as possible in the fiscal year.

The Kitkatla School requires a coal storage shed. Up until now we have tried to keep the coal and fuel for this school underneath the building but it is an unsatisfactory system and a proper shed under lock and key is essential.

It is also necessary to carry out considerable repairs on the school toilets, which suffered severely under the heavy gales of the past winter.

Purchase of this material is recommended and an accountable advance for \$150.00 for labour requested.

OFFICE OF  
INDIAN AGENT

168-18-8  
Prince Rupert, B.C.  
Dec. 1st. 1930

Sir:-

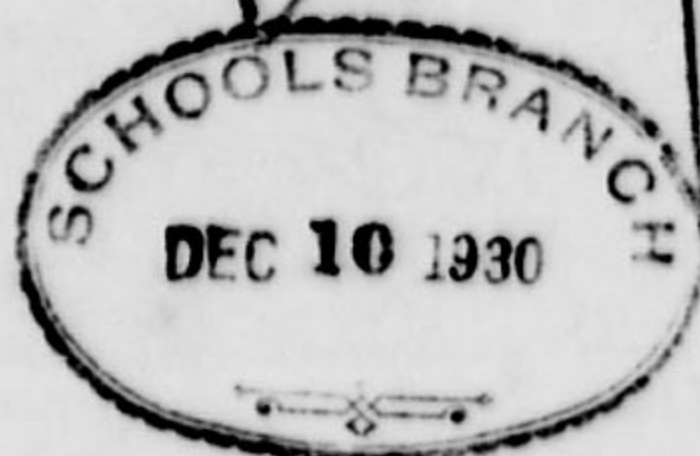

I beg to confirm my telegram of even date as follows-  
" Kindly authorize purchase by tender kitchen and livingroom stoves six common chairs, eleven window blinds and linoleum for teachers residence Kitkatla stop Approximate cost two hundred and fifty dollars stop Kindly wire if approved as wanted immediately. "

Having recently returned from Kitkatla Indian village, I was informed by the foreman in charge of construction of the teacher's residence that it will cost a further \$250.00 before the house is completed and ready for occupation. The extra expenses are incurred for the following items-

|                               |                 |
|-------------------------------|-----------------|
| Finishing new building        | 100.00          |
| Pulling down old missionhouse | 50.00           |
| New wood and coal shed        | 40.00           |
| Toilet                        | 20.00           |
| Water tank                    | 30.00           |
| Box drains                    | 10.00           |
|                               | <u>\$250.00</u> |

The building appears to be very satisfactory and has been well put up. All the outside doors and window facings etc. have received one coat of paint to protect them from the weather. I would recommend that the whole building be given another coat of paint next summer when weather conditions are better.

As far as the old mission house is concerned, the building is very old, and no use could be made of the windows or doors. The house must be over thirty years old. The best part of the old

lumber will be used in the erection of the coal shed, construction of box drains, and plank walks around the building.

It will also be necessary to partly furnish the new building, and in this connection I would recommend the purchase of the following, as per my wire to the Department.

Sir:

I have your letter of the 13th instant, with reference to the erection of a teacher's residence at Kitkatla, for which authority has already been granted you to have this work carried out.

In this connection it is noted that the only available site for this house requires clearing and that you recommend that a small bedroom be added to the original plan to provide accommodation for the teacher's family. The Department will approve of an expenditure not exceeding the sum of approximately \$500 to cover the cost of this additional room and the clearing of the ground, which will make a total of approximately \$2,800 for the construction of the building and clearing of the land, and the Department will be pleased if a saving in this amount can be effected. You will be forwarded under separate cover accountable cheque No. 1759 for \$1,000 to pay the cost of the labour employed on this work, and this should be accounted for by time sheets, in duplicate, covering the amount paid by you from this advance to the individual labourers employed.

Prince Rupert, B.C.,  
June 18th, 1930.

Sir:--

With further reference to the erection of a teacher's residence at Kitkatla, for which authority has been given by the Department, I beg to state that on further consideration of the plans, copy of which was forwarded to the Department, I beg to recommend the addition of another small bedroom for the accommodation of the teacher's two children, which is very necessary.

The only available site for the house will need clearing and I think an extra \$500.00 will cover both cost of additional room and clearing of ground.

The plan and estimate submitted to the Department had been prepared by Mr. J. Mitchell of Prince Rupert, who superintended the erection of the Massett Day School in 1925 and had also carried out repairs to the school building at Kitkatla two years ago and therefore is well acquainted with conditions at that place. I will however, interview Mr. W.J. Greer as requested, with regard to the building of the residence.

To expedite matters I shall be glad to receive an advance of \$1,000.00 so that work may be put in hand at the earliest opportunity.

Sir,-

Referring to your letter of July 27th of last year with reference to the proposed teachers' residence at the Kithkatla Indian Reserve, I beg to advise you that you may proceed with the erection of this building by day labour in accordance with the plan submitted with your letter.

*Handled*  
Mr. W. J. Greer may be employed as foreman. The lumber required may be purchased from the Hansen Lumber and Timber Company and Messrs. Albert and McCaffery of Prince Rupert. Hardware may be purchased from Messrs. Howe & McFalty.

Accounts, in duplicate, for all material should be forwarded to the Department in detail, duly certified by yourself.

Time sheets are being sent you, under separate cover, and should be forwarded to the Department in duplicate for all labour employed on the work. An accountable cheque for payment of labour will be sent you on application.

It is noted that you estimate the cost of this building at \$2300.00.

Sir:

I have your letter of the 1st instant, relative to your telegram requesting authority to incur an expenditure of approximately \$250 in the purchase of furnishings for the teacher's residence at the Kitkatla Indian Day School, and also requesting authority to expend a further amount of \$250 in completing the building.

In reply I have to confirm the following telegram of the 2nd instant, relative to the purchase of equipment for the residence:

"Reference your telegram you may purchase after securing prices from suitable sources equipment for teacher's residence Kitkatla School. Do not exceed your estimate."

The Department will also approve of your incurring an expenditure of approximately \$250 in finishing the new building, building wood and coal shed, toilet, water tank, box drains and in pulling down old mission house.

After you have made purchase of the furnishings as mentioned in your letter to the amount authorized above, you should forward itemized accounts, in duplicate, properly certified, covering the expenditure incurred. You should also forward properly certified vouchers covering the advance sent you to pay the labour in clearing the site and erecting the residence, and certified accounts covering the cost of material purchased for use in erecting the residence.

Regarding your recommendation that this building be given another coat of paint next summer, I have to say that you should draw this matter to the attention of the Department next spring, stating, at that time, the approximate cost of material and labour in having the work recommended by you carried out.

Sir:-

I have the honor to transmit herewith, Returns of Labor in connection with the construction of the teacher's residence at Kitkatla Indian reserve. Vouchers Nos. 3839 and 3840 with accounts attached for blue prints and incidental expenses are also enclosed. Accounts for material were forwarded under cover of my letter dated January 10th.

As will be seen from the statement attached, the building has cost \$3,407.97, being \$157.97 in excess of the authorized appropriation. Unfortunately, this could not be avoided owing to unforeseen expenses and delays caused by continued bad weather, and the fact that the building was put up, by day labor.

The appropriation having already been exceeded, the painting of the building and bathroom fixtures have been deferred until funds are available. I would recommend that this work be done during the coming summer, if satisfactory to the Department.

The \$250.00 authorized for stoves, linoleum etc. was expended and proper vouchers will be forwarded. The house has been well constructed, and it is satisfactory to know the work is now completed as it entailed much time and trouble.

Indian labor was employed as much as possible. One copy of Mr. Scott's return of labor is enclosed for the Department's information, and I shall be glad to receive the amount due to him for wages as shown thereon- if possible by wire to the Canadian Bank of Commerce, Prince Rupert.

The Assistant Deputy and Secretary,

Dear Sir:

With reference to your letter of the 27th ultimo it is found necessary to return your voucher No. 664 in connection with supplying electricity to the Kitkatla School.

The Department was not previously aware that this building was wired for electricity. For your information I may say that it is not our practice to install electricity in any Indian day school in Canada. However, it has been decided to pay the account which you submitted but it is felt that the Kitkatla Council should be willing to supply electricity for this building free of charge in the future. Otherwise the service will have to be disconnected.

However, before paying the account it will be necessary to have more detailed information regarding the first entry on the account; namely, a charge of \$15.00. An explanation of this item should be attached to the voucher which should then be returned for payment.

Yours truly,

R.A. Hoey,  
Supt. of Welfare & Training.

Dear Sir:

I submit herewith for the Department's consideration, Voucher No. 644 in favour of Kitkatla Council for light supplied to the teachers residence (Department's Building). The \$25.00 is the charge the Council makes to all houses for supplying and installing the wire from the main line to the residence. Fifteen dollars of this amount was evidently paid by the former teacher, Mr. Goodreid, from his own funds.

These are the first bills that have been received in connection with light supplied to the teacher's residence, at Kitkatla.

It is regretted that the Council did not submit the 1940 bills last year.

Yours very truly,

April 18th 1931

Sir:-

In reply to your communication of April 11th. last, relative to the old mission house at Kitkatla, I beg to state that in the Department's telegram of September 19th, 1930, I was informed that arrangements had already been concluded with the Bishop of Caledonia for payment of \$200.00 for the old building in question, I am therefore enclosing Vo. 4026 covering this amount which I consider a fair price for the building.

Most of the material has been utilized in the construction of a woodshed and different outbuildings, none of it being used in the new residence.

Your obedient servant,

WEC, JJ

Dear Sir:

I am in receipt of your letter of the 5th instant in connection with a voucher for electricity supplied to the teacher's residence at the Kitkatla Day School.

As I pointed out in my letter of the 7th ultimo it is not our practice to install electricity in any Indian day school nor in any teacher's residence. You will remember that in a letter dated July 31, 1939, you submitted an account for wiring this building. No authority had been given for this expenditure although the account was paid.

I note that the yearly charge is \$10.10 and from January 1, 1941, this Department will only allow an amount of \$9.00 yearly for electricity for this residence. This is the same amount as was previously expended in the purchase of coaloil.

At the present time we can only consider payment of the balance of \$10.00 for installation and the charge of \$10.10 for lighting during the year 1940.

The account for the year 1941 should be submitted at the end of December and, as stated above, this Branch will only allow \$9.00. The balance will have to be paid by the teacher.

Yours truly,

Dear Sir:

With reference to your letter No. 168-18-8 of April 7th requesting more detail regarding charges for electricity supplied to the teacher's residence at Kitkatla, I wish to state that the first charge on the bill is \$10.00. This is the balance due on the Council's charge of \$25.00 for labor and material for conveying the current from the main line to the house. The material consisted of wire, poles, insulation, etc. Fifteen dollars of the stated fee was paid by the former teacher's personal funds.

Electricity is not supplied to the school but to the teacher's dwelling, property of the Department, and is a separate building some distance from the school.

Previous to this the Department provided light for the teacher by supplying coal oil which amounted approximately \$9.00 yearly.

Yours faithfully,

(Sgd.) J. Gillett,  
Indian Agent.

Prince Rupert, B.C.  
Dec. 28th, 1943.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

I enclose herewith a requisition for kalsomine, etc., to redecorate the teacher's residence at Kitkatla. Three rooms were kalsomined at the time the house was built, but they are now very dull. The dispensary was never kalsomined and only two doors were varnished.

Miss Freeman says that she is willing to do the work gratis, if the Department will supply the material.

I recommend that this be supplied. It can be purchased at Gordon's Hardware at a total cost of \$20.00

The interior of the teacher's residence at Kitkatla needs redecorating. A complete coat of kalsomine is required for the living room, kitchen and dispensary. The material that we require is listed on the attached form 37A. The prices are those supplied by Gordon's Hardware, Prince Rupert.

Miss Meier, the dispenser, is willing to do the kalsomining for \$15.00. I consider this is reasonable. It is difficult to secure any labour at Kitkatla. I recommend that the Department authorize this.

I am enclosing Mr. Indian Agent Anfield's letter of October 27th in connection with the proposed expenditure of \$64.70 for repairs to the Kitkatla Indian Day School teacherage.

This building is the property of the Anglican Church, but, inasmuch as we have paid no rent for it during the years it has been used as a teacherage, it is recommended that the expenditure requested be authorized. I may say I have discussed this matter with Mr. Anfield, who has assured me that we may have occupancy of the building during the balance of the present academic year at least, as it is not anticipated that the church will be sending a missionary to Kitkatla.

Application is made for the immediate purchase of the following for repairs to the Kitkatla teacherage, the porches and steps of which are in a dangerous condition. The entrance steps at front and back and the post office and dispensary steps are rotten, as well as the wooden sidewalks to the road:

Sir,-

I beg to refer to your report on the Kitsegukla Indian day school for the month of October which shows that the attendance is still very small owing to the fact that a number of the Indians have not yet removed from the old to the new village. I have to ask you to be good enough to state what progress is being made as this attendance has been very small now for about two years, the reason given being the same each month. Kindly report fully on this matter.

I have the honour to acknowledge the receipt of your letter, dated the 12th ultimo, referring to my report on the Kitsegukla Indian Day School for last October, which shows that the attendance is still very small owing to the fact that a number of the Indians have not yet removed from the old village to the new.

Thereby am I requested to state what progress is being made as this attendance has been very small for about two years.

In reply thereto, I beg to state that about the middle of that month (October) several families began to move to the new village. This will give that place the number of children, of school age, of 13 instead of 6 as heretofore; and the indications are favourable that that number will be augmented by more in the near future. The process of taking up the new settlement has been much slower than I, at first, anticipated, but hope that ere long patience will be rewarded in this respect.

I have the honour to be,

Mr. Inspector Green in his report on the Kitse-

~~189843/6~~

An effort should be made to induce the members  
of this band who still live in the old village to follow  
their friends to the new village, and settle there,  
where there is a splendid site, good land for garden pur-  
poses, and where the children could derive some benefit  
from the school. I am of the opinion that the Indian  
Agent can greatly assist in this if he will try.

number of Indians of this band who live in the old village.

It is sometime now since the Department has

every influence you can to induce the members of the

conditions are more favourable and where there is school  
accommodation.

Sir,-

With regard to the Departmental letter, dated the 27th of February, last, in the matter of remunerating Miss Edgar (Mrs. Mary Anne Edgar) of New Kitsegukla for the maintenance of four Indian girls, who are kept in residence there owing to the fact that they live too far distant from the school to attend; and stating that the Department were <sup>not</sup> prepared to pay \$5.00 per week, but would allow that sum per month for the care of each of these children, and to submit a voucher at the end of the quarter for the months of January, February and March, last, and voucher No. 79, for \$60.00, followed, and the payment to Mrs. Mary Anne Edgar by cheque, I have the honour to state that I was requested to ask of the Department to likewise have extended that allowance for the current quarter, for the months of April, May and June, inclusively.

In regard thereto, I would respectfully recommend that this request be granted, since this school (Kitsegukla) has of late been making great improvements, and out of consideration that the Revd. Geo. Edgar and family are very deserving of consideration, not only in the respect of conducting the school, but the good work amongst the Indians of that settlement in general.

Referring to the matter of remunerating Miss Edgar, teacher of the New Kitsejukla school, for the maintenance of four Indian girls who are kept in residence by her owing to the fact that they live too far distant from the school to attend, I beg to say that the Department is not prepared to pay \$5.00 per week, but will allow that sum per month for the care of each of these children. If this is satisfactory you may submit a voucher at the end of the quarter for the months of January, February and March. This with the help that she should receive from the parents ought to compensate her for the work involved.

Sir,-

Regarding the Departmental letter, dated the 19th of September last, in that Mr. Inspector Green in his report on the Kitseguikla Day School stated that Miss Edgar is maintaining two Indian girls whose parents live too far away from the school for them to attend, and considers that some allowance should be made for their board, and whereupon I am asked to let the Department have a report on this matter, with recommendation as to what allowance I would think should be made Miss Edgar, I have the honour to state the following, to wit:-

The said report should have read that Mrs. Mary Anne boarded and cared, under the conditions named, for four (4) girls, namely:-

Fanny Wesley 8,  
Maria Wesley 10, Betsy Brown 11, and Selina Brown 9 years of age, respectively, which in the instance may be arranged to come into force, @ \$5.00 per week each, since the 11th of October, last; this being the date whereupon the Health Officer, Horace C. Wrinch, M.D., gave permission to re-open this school as having passed the late measles period.

In this connection I can conscientiously recommend the payment to be arranged for at that rate. Revd. Geo. Edgar and family are poor but very worthy people, and do a considerable lot of good amongst the Indians in general. In this instance, Mrs. Mary Anne Edgar cares for the aforementioned four girls as if they were her own daughters, and the charge of \$5.00, for each, for board, lodging, inclusive of washing and mending their clothes, and with other incidental concerns, I consider fair and just under the extremely high cost of subsistence here.

I have the honour to be,  
Sir,

Sir,-

With reference to Departmental letters, dated the 26th of September, last, and the 12th ultimo, regarding to the removal of the Indians from the Old to the New Kitsegukla village, with the request of my report thereupon, I have the honour to state the following in connection therewith,

to wit:-

For the last 17 years have I incessantly been working on finding ways and means whereupon to effect this purpose, but with very poor results, though one family, since the receipt of the former cited letter, has been making that move.

Though for nearly a quarter of a century among these people, I have not early enough made use of the experience that instead of coaxing, had I made the dictum:-

"You must not get upon the New Kitsegukla Reserve, it is forbidden ground," the result would have been as by magic in the perverse order, and would have had them crawling there over night. This can be instanced in the case of Andimaul becoming established. There, about 14 years ago I discouraged the Indians all I could. So soon as they heard of my leaving for a visit to Fort St. James, the people of Old Kitsegukla took down as many as a dozen houses, and rafted them thither, even at night, and Andimaul had become, with others of Kitwanga and Kitwankool joining, a fixture upon my return. I incline to the opinion that upon garden produce becoming more of steady demand, the worthless land about the old village will in the near future become, in toto, exchanged for the fertile soil of the new settlement.

Sir,

Dear Sir

I am sending you these reports for  
one quarter.

For you to see of what I have done for these  
Indian girls.

This is the first time that the Hitzegukla  
children ever learned.

And I am glad <sup>to say</sup> that they have done  
so well during this quarter.

And I am sorry that I did not report  
these last two quarters for I did not know

Sir,-

With reference to Departmental letter, dated the 5th of June, last, regarding allowances made to Mrs. Mary Anne Edgar, of the Kitsegukla Indian School, and stating that the Department will continue the grant for the maintenance of children (4) at the rate mentioned, according its advice by that of 27th of February 27th, last (\$5.00 pro month, each) and to submit<sup>a</sup> voucher at the end of the quarter, I have the honour to report that it was represented to me that instead of the former 4 pupils, as heretofore, it had come about that since the holidays, and in the current quarter from the 1st instant, a change to six (6) (4 girls and 2 boys) pupils, for reasons previously stated, to depend for maintenance of Mrs. Mary Anne Edgar, to wit:-

| girls:-        |                          |                   |    | age |
|----------------|--------------------------|-------------------|----|-----|
| Betsy Brown,   | daughter of Isaac Brown, | Old Kitsegukla,   |    | 14. |
| Fanny Brown,   | "                        | " Alick Brown,    | do | 14. |
| Eva High-gems, | "                        | " Paul High-gems, | do | 10. |
| Rebecca Good,  | "                        | " Jimmy Good,     | do | 10. |
| boys:-         |                          |                   |    |     |
| Moses Brown,   | son                      | of Alick Brown,   | do | 12. |
| Eddie Brown,   | "                        | " Isaac Brown,    | do | 10. |

For reasons of expedient urgency in this matter, and the good effect the better training, and general good influence this Mission affords both communities, I here beg to recommend that the slight additional allowance, thus accrued, would be granted.

I have the honour to be,  
 Sir,  
 Your obedient servant,

Dear Sir,

453991

I am sending  
you the last quarterly report.

I hope that it will be all right.

Last year I had six girls, but now I have only four girls  
and two boys. The two girls I had last year are here again  
and I am glad to say that they have done much better  
than how they were before.

The boys are doing well too. They are taught the out-side  
work by my husband and the boys. They are taught  
to pile wood up nicely and to get the kindlings ready  
for use at any time here and in their own home.

One boy that stayed with us, age twelve years. When he  
went home, his parents were far pleased when they saw  
how he acted, and the way he tended to the things  
and obeyed his parents.

The school children are learning well and are  
making excellent progress.

I am yours sincerely,

Mrs Mary Ann. Edgar.

REPORT OF INSPECTOR P.H. CAIRNS ON THE KITSEGUKLA SCHOOL.

Schools affairs are in an unsettled condition. Most of the children- people are returning to Old Kitsegukla. It looks now as though this Mission would do better in Old Kitsegukla, where most of the people and children now dwell.

An Indian woman came to me and at the time of my visit and reported that the Indians of New Kitsegukla were prepared to give ten or fifteen acres of good land if the Department would establish a boarding school to accommodate the children of both Old and New Kitsegukla..

Sir,-

I have the honour to state that regarding the six(6) pupils, attending the Kitsegukla Indian Day School, and for that purpose are in residence and keep at the Mission there, and for whom each the Department at present makes the allowance of \$5.00 pro month, I have been requested by Mrs. Mary Anne Edgar to ask if something additional thereto for each of such pupil could be procured, to make it include the current quarter, and at which request Horace C. Wriach, M.D., in charge of the Methodist Missions in these upper parts of the Skeena, joins.

In support thereof, I can state that in the premises the said pupils are extremely well taken care of, and for their use much of larger clothing is being remodelled and fitted; and by Mrs. Edgar the children are regularly being bathed, and those of the girl pupils (4) are being trained in house-keeping and other domestic science.

In view of the high prices of provisions prevailing, I beg to recommend that an additional allowance of at least \$1.00 per each pupil (6) pro month may kindly be granted.

I have the honour to be,

Sir,

Enclose you will find another Report  
for this quarter ended March 31st.

And you will see for yourself the working diary with  
Kijegukla Indian Day School.

I sincerely hope it will be done satisfactory.

These children are far better than they did when they were  
first taught.

And it pleased me to see them anxious to learn, as well as attending  
school.

Their parents proved that they are learned, because when they  
go home to them. These learned children do their duty at their  
own home. as how we taught them. And their parents are pleased  
in their progress.

Every other evening. I talked to them on the subject of how  
they should treat themselves. from the Hygiene. and of how  
they should behave.

Sincerely yours.

Ottawa, Ontario.

Dear Sir:

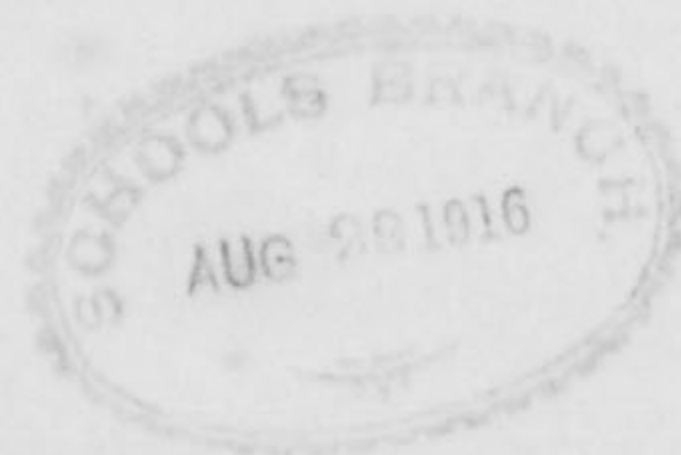

I have learned that George Edgar who has been teaching at Kitzegucla, assisted by his daughter Hanna, is quite crippled up with rheumatism and neither he nor his daughter will be able to continue teaching the school.

He is a worthy man and they have been doing work there for some years. If we were to send a lady teacher at a salary of \$500.00 would the Department favor the appointment of Mrs. Edgar as deaconess nurse to the band at a salary of \$400. The Church could then pay Mr. Edgar a small salary of about \$400.00 for what missionary work he would be able to do.

In this way we could retain their services among these people. This proposition would mean an expenditure of \$900.00 on the part of the Department. On the other hand if we were to dispose of their services we would have to provide for a male teacher at the cost of at least \$800.00.

Yours sincerely,

T. Ferrier

Rev. Sir,-

I beg to refer you to official letter of the 5th of November, last, in regard to the opening of a school at Old Kitsegukla.

In this connection I beg to say that the Department is in receipt of a communication from Mr. Agent Loring, in which he states that a Miss Wright is mentioned as a prospective teacher for this school and that some arrangements would have to be considered for securing suitable quarters for her class-room work and her residence.

This is the first intimation the Department has received of a teacher having been secured for this school and I have to ask you to be good enough to furnish full information in regard to her age, qualifications, experience, etc., Kindly state also what arrangements have been made for carrying on the school.

I have the honour to state that a letter of Rev. T. Ferrier, Brandon, Man., of the 16th ultimo and addressed to Mr. Agent C. C. Perry, was passed on to me under date of the 29th ibid., relative the change of locality of the Indian Day School from New Kitsegukla to Old Kitsegukla, and wherein I find it mentioned that a Miss Wright would be its prospective teacher, and that some arrangement would have to be considered in securing suitable quarters for her classroom work, and, if possible, for her residence, etc.

Now, because of the transport of the desks, etc., from one locality to the other, I respectfully beg to be informed whether the authority may be extended me of incurring the necessary expenses in transport of the desks, which, at a distance of about nine miles, because of a very steep hill, may have to be accomplished by rafting, or by teaming for reasons that in the former instance it prove somewhat too hazardous on account of a passage of some rapids.

REPORT OF INSPECTOR CAIRNS ON THE KITSEGUKIA DAY SCHOOL.

This school is closed. The school has not been ~~in~~  
in operation since June 30.

The people have nearly all moved back to Old Kitsegukla  
which is six miles away. There are only seven children left on this  
reserve. Five of these are of school age. I expect that two or three  
of these five will go to a boarding or industrial school.

I am informed that it has been decided to open a day  
school at Old Kitsegukla.

I received a letter from the Rev. T. Ferrier, Nov. 30th,  
asking me if I could recommend a teacher for this place.

I beg to advise you that Mr. Agent Loring has been informed that the Department has decided to discontinue that grant allowed Miss Edgar, teacher of the New Kitseguikla Day School, for the maintenance of the four Indian girls, who she kept in residence, as they lived so far away to attend the school. He has also been informed that the school at this point will be closed, as the Indians have moved back to Old Kitseguikla, where the school will now be conducted.

I have to ask you to be good enough to take the necessary steps to secure a competent teacher to take charge of the Old Kitseguikla School.

- In Application -

I have the honour to state that by Miss M. B. Wright, the teacher of the Kitsegukla Indian Day School, I have been requested to ask the Department that her present salary, at the rate of \$50.00 a month, may kindly be increased by the amount of \$10.00 a month, or \$180.00 a quarter; and since Miss Wright's letter to me in that respect is dealing solely on the subject, and believing it permissible, I beg to enclose herewith her letter of current date in support thereof.

Upon the subject under consideration I here beg to remark that Miss Wright's services are extremely valuable and suited to the conditions.

She is intensely painstaking with her work as a teacher and has the happy faculty of endearing herself not only to the pupils under her charge but to the people of the village as well.

For instance during last month (April) though a slight sickness prevailed among the children, and the distances in a few cases somewhat deterrent, her daily average attendance amounted to 16.42.

TO DATE OF THIS LETTER

Sir,

Adverting to Departmental letter dated the 8th ultimo with reference to Agent's report on the Kitsegukla Indian Day School for the month of November, last, concerning the appointment of Mr. Orchard as teacher, and the Department wishing to be informed as to the qualifications which he possesses, etc., etc., I have the honour to reply that the full name of the teacher, herein above referred to, is Ernest Albert Orchard; and that upon a close scrutiny he proved that his standard of competency as such is fully satisfactory. Also, being energetic and practical in component respects, he is well fitted for the post.

Moreover, I beg to say that Mr. Orchard holds a College of Preceptors Certificate, and has taught in the Public Schools of British Columbia. His last position was that of a substitute for a teacher (who was ill) at the Chesterfield Boys' School in North Vancouver - October-November, 1920 (Rev. Sykes, Principal.) Also, at times, he has trained scholars for High School Entrance.

Sir,-

With reference to your report on the Kitssegukla Indian Day School for the month of November, last, regarding the appointment of Mr. Orchard as teacher I beg to inform you that the Department is advised that he was appointed by Mr. Inspector Cairns. It is noted that he was to begin duties on the first of December, last. The Department has no information as to the qualifications which he possesses, other than that he would be a suitable man for the position. I shall be pleased if you will ascertain from him and inform the Department as to the qualifications which he possesses.

The salary agreed upon with the authorities of the Methodist Church, under whose auspices this school is conducted, is at the rate of \$750.00 per annum and bonus during the period it is continued to teachers in Indian day schools at the rate of \$150.00 per annum.

It is hoped that Mr. Orchard will meet with every success in his work in this school. The Department is not aware of his christian name, as in all correspondence he has been referred to as "Mr. Orchard". Kindly state his name.

Reverend Sir,-

I beg to draw your attention to official letter of January 19th, last, regarding the appointment of a teacher for the Port Simpson Indian Day School to succeed Mr. James Oliver.

I have to request that you will be good enough to state whether a teacher has yet been secured to replace him at Port Simpson. I may say that Mr. Agent Loring reports that Mr. Oliver began duties as teacher at Kitsegukla on the 3rd of January last. The Department is pleased to continue him in the service as a teacher and would like to be informed as to what salary he was promised for his services. I may say that the former teacher, Miss Wright, received \$700.00 per annum and this is all that can be allowed for the salary of a teacher at this point.

If a new teacher has been secured at the Port Simpson School you will be good enough to state the name and qualifications and also the amount of salary promised. The Department would like to have complete information regarding the teachers at both these points as soon as possible in order that it can prepare the pay-list and the amount of bonus due for the quarter ending March 31st, next.

Rev. Sir:

Replying to your letter of the 5th instant, I beg to say that the Department will approve of six months' leave of absence being granted Miss M. B. Wright, teacher of the Kitseguikla Indian Day School, in order that she can visit her home in Ireland, and will approve of the Rev. J. Smeeton acting as substitute teacher during her absence. We have wired our Agent at Hazelton, and he approves of the above arrangement. You may inform Miss Wright accordingly. We are informing Mr. Agent Hyde of our approval of the leave being granted Miss Wright and the appointment of the Rev. J. Smeeton as substitute during her absence. He will be allowed salary at the rate of \$60 per teaching month.

Dear Sir,-

Miss M. B. Wright, teacher of Indian Day School at Kitseguela, writes that sickness in her home in Ireland practically requires that she take some time off to visit her home and asks for six months' leave of absence. I would recommend that it be granted her.

Rev. J. Smeeton, B. A. is willing to accept of the position for six months, so I am informed. This man is a minister in the Anglican church. Would he be acceptable to the Department?

C., that Mr. Smeeton advised him he has accepted another position. His services will, therefore, not be available. In order to avoid delay, the agent has engaged the services of Miss Lilian Morrice, a former teacher in an Indian school in British Columbia, to teach until such time as Miss Wright, the regular teacher, returns and resumes duty. The Department has approved of the appointment of Miss Morrice, with salary at the rate of \$95 per teaching month. I trust that this is satisfactory to the church authorities.

I have your letter of the 20th instant, with reference to the salary to be allowed the Rev. J. Smeeton who is substituting for the regular teacher at the Kitssegukla Indian Day School. Your letter of the 5th instant, in which you nominated this gentleman, did not indicate that you had made any specific offer and the Department took it for granted that he was on the ground and was employed by his Church. It was considered, therefore, that a smaller stipend would be fair. I telegraphed Mr. Indian Agent Hyde for his recommendation and he stated that the substitute was satisfactory.

I beg to refer you to official letter of July 16th last with reference to the securing of a teacher for the Kitsegukla Indian Day School. The Department does not appear to have received any reply from you regarding this matter but the September quarter return of the school has just been received and it shows a Mr. Ede in charge.

In forwarding the return, Mr. Indian Agent Hyde draws attention to the fact that, previous to the opening of the school, he had not received any intimation in connection with Mr. Ede's appointment. Please let me know, as soon as possible, if Mr. Ede was nominated by you and, also, the salary which you recommend be paid. From the quarterly return submitted by Mr. Ede, it is shown that, while he arrived at the school on September 8th, he did not begin teaching until September 17th. I wish to call your kind attention to the fact  
that when Miss. Wright, the former teacher, left for her  
holidays nothing was mentioned of her resignation. I  
wrote Miss Wright and in reply she informed me she did not  
resign her position at Kitsegukla. I was very much  
surprised to see Mr. Gordon Mac, installed as teacher, the  
Department has not notified me of the change, neither have  
I had notice of the change from the officials of the United

I am sure the Department cannot be aware of this  
appointment and I therefore recommend that Mr. Mac be appoint-

allowed Miss. Wright. I have seen Mr. Mac and believe  
him to be sympathetic towards the Indians and will make a  
good teacher, his wife is a nurse and has had experience among

re: Teacher - Kitsegukla Indian Day School

Dear Sir,-

On October 8th. 1928 when forwarding the quarterly School Return of the Kitsegukla Indian Day School for September I called your attention to the fact that Mr. Gordon who had been appointed as teacher by the Officials of the United Church and so far I have not yet received from the Department a confirmation of the appointment. Will you kindly confirm same stating the salary.

Andimaul village appears to be deserted at present,  
the people being away either hunting or engaged in the  
Cedar pole industry. McName an Indian from this village  
as a camp on the other side of the river; which I visited  
but he was away at the time.

Kitwanga ref

At Kitsequekla I visited the Schoolmaster, who  
reported that everything was alright in the village at  
present. And told me that should he hear or see anything  
wrong, he would communicate with us as soon as possible.  
He was very pleased with the attendance at school and the  
general run of things in the village. They have just got  
over an epidemic of Flu in the village, without any  
deaths resulting from it.

Hazelton Detachment usually covers this reserve,  
but the trail has been impassible for a year during the  
last month or so. But it is fairly easy to reach from  
here, as long as the ice is on the river.

The trail was in fairly good shape, although the  
soft snow made it hard going for a saddle horse.

I arrived back at the Detachment at about 7.30 P.M.  
of the same date; Distance covered 24 miles

No complaints were received.

Dear Sir:

With reference to your telegram of the 23rd instant, the Department approves the temporary employment - until June 30th, next - of Mr. Irving W. Bell. Salary will be allowed him at the rate of \$95 a teaching month. It is noted that he began duties on the 12th instant.

You should inform the Church authorities that the Department considers that they should nominate a properly qualified teacher for this school, to begin duties on or about September first, next.

Mr. Bell's qualifications were forwarded in your letter of November 10th, 1930, and the Department does not consider him sufficiently qualified to be permanently in charge of this school.

My request is for a personal favour.  
Since we have no method but silence of

I have taught at Kitsoyukla for three

the Department is satisfied with my work?  
In the provincial work we have the Inspector's

As far as verbal reports go, both the Indian  
Agent and the Inspector (Capt. Barry) seem  
satisfied with my work. But I understand

With reference to your letter of December 22nd and mine of December 27th, - I communicated the contents to our officials in British Columbia. You will appreciate the fact that it is not easy to make changes involving a man who serves both as a missionary and a teacher. I understand that Captain Mortimer is not pressing for the removal of Mr. Black, and I should be glad if, under all the circumstances, Mr. Black could be allowed to continue at Kitzequcla for another year. I think that at that time, or perhaps earlier, we could make a change with a great deal more ease than is possible just now.

I am in receipt of a report from Inspector Barry regarding his inspection of the Kitsegukla Indian day school on October 18.

Mr. Barry considers that although the teacher, Rev. Bishop Black, is qualified to teach in a high school he will never make any great success in teaching elementary school work. Under these circumstances the Inspector considers that it would be in the best interests of the Kitsegukla school to make a change in the teaching services at the end of the current academic year.

I should, therefore, appreciate it if you would keep this in mind and arrange for a new teacher to take charge of the Kitsegukla school for the academic year 1939-40.

Extract for 151-15-1

Original on 151-15-6

R

Extract from Inspector Barry's report on the  
Kitsegukla Indian day school on October 18, 1938:

The report will be self explanatory.

I believe that it would be well for the Indian Affairs Branch to inform the teacher at Kitsegukla, the Rev. Bishop Black, B.A., that unless he can improve greatly the standing of his school during the present academic year, it may be necessary to request the United Church to make a change of teachers as from September 1939, or September 1940.

Mr. Black is of course the United Church Missionary at this village. The fact that he has a B.A. and took his training in the University Teacher Training Course in no way fits him for the elementary work of this school. He might be suitable as a High School teacher, but I very much doubt that he will ever make a success of elementary school work either in a Provincial or an Indian school.

.....

It is perhaps too early in the year to be very critical about the achievement of the children. I am however forced to say that the progress has not been very good since my last inspection. Very little has been achieved except perhaps in reading.

In my last report I stated that the progress here was poor and I can see no reason to modify that statement on this occasion.

Reverend Sir:

With reference to your letter of the 4th instant the Department usually allows a period not exceeding one month with pay in the event of the illness of a teacher of an Indian Day School.

A substitute teacher, however, should not be engaged without first obtaining our approval.

On reconsidering the question of Mr. Milton's employment it has been decided to issue a cheque in his favour for \$18.00. This was the amount recommended by Indian Agent Mortimer.

is paid by the Government. Is there ~~any~~ such arrangement re Indian Teachers?

Take my own case, I was sick for 19 days in the Hazelton Hospital and several days with friends confined to the house.

My sickness was "Stomach Flu" caught no doubt from the natives. One is more exposed here than in a white school. I have to visit in unsanitary homes, administer drugs all hours of the day, and the teacherage is a disgrace "a refrigerator" merely a shell, rustic on studs, and beaver board on inside, nailed on studs, open to winds

I have stoves <sup>3</sup> red hot, and in cold weather I sit and shiver by the fire, sitting with my overcoat on. I wouldn't live like this, but for the fact that this is missionary work. I had a cold from November until Feb, when I was taken on a stretcher to the Hospital.

Now the school was closed for two weeks, Capt. Mortimer did his best, he tried locally and in Prince Rupert but could not get a supply anywhere. Finally he asked D.W. Milton, an Indian, a graduate of the Edmonton Residential School, to supply for twelve days. He did good work, and expected to receive satisfactory remuneration.

He would have taught longer but I was anxious to be back. I started work on the Wednes.

On my return I filled up five days leaving only a week without any school. Surely I did my best for the Department.

Now I understand from a letter received in the Office at Hazelton that your department is not going to pay this young man? I feel it is a slight on me. I personally assured him you would pay. I never thought for a moment it would be otherwise. Now this young man feels very keenly that an injustice has been done him. I have to live here

I feel we must give these Indians fair-play. If it had been a white school, and he a white man, he could have gone to a court of justice and got his rights; but he is an Indian?

I didn't engage him as a teacher, if I had, I would pay him. My salary is so small considering my qualifications and opportunities that I think, rightly, or wrongly, I am entitled to three weeks sick pay in two years? If not please let me know what the Indian School law does allow, if it allows anything?

I am not complaining. I am asking  
so that I can make my future  
plans on a reasonable basis. I  
wouldn't care to have another case  
like this in Kiteecungla.

These young men are not fools,  
they are no longer children, and  
they know what is right. This  
young man could have earned  
\$3<sup>00</sup> a day or at least \$2.50 in a  
logging camp which he left in  
order to teach school. Personally I  
think the very least he should be  
paid is \$2<sup>00</sup> a day, \$24<sup>00</sup> in all.

Now this is a personal letter  
and absolutely confidential. I  
write as a man to a man.

I don't want <sup>7</sup> you to even mention it to Capt. Mortimer. We are the very best of friends. I like Capt. I wouldn't injure him if I could, nor allow a shadow to cross his administration. I am satisfied with him.

Please write me direct. Whatever the cost I must have justice done these Indians, at least in my personal affairs. If the Department cannot pay well I guess I must. Though I may feel the injustice

Dear Sir:

With reference to your letter of the 25th ultimo I regret that payment cannot be made for the services of the Indian teacher who substituted for a few days for Mr. Black, teacher of the Kitsegukla Indian Day School.

The Department does not employ substitute teachers when it is found necessary to close a school for a short time owing to the illness of the teacher. You should have advised us when Mr. Black became ill.

Dear Sir:-

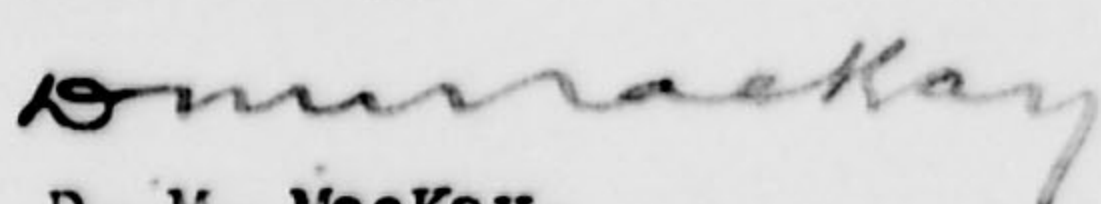

I am forwarding herewith a letter No. S-1D-363 dated 25th March received from Mr. Indian Agent Mortimer, with regard to the dangerous illness of the Rev. B. Black, teacher of the Kitsegukla Indian Day School.

I do not know if the regulations would permit of the payment of \$1.50 per day to William Milton (Indian) in recognition of his services as substitute teacher for 12 school days, February 28th to March 15th, inclusive. If at all possible, I would recommend that the expenditure recommended by the Indian Agent be authorized.

Dear Sir,-

re - Kitsegukla Indian Day School.

I wish to advise you that the Rev. Bishop Black, teacher of the Kitsegukla Indian Day School, was taken dangerously ill in the latter part of February and was brought to the Hazelton Hospital in a serious condition, the doctor informing me that it would be three to four weeks before Mr. Black would be in a condition to return to duty.

Not being able to find a White male substitute for the school I placed a Kitsegukla Indian - having above the average education - in charge who substituted for twelve school days, February 28th to March 15th inclusive.

May I ask if the Department will consider granting this Indian, William Milton, some remuneration for his services? If it be possible to make a grant I would suggest that a rate at \$1.50 per day would be appreciated.

Dear Mr. MacKenzie:-

RE: KITSSEGUILLA INDIAN DAY SCHOOL.

We had a telegram two weeks ago announcing the death of Mr. Goodridge, and informing us that Mr. Mortimer was putting a substitute teacher into the school temporarily.

I was waiting for the arrival in Toronto of Dr. S. S. Osterhout, the Superintendent of Missions mentioned in your letter of March 23rd. Unfortunately, Dr. Osterhout has been seriously ill with bronchial-pneumonia since his arrival in Toronto, and I have not yet had an opportunity of discussing the situation with him.

As the Indians at that particular point will begin to scatter for the cannery season about May 1st, I wonder if the Government would consider that any very serious harm had been done by closing the school for this season on May 1st. That would give us more opportunity to find an experienced married teacher, with the necessary qualifications for community leadership to take over the work during the summer and make preparations for the opening of the school on September 1st.

I shall be glad to know whether this proposition appeals to you, or not.

Yours very sincerely,

in many cases four months vacation. One could not expect 6 and 7 year olds, who at best get only five months in a school year to know much so soon. (You will recall the school was not open for a month being repaired.)

Personally, I am working for the kiddies. I am perfectly satisfied with my own accomplishments, thank God I have a clear conscience and this gives me continuous inward peace. But I wanted to know that you are satisfied, your letter has assured me that you are and now I have confidence to go forward (D.V) for another year of service in a work I love.

I must confess it is very hard work but I am getting splendid results. Children who had been on the register 4 years when I came couldn't read a first primer to-day they read well any part of Grade II Reader.

Others, I took in two years ago, can already read well a first primer; next fall they can start Highroads I

On every hand I have had compliments from the parents praising my work and assuring me that their children have never made such rapid progress in so short a time as under my present tuition. These are the real wages, my meagre salary is a mere pittance, when you consider the hours of service I render. Often after spending an evening settling some domestic quarrel or visiting the sick, in some cases travelling three miles in the cold to phone the doctor for advice.

I come home and work until midnight preparing my lessons for the kiddies. I believe in giving them my very best of mind as well as affection. Again I say I have had my reward, the boy in 7<sup>th</sup> Grade often asks on Friday night (not for the funnies) but a text book on History, Geography or Science. I am pestered to death with even younger children coming for books to read. I have exhausted my own resources. You will remember my former request for a school library — Capt Barry did not favour it — so I dropped the idea. I am buying, begging from friends, all the children's books I can get. It seems to me foolish to create a thirst for reading and supply no material.

If only I had the time there is a great work among the young people I could do; they are always asking for evening classes, they say, "We want to read like your school children read." Unfortunately for a few years my dear wife cannot join me, (nervous trouble due to over-study) she would be such a help, being an expert primary teacher, a B.A. with honours B.C. University, and a graduate in music. Perhaps sometime we may be able to live a normal life again. My present task is absolutely impossible, I teach, at least, am often in the school until 4-30 p.m. or 5 p.m. from 5 p.m. until 11 p.m.

I serve drugs, bind up wounds, give advice even to the care and feeding of babies. I even had a request to attend a woman in childbirth — no one else they could trust "being handy" they said. I had to assure them only a doctor or nurse could attend such cases.

The United Church a few weeks ago gave me an unanimous invitation to return as their minister. They said, "We are wrong and do wrong, you are right a good man we want you to stay with us for years. One man said, 'while I live'. It's a great ideal (ordeal) to have to live up to, but I believe in God who is sufficient.

I gather from your letter that Dr. G. Dorsey called upon you and together you arranged for my return to Kiserugula School Sept. 1 - 1939. I wish to express again my deepest and most heartfelt thanks, to you personally, also to the Department for this happy cooperation with our Church in the work of training and educating the Indian people.

Dear Mr. Hoey: Re Kitsegucla

Some days ago I forwarded the nomination of Mr. J. V. Neufeld. I thought we had all this fixed up, but on Saturday I received a letter from Mr. Neufeld to say it was impossible for him to go.

Today I have a letter from Mr. Norman McEwen offering to go to Kitsegucla. Mr. McEwen is a candidate for the ministry of the United Church who finds it impossible to continue his College course for financial reasons.

Mr. McEwen has taught two years in the Brandon Indian Residential School, and since that time he has attended the United College in Winnipeg, receiving his B. A. degree this Spring from the University of Manitoba. He has Normal Training, and a Second Class Teacher's Certificate.

Will you let me know if your Department would be prepared to accept him at Kitsegucla for this year?

This is a very difficult place, and we should like to have a man there who is a missionary as well as a teacher. It would seem as if Mr. Ewen's period of service in Brandon would indicate he knows something about the difficulties of Indian work.

I should be glad if you could give this matter your attention as soon as possible so that I may be able to wire Mr. McEwen.

Re: Kitsegukla Indian Day School

Dear Mr. Hanson:

I have for acknowledgment your letter of February 22 and also a letter and resolution, relating to the operation of the above noted school, enclosed therewith.

The records here indicate that the attendance of pupils at Indian day schools during the month of September has never been satisfactory at any time in recent years. This condition exists on such large reserves as Tyendinaga and Six Nations in Ontario and exists also in outlying districts throughout the Dominion. Indian agents have from time to time sought to explain that the nomadic habits of the Indians, berry-picking, fishing, the harvesting of potatoes both in Canada and the United States and general farm work at that particular season of the year have all contributed to lack of attendance at our schools.

When the work of this Branch was carefully reviewed, in the light of the critical events now confronting us, and when an attempt was made to conserve to the utmost extent possible the public funds at our disposal for the regular services and for the Nation's war effort, it was decided, for the time being at least, to operate our schools on a 9 month rather than a 10 month basis. I should perhaps point out that the Premier of Ontario,

Olof Hanson, Esq., M. P.,  
House of Commons,  
O T T A W A, Ont.

about -

Indian Affairs. (RG 10, Volume 6398, File 822-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

about the same time that this decision was reached by our Branch, announced that the public schools of Ontario would remain closed until the first teaching day in October. The Premier, in his announcement, stated that this action had been taken in an attempt to solve the labour problem in the province. You are aware, no doubt, that a large number of white schools in the drought-stricken regions of western Canada have been operating on a 9 month rather than a 10 month basis for a number of years. Indeed, it can be stated that a number of these schools have been operating on an 8 month basis. In other words, the taxpayers of Canada have been providing the funds to keep Indian day and residential schools in operation on a 10 month basis while many of their own schools were operating, annually, on an 8 and 9 month basis.

Our schools in British Columbia are inspected from time to time by an Inspector who is an employee of this Branch. This Inspector, in his recent reports, has expressed the opinion that it is quite possible for a pupil to complete the annual course of study in a 9 month period, provided the attendance of the pupil is regular and not interrupted by sickness.

The decision to operate Indian schools for the shorter period was reached after very careful consideration had been given to the matter, and I am not at all hopeful that this period will be extended at any time in the immediate future. No provision for the operation of Indian day schools on a 10 month basis has been made in the 1941-42 estimates.

I am returning herewith the letter and resolution received by you from Mr. Jones.

Yours sincerely,

Director.

Our people place great value upon the school and fully appreciate its usefulness to us, and because we consider it to be the centre around which our Canadian life revolves we urgently solicit your support of our request that the Kitsegukla School be kept open for ten months in 1941 and also in the ensuing years.

Resolution presented by the residents of the Village of Kitsegukla to the meeting of the Prince Rupert Presbytery of the United Church, held in Prince Rupert, Feb. 5 - 6, 1941.

The residents of the village of Kitsegukla deeply regret that the Department of Indian Affairs closed the school for three months in the summer of 1940 and urgently request that this meeting of the Prince Rupert Presbytery of the United Church pass a resolution strongly urging that the school be kept open for ten months during the year 1941, for the following reasons:-

1. All Provincial schools for white children at which schools Indian children whose parents are taxpayers and residents may attend, are open for ten months each year.
2. The handicap of language requires that the Indian children should have at least as much time in school each year as the white children, especially as they follow mainly the same course of study.
3. The school is the main force in the community for building Canadians, and Canada has no more loyal subjects than the Indians.
4. The break of three months is too long to keep apart children, parents and teachers.
5. The reduction of the teacher's salary by one tenth means that good teachers will not remain in the schools - in fact they will not consider even coming to the schools. Indian schools require good teachers and they should be encouraged to teach and remain in these schools.

Dear Doctor Cochrane:

I have your letter of the 25th instant nominating Mr. Edward Martin as teacher of the Kitseguikla Indian Day School. Last week I received an air mail letter from Indian Commissioner MacKay stating that Rev. W.P. Bunt, Superintendent of Home Missions, had advised him of Mr. Martin's nomination.

I wrote to Commissioner MacKay on the 26th instant stating that Mr. Martin's appointment was approved at the same salary as was allowed the preceding teacher; namely, \$95.00 a teaching month.

Yours truly,

R.A. Hoey,

Dear Sir,

I recently received from you an Income Tax Statement for 1941, showing my Income to be \$890.73 and National Defense Tax \$16.05.

I have not previously written as I did not know how the amount of my monthly cheques from Oct. 1941 on was arrived at. The statement also shows me to be married.

It would appear that 5% of my monthly cheque is deducted. However I would point out that the school is only in operation for 9 months and my incomes for 1941 and 1942 are both under \$1200.

I should appreciate receiving your explanation of this matter.

Yours very truly,

Edward A. Martin.

Dear Sir,

Under date of May 15, 1942 I received from you a letter in reply to mine of May 8, 1942 in which I tendered my resignation as teacher of the Kitlgakla Indian Day School and in which I requested that the money deducted from my monthly cheques from Nov. 1940 to June 1942 inclusive as contribution to the retirement fund be returned to me.

Your letter stated that arrangements would be made to return this money to me.

On June 13, 1942 I received a letter from Mr. J. McAllister, Indian Agent, Hazelton, B.C. stating that your Department desired to know to where the cheque should be sent and I advised him that it should be sent to Skeena Crossing. His letter further states that the cheque should reach me sometime in July, as he had received word

Ottawa, April 10, 1942.

Dear Sir,-

We are in receipt of your letter addressed to the Treasurer of Indian Affairs Branch, dated April 2, 1942.

It should be noted that calculations for the purpose of computing National Defence Tax are based on an assumed calendar year basis of gross salary; in your case it is considered that your yearly salary could amount to \$1,140.00 per annum plus a cost of living bonus of \$142.92, and, as this amount would be over the maximum of \$1200.00 per annum you would automatically be subject to National Defence Tax deduction of 5%. The department has no alternative but to make these deductions from salary as the rules and regulations for the application of National Defence Tax embodied in the Act distinctly state that an employer, which in this case is the department, must make the necessary deduction from all salaries that are taxable.

To recover any portion of this tax, application must be made by the employee direct to the Inspector of Income Tax for his district.

Trusting the above information may be of assistance to you,

Yours truly,

  
L.W. McCutcheon  
Chief Treasury Officer.

Re - Kitzegucla

As you know, the school is vacant. We have a suggestion of employing a Mr. Argue, who quite a few years ago obtained a second-class teacher's certificate in the Province of Saskatchewan. He has not taught regularly since - has done quite a bit of farming - and I understand his certificate has really lapsed. At the present time, he is teaching in a frontier school in Saskatchewan, but I think we could get his services for Kitzegucla. He is well known to me personally and I should have no hesitation in recommending him. Before I finally write him to say that we will appoint him as missionary to Kitzegucla, I should like to know if your Department would accept our nomination of him as teacher.

Dear Sir:

I have your letter of the 25th ultimo, with reference to the forms which you forwarded with your letter of February 6.

These forms have been submitted to the Chief Treasury Officer. However, there are literally thousands of these applications in this office, and, as it requires some time to complete them, there is delay, over which we have no control. As soon as the forms are returned to us, they will be forwarded to you.

Feb. 6. 1943.

Dear Sir

During 1942 I was engaged as Teacher at the Kildagukla (B.C.) Indian Day School at a monthly salary of \$95. per month plus cost of living bonus. I occupied that position till June 30. 1942. when I resigned. I received six monthly cheques from you, each for \$96.81, there having been deducted from my salary \$4.75 monthly retirement fund (since refunded) and \$5.50 monthly Income Tax.

As I am a married man whose wife was not in receipt of over \$660 from sources other than wages or salary during the year 1942 (T.D.I #4 A), and as my salary during 1942 was very considerably less than \$1200 I have been advised by the Inspector of Income Tax for British Columbia that I was not taxable during 1942. He further advises that I write you with a view to getting the forms necessary for completion of this Refund from you duly completed so that I might return them to his Office. Your early attention will be appreciated.

Yours very truly,  
Edward S. Martin.

re- Kitsegukla Indian Day School.

In reply to your letter of June 22, I wish to advise that many families of this reserve proceed to the canneries early in May for the spring salmon fishing. Kitsegukla Indians are also proud of their gardens, and several school-aged children help with the seeding. Both are causes of irregular attendance.

Privies will be inspected on my next visit and washing facilities will be remedied for the next school year.

The teacher, Mr. Argue - who has resigned from the position - is, I believe, 66 years of age, and really too old for teaching children. A younger person with longer teaching experience would carry out the duties more adequately. The Indians of this village are, on the whole, above average and need a sincere, strong-minded man to teach and lead them.

Hazelton.

Dear Sir: For some weeks I've been debating as to whether I would continue as Missionary teacher for another term. After looking at the problem from all angles I have finally decided I must sever my connections here to take place effect at the end of Dec. 1944.

It was my desire to keep the school going, if possible, that induced me to return for the present term. However some changes have taken place in the past few months that make living conditions very much more isolated.

And finally I've come, or am rapidly coming, to the time I should ease up a bit.

Hoping this will not cause too much inconvenience and thanking you for your kindness.

Yours very truly

Re: Kitsegukla Indian Day School  
No. 822

The teacher, Mr. R.A. Argue, did not re-open the school until October 1, 1944. This information only reached us recently and in the meantime he was paid salary for the month of September. It is, therefore, recommended that no cheque be issued to him for the month of October and this will balance the matter. The Indian Agent has been so informed.

I have your letter of the 12th instant, in which you state that Mr. R.A. Argue began duties as teacher of the Kitsegukla Day School on October 2. The Department was under the impression that he was in charge of the school for the month of September and consequently he was forwarded a cheque for September. However, it would appear from your letter that he did not re-open the school until October 2. Please let me have definite information on this matter as, if he did not teach school during September, we will omit sending him his October cheque.

I have your letter of the 12th instant, enclosing a letter from Mr. Argue, teacher of the Kitsegukla School, with reference to a deduction of \$8.00 from his January salary. This amount was deducted for two \$4.00 war savings certificates. A similar amount had been deducted from Mr. Argue's salary up to the end of December and we had no definite instructions from him to discontinue the deduction in January.

The two certificates for which the money has been deducted will go forward to him in the usual course. No further deductions will be made for this purpose.

Re: Kitsegucla Indian Day School

We beg to nominate Mrs. B.M. Kitchenmaster as teacher of the Kitsegucla Indian Day School. She is also willing to act as missionary.

Mrs. Kitchenmaster is 49 years of age, and a widow without children. She holds a first class Permanent certificate from Saskatchewan and is particularly interested in dramatics and outdoor sports of all kinds. She has given our Superintendent of Missions in British Columbia copies of Inspectors' reports, all of which are quite good.

We shall be glad to have your confirmation of this appointment.

Yours sincerely,

Re: Kitsegukla Day School

District School Inspector Davey, early in M. September, interviewed a Mrs. S. Dubno, an applicant for the position of teacher at the above mentioned school and apparently was satisfied with her qualifications and instructed her to assume her duties as soon as she could. A review of our files in connection with this school reveals that the Department was not advised of the assignment of Mrs. Dubno, apparently for the reason that she omitted to complete and return to this office application, questionnaire and T.D. 1 forms, which omission might have gone unnoticed even longer had not Supt. Boys under date of September 27th advised that Mrs. Dubno was suffering from some type of nervous breakdown and requested a transfer to a less isolated school.

As Inspector Davey was proceeding north at the time the matter was left in abeyance until he had an opportunity to interview her. Word received from Mr. Davey indicates that Mrs. Dubno was not suitable for employment as a teacher in even less isolated schools than Kitsegukla and she has agreed to resign effective October 30th. We anticipate receiving application and other forms from Mrs. Dubno which will be forwarded immediately. I would recommend that on receipt of these forms Mrs. Dubno be paid salary for the period September 23rd, the date she assumed her duties, to October 30th, which will provide her with sufficient funds for her return to Vancouver which, I might say, is not possible at the moment because of lack of funds.

With regard to a replacement, I am enclosing an application form from Miss Margaret Warnock, an experienced

Ref. 1-11-2 of April 21/47

Dear Sir;

In view of the fact that the  
Indian Affairs Branch will only allow me  
a salary of \$100.00 per teaching month,  
I have decided not to accept the position  
at Kitsegukla but to continue my education.

Yours sincerely,

Major D.M. MacKay, Indian Commissioner,  
P.O. Box 70, Vancouver, B.C.

We have Inspector Davey's letter of the 31st ultimo enclosing application of Mr. Thomas Henry Butters for a position as teacher at the Kitsegukla Indian Day School.

We have a new schedule of salaries for teachers of Indian Day Schools which will become effective on September 1st, 1947. Full particulars regarding the new schedule will be contained in the Indian School Bulletin while will be issued shortly.

As Mr. Butters has no professional training we can only allow him salary at the rate of \$100.00 a teaching month.

Please let me know if he is willing to accept the position at this salary.

  
Bernard F. Neary,  
Supt. of Welfare & Training.

I enclose herewith an application of  
Mr. Thomas Henry Butters for the position of teacher  
at the Kitsegukla Indian Day School.

Mr. Butters has already been referred  
to the United Church authorities and I understand that  
they are prepared to nominate him for this position.

I have contacted the references given  
in his application and both Mr. Kennedy and Miss Maycock  
speak very highly of the candidate. Mr. Butters is  
prepared to remain in the service for at least a year  
at the end of which time he hopes to be in a position  
to attend Normal School. It is noted that Mr. Butters  
has had no professional training but in view of the  
present teacher shortage and his academic qualifications  
I am prepared to recommend that Mr. Butters be appointed  
as teacher at the Kitsegukla Indian Day School at a  
salary of \$120.00 per month for a period of not more  
than 10 months commencing September 1st, 1947.

Re: Kitsegukla Indian Day School

With reference to our letter of October 20th and Mr. Neary's reply of October 25th, attached are application, T.D. 1 and staff questionnaire forms completed by the above named.

This applicant was interviewed by Inspector Davey early in the month of September, who gave her the attached forms asking her to complete them and return them to this office as soon as possible. He also instructed her that she could assume her duties immediately. Mrs. Dubno proceeded to the above mentioned school where she assumed her duties on September 23rd and left the school on October 23rd. It is recommended that Mrs. Dubno be paid one month's salary. The cheque for her services should be addressed to her care of Mrs. A. Shackowski, 299 Courcellette Ave., Oshawa, Ont.

Ottawa, November 13th, 1925.

Sir:

With reference to your telegram of the 12th instant approving of the request of the Methodist Church authorities that Miss M. B. Wright, teacher of the Kitssegukla Indian Day School, be granted 6 months' leave of absence, and that the Rev. J. Smeeton, B.A., act as substitute during her absence, I now beg to inform you that this arrangement is approved by the Department. You may inform Miss Wright of the leave granted her, and arrange with the Rev. J. Smeeton to take charge when Miss Wright leaves. We will allow the Rev. Mr. Smeeton salary at the rate of \$60 per teaching month.

Please inform the Department definitely as to the date upon which Miss Wright's leave of absence begins and also the date upon which Mr. Smeeton takes charge.

Your obedient servant,

J. D. McLEAN

Sir:

I have your telegram of the 31st ultimo, informing the Department that Rev. J. Smeeton, who was appointed substitute teacher at the Kitsegukla Indian Day School, has accepted another position and stating that you have engaged the services of Miss Lillian Morrice, formerly a teacher at Eisplox, to teach during the absence of Miss Wright, the regular teacher.

In reply I have to confirm the following night lettergram to you of the 2nd instant: - "Temporary appointment Miss Morrice, teacher Kitsegukla, approved. Salary ninety-five dollars per teaching month."

It is hoped that Miss Morrice will accept the position and take up duties as soon as possible. I shall be pleased to hear from you later as to the date upon which she begins duties as substitute teacher at Kitsegukla.

Reverend Sir,-

In May last, the Department promised to increase the salary of Miss M. B. Wright, teacher of the Kitsegukla Indian Day School, from \$950 to \$1,000. a year - this increase to date from September 1st, 1927. In paying her salary for the quarters ended September 30th and December 31st, the increase was overlooked. Therefore, I am forwarding to you, under separate cover, a cheque for \$20., covering the amount of this increase for the period September 1st to December 31st, 1927.

Your obedient servant,

Reverend Sir,-

I beg to refer you to official letter of July 16th last with reference to the securing of a teacher for the Kitesegukla Indian Day School. The Department does not appear to have received any reply from you regarding this matter but the September quarter return of the school has just been received and it shows a Mr. Ede in charge.

In forwarding the return, Mr. Indian Agent Hyde draws attention to the fact that, previous to the opening of the school, he had not received any intimation in connection with Mr. Ede's appointment. Please let me know, as soon as possible, if Mr. Ede was nominated by you and, also, the salary which you recommend be paid. From the quarterly return submitted by Mr. Ede, it is shown that, while he arrived at the school on September 8th, he did not begin teaching until September 17th. It would appear, therefore, that he is only entitled to salary for part of the month.

Your obedient servant.

Re: Kitseguia Indian Day School  
No. 822

It has been decided to re-appoint Mr. R.A. Argue as teacher of this school for the balance of the current academic year. Mr. Argue resumed duties on January 10, 1944, and, unless otherwise advised, he should be paid from January 10 to June 30, 1944, at a salary of \$95.00 a teaching month. Mr. Argue formerly taught at the same school and gave up duties on June 16, 1943. In this regard I would refer you to my memorandum of June 15, 1943. I enclose T.D. 1 form and cost-of-living bonus form, also letter of appointment. I presume it will not be necessary to give you another staff questionnaire.

549494

Dear Mr. Scott:-

On the Kitsegucia Reserve at the site of the old village the Department has no school building of any kind. Premises have been rented from time to time for use of school. About two years ago they were burnt down. Subsequently to that school was held in the church owned by the Methodist Church on the Reserve. During this winter this was found to be too cold for the children, and the teacher moved his school work into a room of a building which he occupied as his residence, which of course is not by any means satisfactory.

The Indians themselves are moving in the matter and have now come to me with a definite proposition over the signature of seventeen of the leading Indians of the Band to the effect that if the Department will pay \$500.00 towards it, they will themselves provide the balance of material and labour and erect a school.

It appears to me that this is a very favorable offer and I would recommend its acceptance by the Department.

If this offer is approved by the Department, and we could be so advised without delay, the Indians would still have time to get out logs to their little saw-mill so that the lumber could be cut this Spring, and the building erected during the summer. I would like to see this done, and would appreciate an early reply so that it could be facilitated.

I remain

Yours respectfully,

funds necessary would have to be supplied from the vote for the next fiscal year, and, although an item for the purpose was not specially provided, funds to the extent of \$500.00 would, no doubt, be available. Mr. Winch would see that the work of erecting the building was done satisfactorily and that value was received for any expenditure authorized by the Department.

I might also add that, since the former school building was burned, the teacher has had to use a house owned by the Methodist Mission for living quarters and the sum of \$5.00 per month is also allowed towards the payment of the rent of the same. We are, therefore, paying a total of \$120.00 per annum for rent and this could be avoided by the erection of the new building, as asked for by the Indians.

I shall be pleased to have your instructions in the matter.

Mr. Scott,-

Re. school building for the Kitsegukla Reserve.

At present there is no school building on this reserve. The Department has always rented a building at this point. The former school was burned about two years ago and, since that time, the school has been carried on in the church owned by the Methodist Church and the Department pays a rent of \$5.00 per month for the use of the building. The church has been found to be cold during the winter and the teacher has moved the school into a room of the building which he occupies as his residence. This school is conducted under the auspices of the Methodist Church, and, during the past two years, there have been good teachers and there has also been a good attendance of the pupils. The enrolment for the past quarter was 22 with an average attendance of 17. *all these buildings are the property of the Church*

Sir,-

I have to acknowledge the receipt of your letter of the 2nd ultimo, in which you inform the Department of the proposition made by the leading Indians of the Kitsegukla Band to erect a building for school purposes and state that, if the Department will provide the sum of \$500.00 for the purpose, the Indians themselves will get out the logs, have the lumber sawn and furnish the labour in the erection of the building.

In reply I beg to say that this matter having been submitted to the Superintendent General he has approved of the granting of the sum of \$500.00 to assist the Indians in putting up a suitable building for school purposes. You have not furnished any particulars as to the kind of building it is proposed to erect, the dimensions of the same, nor who will oversee the work and advise the Indians during construction. The Department would have to receive assurance that the building will be completed and will be suitable for the purpose of providing accommodation for the Indian children of school age in the band. You should furnish the Department with full particulars regarding the type of building and the dimensions of the same and also how you would propose that the grant allowed by the Department should be expended for the purpose, and also who would be responsible for seeing that the work is satisfactorily performed. If the amount of the Department's grant is expended in the purchase of material, it will be necessary to obtain competitive prices before the purchase is made and proper vouchers will have to be submitted covering the expenditure.

If you are satisfied that the Indians are capable of performing the work, you may instruct them to proceed and get out the logs and have the lumber sawn, and, as soon as you have furnished particulars as asked for regarding the manner in which the building is to be erected and how it is proposed to utilize the amount which the Department will provide, you will be further instructed before undertaking any expenditure. The building should be erected in as central a locality as possible and the site should be high and dry and easily drained. An early reply, giving the particulars asked for, should be furnished.

I am in receipt of your letter of April 2nd advising that the Department considers favorably the proposal of the Indians of Kitze-  
gucla to build a school if the Indian Department will assist to the  
amount of \$500.00.

In regard to the supervision of this job--I may say that our  
teacher at Kitze-  
gucla, Mr. E. A. Orchard, and our Missionary in charge  
of the pastoral portion of the work in which Band is included, (Rev  
J. H. Young.) are both of them practical men, Mr. Orchard having had  
a good deal of experience in laying out, and in the practical side  
of building operations. I will take up the matter with them very  
carefully, and have them prepare particulars covering the various  
phases of this proposed building, and will have them report same to  
you in due course. I will particularly ascertain from them the manner  
in which it is proposed that the Grant from the Department should be  
expended, and will instruct them to incur no liabilities in the name  
of the Department until receiving further instructions.

re-Grant towards building a school  
at Kitsegukla.

555950

Sir,—

In reply to your letter of above date, I have ascertained that the sawmill belonging to the Indians at Kitsegukla is not in running order and that the repairs would be considerable to put it in shape for operating.

The question I put <sup>to</sup> Mr J. Hewitt, Chairman, of the (Methodist Church) Hazelton District, was, would the Indians who agreed to furnish the labour in the erection of the building fulfill their agreement if the material was purchased elsewhere, to this I received a satisfactory reply.

I am quite satisfied that the Indians are capable of doing the work which will be under the supervision of Mr Orchard, who is a practical man.

I am in receipt of plans and estimates on the lumber and material as quoted by G. Little of Terrace, and the Royal Lumber Co. of Usk, I would recommend that the material and lumber be ordered from Little's as this would <sup>amount</sup> be a saving in freight charges.

Enclosed herewith please find plan and list of requirements.

I have the honour to be,

Sir,

Yours obediently,

E. Hyde

Ottawa. August 19, 1921

Sir,-

I have to acknowledge the receipt of your letter of the 28th ultimo, regarding the erection of a new day school building at Kitsegukla and submitting a sketch of the proposed building, as well as quantities of building material required and quotations on same.

In reply I beg to say that you may arrange for the purchase and delivery on the ground of the quantity of lumber and other material required. It is noted that you have obtained prices from two firms for the greater part of the lumber required and that submitted by G. Little of Terrace, is satisfactory.

Before the purchase of any other material is made it will also be necessary to obtain competitive prices and you should purchase from the firm quoting the lowest price. The sketch submitted of the proposed building is satisfactory.

It is noted that the Indians will furnish all the labour in the erection of the building without charge to the Department and that they are capable of doing the work. The work should be undertaken as soon as possible and completed before the winter sets in. The work should be under the direct supervision of Mr. Orchard and should be completed to his and your satisfaction.

It will be necessary for you to obtain itemized accounts from the firms from whom you make the purchase of the material and you should certify the same and forward to the Department for payment. You should attach a memo to the account shewing the names of the firms asked to quote a price and the prices quoted by them for all material used.

Your obedient servant

Sir:

The teacher of the Kitsejukla Indian Day School, in her return for the quarter ended June 30th, last, states as follows:

"The schoolhouse is very cold in winter - almost unbearable. It would be advisable to line the walls with beaver board, and put another floor on the top of the present one.

Another matter which requires attending to is the building of toilets; there are none.

A brick chimney also is needed."

I have to request that you will report on the requirements as mentioned by the teacher, stating whether you would recommend that the work be carried out. Please give an estimate of the cost of all the above work, and state how you would advise that it be carried out. This matter should receive your prompt attention in order that, if these repairs are authorized, they can be completed before the cold weather sets in.

Ottawa, November 22, 1927.

Sir:

I have your letter of the 9th instant, recommending that the plot of land surrounding the Indian day school and teacher's residence at Kitsegukla be cleared of brush and timber, in order to prevent fire menace to the building. It is noted that you recommend that this work be carried out early next spring, and that an area of about 1 acre be cleared, at an estimated cost of \$30, including burning of brush, etc.

The Department will approve of an expenditure of approximately \$30 in having this work carried out as soon as weather conditions permit next spring. You should, therefore, bear this matter in mind and arrange for the necessary labour in having the work done.

When the work has been completed to your satisfaction, you should forward a properly certified voucher, in duplicate, covering the expenditure incurred, which should, if possible, be kept within your estimate.

Your obedient servant,

OFFICE OF  
INDIAN AGENT

Hazelton, B.C.

November 9th 1927.

Dear Sir:

I beg to call your kind attention to the necessity of having the land surrounding the Indian Day School and Teacher's residence at Kitsegukla cleared of brush and timber.

Last summer during the hot dry weather the small brush was a constant menace to the safety of the above buildings. I have got over the area which is about an acre and have estimated the cost of clearing at some \$30.00, including burning.

I should like to have your permission to have the work done sometime next Spring.

Your obedient servant,

Indian Agent.

Ottawa, November 9, 1931.

Sir:

An official of the United Church Mission Board, who visited Kitsegukla, reports that we have two unpainted buildings at the day school. He states that these buildings should be painted next Spring.

I have to request that, on the occasion of your next visit to this school, you will examine these buildings and inform the Department, in detail, the work that would be required to be carried out in the painting of same. You should furnish an estimate of the cost of the material required and the labour in having the work done. Please also state whether the painting could be performed by Indian labour or, if not, how you would recommend that same be done. This matter should receive your attention in due time in order that, if funds for the purpose can be provided from our appropriation for the next fiscal year, the necessary authority could be given to have the painting of these buildings carried out next Spring.

MEMO FOR FILE:-

The Rev. Mr. Beaton of the United Church Mission Board visited Kitsegukla lately and reports that, in the centre of a rather progressive and smart little Indian village, we have two unpainted buildings at the day school. It appears that these should be oiled and painted first thing in the spring.

EX'D.  
151-15-5.

Ottawa, April 28, 1932.

Rev. Sir:

Referring to the claim of Arthur McDames, an Indian of the Kitseguikla Band, for payment for lumber supplied by him some years' ago and used for building a covered-in verandah in front of the Kitseguikla Indian Day School - which matter you brought to my attention during your last visit - I have to say that the local Indian Agent reports this lumber was ordered by the teacher without authority and he informed the Indian that, if the Church authorities did not pay for it, he would try and get the Indian Department to do so. The Agent reports that, upon repeated application by McDames for reimbursement, he has arranged to supply regular monthly relief in lieu of pay for material. The Agent reports that McDames readily consented to accept relief and has been issued with same for some time. This, therefore, disposes of any claim which McDames has for payment for the material supplied by him.

Sir:

I have your letter of the 20th instant, regarding the claim of Arthur McDames, an Indian of the Kitsegukla Band, for lumber supplied for building a covered-in verandah at the Kitsegukla Indian Day School.

In this connection it is noted that you have made arrangements to supply this man with regular monthly relief in lieu of his claim for payment of materials supplied by him, and that he has consented to accept relief as settlement of his claim. Your action in this matter is approved.

Sir,-

re - Arthur McDames of Kitsegukla Reserve.

In reply to your letter of April 4th, No. 151-15-5, dealing with a \$50.00 claim for materials supplied by Arthur McDames of Kitsegukla, I respectfully beg to state that I have had this matter under investigation for some considerable time and I am of opinion that McDames did supply lumber on January 3rd 1921 to Mr. E. A. Orchard, teacher of the Kitsegukla Indian Day School at that time. Lumber, which was supplied, was used for building a shed, in the nature of a large covered-in verandah, in front of the Day School at Kitsegukla. Investigations go to show that Mr. Orchard had ordered the lumber without any authority but had informed the Indian that, if the Church Mission did not pay for it, he would try and get the Indian Department to do so. Apparently no further action was taken in the matter by Mr. Orchard and there is no data in this office concerning the erection of this porch.

Repeated applications have been made to me by McDames for re-imbursement and after due consideration, and finding this Indian - who is a married man and a cripple - in reduced circumstances, I have made arrangements to give him the regular monthly relief in lieu of pay or material. He readily consented to take relief and has been issued with same for March and April.

I trust this meets with the approval of the Department.

Sir:

The Department is informed that, some years ago, an Indian of the Kitsegukla Band, named Arthur McDames, supplied approximately \$50 worth of materials for a porch at the front of the Indian Day School. I can find no record of any payment or reimbursement having been made in this connection. Will you please make enquiries, and, if you believe that the Department should give McDames some materials in reimbursement, please let me have a recommendation.

Sir:

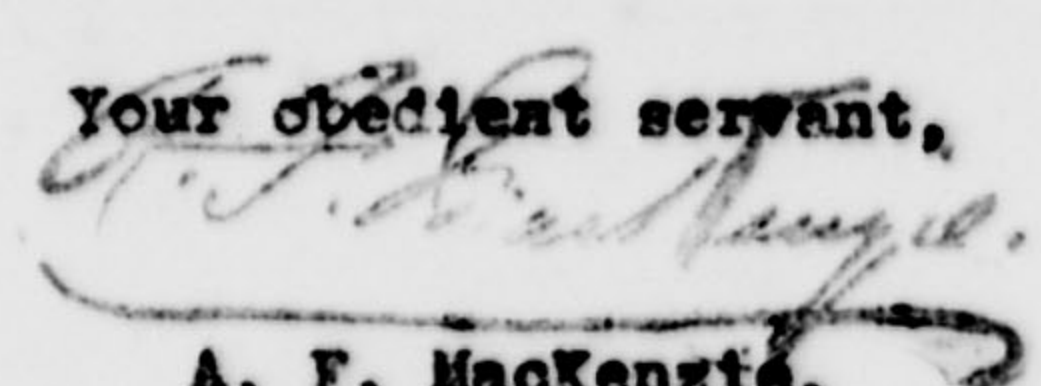

I have your letter of the 13th instant, regarding the painting required to the Indian day school and teacher's residence at Kitseguikla.

In reply I have to say that the Department will approve of you arranging to have this work carried out during the coming summer. The exterior of the buildings should be given two coats of a good grade of paint - you to select the colours and trim. You should arrange for the purchase of the paint from a firm on the list to receive consideration, in accordance with departmental instructions. Indian labour should be engaged to do the work, and you should see that competent Indians are employed. The cost of both the material and labour should be kept as low as possible. The Department will leave the matter of the painting of these buildings in your hands to make the best arrangements you can, having in view the carrying out of a satisfactory job, and at the lowest possible cost. You should arrange in due time for the purchase and forwarding of the paint and for the engaging of Indians to do the work.

After the work has been completed, you should forward itemized accounts, in triplicate, properly certified, covering the cost of the paint, oil, etc., used, and also vouchers, in triplicate, properly certified, in payment of the labour.

Sir,-

re - Painting of Indian Day School and  
Teacher's Residence at Kitsegukla.

I respectfully beg to reply to your letter of November 9th, 1931, No. 151-15-5, dealing with the matter of the above mentioned unpainted buildings at Kitsegukla.

During my recent visit to the village I examined these buildings and I am of opinion that they should be painted this summer, although it is quite possible that the buildings would not be in the least damaged by waiting another year. The cost of paint would be \$4.25 per gallon but I cannot say what quantity will be needed as the buildings have never yet been painted. Indian labour could be utilized at \$2.50 per day.

Owing to the last winter being long and severe no painting could have been done earlier than the present month and even now the weather is rather cold for painting. The Kitsegukla village is practically isolated from early December to early May, therefore you can readily see the reason for delay in this report.

Your obedient servant,

Sir:

I have your letter of the 24th ultimo, enclosing a communication which you received from the teacher of the Glen Vowell Indian Day School, requesting that a midday meal be furnished the pupils during the coming winter months.

In reply I have to say that the Department will approve of you incurring an expenditure, which must not exceed the sum of \$5 per month, in the purchase of food supplies required to serve a hot lunch to the pupils at midday during the period from the 15th instant to April 15, 1934. You should consult the teacher concerning the supplies required. I would suggest that a hot drink, consisting of cocoa, sugar and milk, and biscuits be furnished. You should obtain accounts, itemized and in triplicate, covering the cost of the supplies. These, you should attach to proper voucher forms, certify in the usual manner and forward, from time to time, for payment. Please advise the teacher accordingly.

I might add that, should there be a few utensils required in the preparing and serving of the meal, you may purchase same, forwarding an account covering the cost.

Your obedient servant,

Sir-,

Re- Glen Vowell Indian Day School  
Lunches  
-----

I beg to enclose herewith a letter received from Mr A.F. Parkenson Teacher of the Glen Vowell Indian School.

On my last visit to the above school I could see that the children were not up to the standard of previous years, although their health in general appeared fairly good, none-the-less I could see that they appeared somewhat under-nourished. I explained to the teacher that I did not think there was much chance in getting any grant this fiscal year, but would submit his letter to the Department.

About 20 children attend this school and if anything can be done to give the pupils a midday meal at a cost of \$5.00 per month it certainly would be greatly appreciated.

Dear Sir:

As some of the pupils of this school were not making satisfactory progress and appeared to be under-nourished, I made enquiries and found this to be so. Some are living on potatoes and dried fish.

Could you secure a grant, so the children can have nourishment at school from Nov. 1st. to April 1st? That is for the five winter months. I believe it essential and will be much appreciated.

Thanking you,

I remain,

Yours truly,

Dear Sir I am enclosing requisition  
for Kallomine for the walls of  
the teacher's residence.  
As you know they badly want  
painting & this seems the most  
convenient time for the work.

Yours faithfully

EXTRACT FROM REPORT OF MR. G. H. BARRY,  
DISTRICT INSPECTOR OF INDIAN SCHOOLS, ON HIS  
INSPECTION OF THE KITSEGUKLA INDIAN DAY SCHOOL  
ON MAY 26th, 1937.

- Original on No. 151-15-6 -

The present room is some 25 feet by 17 feet with the long sides on the North and South. The interior is lined with shiplap lumber which was put on green and has shrunk. The floor was laid with green lumber and is very poor now.

The whole of the West end of the school room should be moved out another ten feet, the roof and sides of the building being extended at the same time. A new porch turned towards the teacher's cottage on the South side of the school should be constructed, as well as a small woodshed to care for the wood now kept in the entrance to the school.

The present entrance through the woodshed should be done away with and the lumber used in the new porch.

A complete new floor should then be laid.

The two old windows at present in the South side of the school should be taken out and placed with two new windows and the present two to make a total of six windows along the North side of the new schoolroom.

Four lengths of Asbestoslate Board each four feet by eight feet will then be required and these should be placed at a convenient height for children along the South and East interior walls. The remainder of the interior will need to be lined with three ply or plaster board.

The school as well as the teacher's cottage is the property of the Indian Affairs Branch I understand.

It is hard to estimate what the whole of the above reconstruction of the school would cost, but I consider that the sum of \$750.00 should be inserted in the Estimates for the fiscal year 1938-39 to cover the material and work. I have informed the Acting Indian Agent that I could not recommend this work this year as it is not as urgent as that.

I do however consider that a large heater of the circulatory pattern should be placed in this school this summer in time for school opening in September. The cost of a large enough heater of this kind would be around \$60.00 and it could of course be used in the reconstructed school should my suggestion be carried out later.

Dear Sir,-

The Department is in receipt of your letter of the 14th instant, addressed to Indian Commissioner D. M. MacKay.

You may arrange for the purchase, from a firm on the approved list, of a new heater for the Kitsegukla Indian Day School. It is noted that the cost would be, approximately, \$60.00.

Yours truly,

  
R. A. Hoey.

Dear Sir,-

re - New Heater for Kitsegukla I. D. School.

I enclose an application for a new wood heater for the Kitsegukla Indian Day School, submitted by the Rev. Bishop Black, teacher.

The present heater is so worn that it is nearing the danger point and a new one should be installed, if possible before school opens in September next.

Inspector G. H. Barry, in his report on the school, suggests a new large heater of the circulatory pattern, the cost of which, he considers, would be about \$60.00. Whether this amount would include freight charges to Skeena Crossing or not is uncertain. However, there would be cartage charges from Skeena Crossing to Kitsegukla and possibly new stove-pipes.

Your favourable consideration in this matter will be appreciated.

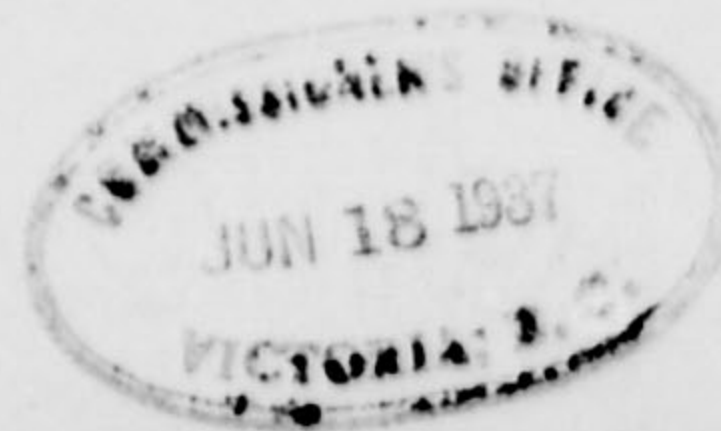

Your obedient servant,

Dear Sir,

During his visit in May Captain  
Barry recommended a new Circulatory Heater  
for our school at Kitecugla, B.C.

I wish to make application for the  
same. Our school is about 20 ft. by 30 ft.  
It is a frame building and only ship-lap  
lined inside, therefore very cold in winter.

We would need a wood-burning heater,  
we cannot get coal in Kitecugla.

Yours truly,  
Bishop Black

Dear Sir,-

Re - New Heater for Kitsegukla I. D. School.

I enclose an application for a new wood heater for the Kitsegukla Indian Day School, submitted by the Rev. Bishop Black, teacher.

The present heater is so worn that it is nearing the danger point and a new one should be installed, if possible before school opens in September next.

Inspector G. H. Barry, in his report on the school, suggests a new large heater of the circulatory pattern, the cost of which, he considers, would be about \$60.00. Whether this amount would include freight charges to Skeena Crossing or not is uncertain. However, there would be cartage charges from Skeena Crossing to Kitsegukla and possibly new stove-pipes.

Your favourable consideration in this matter will be appreciated.

Your obedient servant,

Dear Sir,-

In reporting regarding his inspection of the Kitsegukla Indian Day School, Inspector Barry makes some suggestions in connection with the re-construction of this school. No funds are available at the present time for this work, but you might include an item in your Estimates for the fiscal year 1938-39 and, when these are received, the matter will have further consideration.

If you consider a larger heater is required in this school, you should so advise the Department, giving an estimate of the cost.

Yours truly,

R. A. Hoey.

EXTRACT FROM INSPECTOR BARRY'S REPORT REGARDING HIS INSPECTION  
OF THE KITSEGUKLA INDIAN DAY SCHOOL ON MAY 26, 1937.  
Original on File 151-15-6.

Suggested reconstruction of school building:-

The present room is some 25 feet by 17 feet with the long sides on the North and South. The interior is lined with shiplap lumber which was put on green and has shrunk. The floor was laid with green lumber and is very poor now.

The whole of the west end of the schoolroom should be moved out another ten feet, with roof and sides of the building being extended at the same time. A new porch turned towards the teacher's cottage on the south side of the school should be constructed, as well as a small woodshed to care for the wood now kept in the entrance to the school.

The present entrance through the woodshed should be done away with and the lumber used in the new porch.

A complete new floor should then be laid.

The two old windows at present in the south side of the school should be taken out and placed, with two new windows and the present two, to make a total of six windows along the north side of the new schoolroom.

Four lengths of Abbestoslate blackboard each four feet by eight feet will then be required and these should be placed at a convenient height for children along the south and east interior walls. The remainder of the interior will need to be lined with three ply or plaster board.

The school as well as the teacher's cottage is the property of the Indian Affairs Branch, I understand.

It is hard to estimate what the whole of the above reconstruction of the school would cost, but I consider that the sum of \$750.00 should be inserted in the Estimates for the fiscal year 1938-39 to cover the material and work. I have informed the Acting Indian Agent that I could not recommend this work this year as it is not as urgent as that.

I do however consider that a large heater of the circulatory pattern should be placed in this school this summer in time for school opening in September. The cost of a large enough heater of this kind would be around \$60.00 and it could, of course, be used in the reconstructed school should my suggestions be carried out later.

Dear Sir:

I enclose a copy of a letter from Indian Agent Mortimer of the Babine Agency, in the matter of the proposed extension of the Kitsegukla Indian Day School building.

I have gone into the matter with School Inspector Barry and he recommends that this proposed extension be carried out.

I therefore beg to recommend the same myself. I also attach copy of estimate of materials required.

Yours faithfully,

for D.M. MacKay,  
Indian Commissioner for B.C.

Dear Sir,-

re - Proposed Extension to Kitsegukla Indian  
Day School Building.

With reference to School Inspector G. H. Barry's report of the Kitsegukla Indian Day School, dated May 26th, 1937, I wish to bring to your attention the necessity of extending the present building another ten or twelve feet in order to cope with the number of pupils of this school.

I am enclosing a detailed estimate of the material required for this extension, which included an entrance and wood shed, amounting to \$335.80 plus whatever the cartage may be from Hazelton to Kitsegukla.

The cost of Indian labour should be under \$200.00 and may not be more than \$150.00.

Provision was made in the 1938-1939 Estimates to cover this expenditure.

May I ask that if approval is granted by the Department for the above that I be advised as soon as convenient so that work may be commenced immediately thereafter?

Your obedient servant,

G. C. Mortimer,  
Indian Agent.

Dear Sir,-

re - Voucher No. 26, \$11.65, in favour of  
R.S.Sargent, Ltd., Repairs to Kitsegukla  
Indian Day School.

With reference to the expenditure  
as contained in the above mentioned voucher  
I wish to advise you that this was a case of  
urgency as the old one collapsed through  
weather wear. As the brick chimney is not  
built high enough above the roof, thereby  
being a danger when the school heater is in  
use, the galvanized stack is a necessity.

The old one collapsed in February  
and the new one was immediately ordered.

Your obedient servant,

Ottawa,  
July 28, 1938.

Dear Sir:

I am in receipt of your letter of the 13th instant addressed to Indian Commissioner MacKay with reference to the proposed extension to the Kitsegukla Indian Day School. The Purchasing Agent is being requested to secure the materials which you state are necessary.

I note from the third paragraph of your letter that Indians will be employed and that the cost of the labour will be between \$150.00 and \$200.00.

Yours truly,

Philip Phelan,  
Chief, Training Division.G. C. Mortimer, Esq.,

MEMORANDUM:

Dr. McGill

With reference to requisition dated the 28th ultimo, file #151-15-5, for building material for extension to the Kitsegukla Day School, Hazelton, B. C., I may say that in order to procure prompt delivery as requested, arrangements are being made to purchase the supplies from W. S. Sargent Limited, Hazelton, B. C.

It would be of assistance to this office in dealing with requisitions of this type, and facilitate more prompt action on our part if the quotation or quotations received by the Indian Agents were submitted to this office with the requisitions. Will you please arrange that this practice be followed in future.

# Requisition for School Material

151-15-5

Date Oct 6 1938  
 For Kilseengkla School Babine Agency

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required. The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

Dear Sir,-

re - Voucher 276, \$40.52, in favour of  
R.S.Sargent, Ltd., for Extra Material re  
Kitsegukla Indian Day School Extension.

In connection with the Kitsegukla  
Day School Extension - E.R.1089, Order 6701,  
August 8th, 1938 - I wish to advise you that  
the estimate submitted for material required  
included a woodshed attached to the school  
building. It was found, later, that a  
detached woodshed would be far better and safer,  
thereby using extra material for building same.

I trust the Department will favour-  
ably consider this extra expenditure which was  
really necessary.

I may say that the provision made  
in the 1938-1939 Estimates more than covers all  
expenditures incurred on both school and teacher's  
residence on the Kitsegukla Reserve.

Your obedient servant,

*G. C. Mortimer*

Date..... Aug. 12 ..... 1941

For Kitsgukla I.D. School Bebie Agency

**NOTE:—**

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "Number Authorized".

re- Painting and Repairing of Kitsegukla Indian Day School Building.

In the 1943-44 Estimates an amount of \$250.00 was entered to cover the above noted project. If this amount has been allotted, will you kindly procure authority for me to have the work carried out during the summer months when the school is closed?

Following is a list of the materials it is estimated will be required to complete the project:

8 Squares, Hexagon Asphalt Shingles @ 10.00 per Square 80.00

With reference to this item, I would advise that cedar shingles are unprocurable here at the present time, and in any case I believe that if consideration is given to the durability of asphalt shingles, the fact that no paint or stain is required, and the fire protection provided by them, they would prove to be less expensive than cedar, over a period of time.

It is considered that the balance of the estimated \$250.00 total cost will be ample to cover the cost of labour, and incidentals such as paint brushes and turpentine which can be procured locally.

When authority is procured for carrying out this work,

re- Painting & Repairing of Kitsegukla Indian Day School Building.

Replying to your letter of June 8, I would advise that it is intended to lay the asphalt shingles directly on top of the old cedar shingles, as is recommended by the manufacturers, on the Kitsegukla Indian Day School building.

The spaces between the roof boards, which in this case are very small, will not therefore matter.

Your file: 215-1-8607.  
Re: Kitsegukla I.D. School.

With reference to your letter Dec. 2/43, I wish to advise you that the labor in connection with painting of both inside and outside of Kitsegukla I.D. School, has cost more than was at first estimated. For this work alone there were 360 hours of labor @ .40¢ per hour, totaling \$144.00. Three coats of paint had to be applied on all plain woodwork which added considerable to the number of hours. The price of .40¢ per hour I considered particularly reasonable as a general payment is at least .65¢ per hour.

The known accounts to date are as follows:

|                                     |                |               |                                |

| Shingle Tacks, . . . . .            |                | 6.00          |                                |
| Labor (painting only) . . . . .     |                | 144.00        |                                |
|                                     |                | <u>208.61</u> |                                |

To which will be added freight on second shipment of shingles and labor of shingling.

It would appear from the above that the original estimate is almost \$100.00 short of the actual cost and I would ask if you would kindly obtain authority, from the Department to cover this amount.

Re - Repairs to Kitsegukla Indian Day School

In reply to your letter of January 11th and previous correspondence I wish to advise you that I have investigated the time of 360 hours taken in painting both the inside and outside of the Kitsegukla school and I am certain no time was wasted in doing this work. The Indian concerned informs me that on several occasions he stayed up to half an hour longer in order to finish the part he was doing, but never charged extra time. I also figured out the time I considered it should have taken and there was not more than 8 hours difference. I wish to emphasize the fact that only .40¢ per hour was the wage agreed upon. This price is not more than half that paid for such work.

Besides the painting there were four blackboards badly cracked. These were taken down, the usable portions cut and four small but perfectly good blackboards framed and put up. Two other new blackboards were framed and also put up.

Arrangements were made for the work to be done on September 7th 1943 and five visits were made while the work was in progress.

I am enclosing a voucher with attached accounts for the painting and shingling the roof of the school, together with an account for the material not previously submitted.

The following is a summary of all accounts in connection with this repair work:

|           |     |                      |               |          |

Indian Affairs Branch, Department of Mines and Resources,

With reference to your letter of July 22nd, 1943, authorizing an expenditure of \$250.00 for repairs to the Kitsegukla Indian Day School, I beg to enclose herewith Babine Agency Voucher No. 319 for \$177.60 covering labour charges in this connection and Voucher No. 320 for \$6.00 covering the supply of roofing tacks. I also enclose copy of Mr. Indian Agent Mallinson's letters of December 14th and December 17th, wherein it will be noted that the total of the above-mentioned vouchers and others previously submitted exceeds the amount authorized by \$99.74.

The actual cost of labour in excess of the estimated cost is largely responsible for the overexpenditure, and, although the rate per day is low, the time spent on the project would appear to be excessive.

However, as the project is now completed and Mr. Indian Agent Mallinson is satisfied with the work done, there would appear to be no alternative but to recommend the accounts for payment.

I am advised by the Reverend W. P. Bunt that he has recommended the nomination of Mrs. B.N. Kitchenmaster as teacher of the Kitsegukla Indian Day School. Mr. Bunt advises that Mrs. Kitchenmaster is exceptionally well qualified and experienced, and if conditions at the village are satisfactory would like to remain for some time. In view of this it is considered advisable that some repairs be carried out to the teacher's residence and that a few items of furnishings be supplied. Mr. Mallinson estimates that repairs and alterations to the teacherage would cost approximately \$360.00, this amount to provide for the removal of a partition and painting of the interior of the building. Although no specific provision was made in the estimates for this expenditure, there are a number of other improvements provided for which will not likely be carried out and if funds are available it is recommended that Mr. Mallinson be authorized to proceed with the work on submission of full details through this office.

Indian Affairs Branch, Dept. of Mines and Resources,  
Ottawa, Ontario.

I enclose herewith Mr. Indian Agent Mallinson's letter of October 23rd, together with Babine Agency voucher No. 249 in favour of Adjutant A. L. Newby, covering gasoline and oil required to provide transportation for him to and from Kitsegukla Indian Reserve during the twenty days he spent in carrying out repairs to the teacherage of the Kitsegukla Indian Day School.

Mr. Newby was employed for a total of 160 hours and voucher No. 207 in his favour covering labour at the rate of \$1.00 an hour has already been submitted to the Department. I am of the opinion that Mr. Newby's claim for transportation expenses should not be considered as he has been well paid at the rate of \$1.00 an hour and I am not prepared, therefore, to recommend payment of voucher No. 249.

D. M. McKay, Esq., Indian Commissioner for B. C., Vancouver, B. C.

With reference to the enclosed voucher No. 207, for \$160.00 in favour of Adj. A. L. Newby, I wish to advise that the Adjutant motored to Kitsegukla each day, for which no charge has been made. He informs me that he covered over one thousand miles, and if possible, it would be appreciated if he could be allowed the cost of gasoline and oil for these journeys, amounting to \$21.30, comprised as follows:

|                   |       |                |
|-------------------|-------|----------------|
| 50 gals. gasoline | @ .39 | \$19.50        |
| 4 qts. oil        | @ .45 | 1.80           |
|                   |       | <u>\$21.30</u> |

I have your letter of the 23rd ultimo,  
in reference to voucher No. 249 from the Babine Agency.

The Department considers that Adjutant  
Newby was adequately paid for the work he did at the  
Kitsegukla School and, consequently, we are not  
prepared to pay voucher No. 249.

In reference to the receipt of your letter, dated the 13th of March last, stating that Chief A. Wedildahl, now of Kitselas, had written to the Department, and among other things had asked for the appointment of a teacher, and was requested to give a report upon the situation, dealing with the numbers, locations and religion of the Indians, and the work performed during the past by teachers who were appointed by the Methodist Church,

In reply thereto, I have the honour to state that, collectively, there are 79 Indians of this band, of whom there are about 17 of school age.

Its main village is New Town, about 3 miles below the canyon. Of religion, the people are Methodist.

For some time, since this band became incorporated with this Agency, a native teacher named B. S. Tait was at New Town. Though repeatedly requesting a report on the school there, I failed.

Thereafter a young white man named E. S. Cole came thither as a teacher. The latter I sent time and again samples of how the reports ought to be made out, a lot of forms, letters, etc., but for my pains never even received a reply.

Later on, upon enquiry, I was told that Wedildahl was trying to have E. S. Cole as a sort of private secretary, and because of that the latter had left his post, and had gone to work in an hotel at the canyon.

Sir,

The Department is in receipt of a requisition for supplies for the New Town School. This is the first intimation it has had that the school was in operation. The last communication from you in the matter was dated June 19th, last, and contained nothing definite as to the appointment of a teacher. It seems strange that you should now forward a requisition with no information as to when the school was opened or with regard to the qualifications of the teacher. In the meantime until the Department has decided to recognize the school it cannot be responsible for the school material or for the salary of the teacher. You will be good enough to report fully by return mail.

who is well qualified and a man of an attractive personality, and has a large and interesting family whose presence I found to lend a good influence to the community.

By Mr. Edgar I was asked to ~~be~~ forward the requisition referred to, and recommend it to be filled.

I am quite confident that Mr. Edgar will give a very good account of himself as a teacher, and otherwise.

By him I was told that the people raised objections to having their church building used any longer for school purposes, and that a building were required to meet the case.

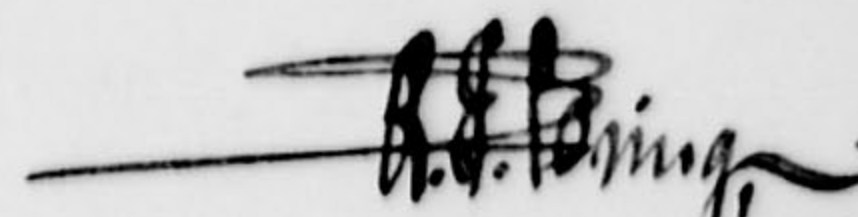

Since Mr. Edgar is likewise a good carpenter by profession, I asked him to submit to me a plan with an estimate for the building required, and promised to forward the same at once to the Department for approval.

The latter I am awaiting, and deferred my report in this respect till the time of their receipt. In the meantime a building can be improvised wherein school can be taught.

Sir,-

I have the honour to acknowledge the receipt of your letter, dated the 19th ultimo, regarding a requisition for supplies for the New Town School, and therein it is stated that it were the first intimation the Department had that a school there were in operation, and refers to my last communication thereupon, dated the 19th of June last. It is also remarked that in the meantime, until the Department has recognized that school, it cannot be responsible for the school material or for the salary of its teacher.

In explanation to the foregoing I beg to state that since the 1st of April 1909, New Town, with Kitselas, became part of this Agency, and a native teacher, named Robert Tate, was counted as such, but was not at all qualified in any respect. During the summer months the children accompanied their parents to Port Essington. This feature will in the near future obtain no more.

Thereafter a young white man, named R. S. Cole, came there unannounced as a teacher, and departed in like manner.

To the latter I sent a list of school material, which I thought would meet the requirements there. I also sent him a carefully made out sample of a school return, with forms, and descriptive annotations.

Of the latter teacher I heard no more until being casually informed that he went to work in the hotel at the canyon.

But, reporting under the present conditions, I beg to state that a teacher, Mr. Louis Edgar, is at New Town,

Mr. Pedley,-

At intervals from as far back as 1905 an Indian day school has been conducted in the Kitselas (New Town) Indian Village, Babine Agency. This reserve has a population of 79 and the census returns show a school population of 15. The school has not been in operation since the New Year, but Mr. Edgar, the Missionary teacher appointed by the Methodist Church, conducted a school from May to December, 1911. His average attendance during that period was as follows:-

|                      |    |
|----------------------|----|
| May and June average | 9  |
| August and September | 7  |
| October              | 7  |
| November             | 12 |
| December             | 14 |

The school is conducted in the church, which was built by the Indians. The Agent, Mr. Loring, reports in favour of the Department recognizing this school and paying a grant towards

towards the salary of the teacher and the Indians themselves have asked for the establishment of the school.

In view of the number of children of school age and the fact that a teacher who is well spoken of by the Rev. Mr. Ferrier, Superintendent of Methodist Indian Schools, is available, I would recommend that this school be allowed a grant of \$300.00 per annum and that the necessary stationery be forwarded to the teacher.

Plans for a school-house were submitted some-time ago by the Agent, who was informed that the Department was not prepared to consider the matter at that time, but, should the attendance be satisfactory, the question of building a school <sup>can</sup> ~~would~~ be dealt with next year.

In answer to yours of November 13th 1911,

in g the school at Kitselas (New Town) B. C., I enclose you

Mr. Edgar was sent there to do the work of Missionary and teacher.  
I had the pleasure of meeting him and he is a very bright

in at once. I am also of the opinion that it might  
be wise for the Department to build a school house. However,  
I will look into this matter very fully and see what kind  
of buildings we have and whether it would be necessary for  
the Departmen t to go to the expense of a new building.  
In the meantime, I trust all necessary supplies will be sent  
in at the earliest possible date.

Rev. Ferrier,

Brandon, Man.

Dear Mr Ferrier,-

Your letter of the 20th. March to hand.  
As I informed you at Prince Rupert, we have not opened school at Kitselas ( New Town ) since the New Year.

There are eighteen children of school age in the village here. There is a population of eighty on the Reserve. My work consists chiefly of preaching and also assisting all I can as Chairman of the Village Committee. We have church services on Sunday at 11.00 a.m. 3.00 p.m. and 7.00 p.m., also on Tuesdays and Fridays at 7.30. The school certainly ought to be opened with the least possible delay. It is shameful the way we have been held up in this important part of our work. When we came to New Town at the end of May 1911 we found no equipment whatever to carry on our work, save an old register and four or five badly torn readers, 2nd Primers. There were no slates or any other material. I wrote to the chairman of the District and also to Mr. Green, School Inspector, about supplies. We opened school and did our best without help until the end of June, when school closed for the holidays, and I was down at the mouth of the Skeena preaching the Gospel at the

Canneries . The school was re-opened after the holidays on August 29th. (Friday) by Bro. Deans . I got up in September and relieved him . No supplies had come . I received a schedule from Mr. Raley to fill in, showing what our needs were . This was attended to at once ., and forwarded at once to Indian Agent Loring at Hazelton . He told me that he had sent my request to Ottawa and that books and other things would soon be here . Handicapped as we were, we continued to teach school up until Christmas . We had written to Mr. Loring several times, and also to Mr. Raley, explaining the difficulty we were in, trying to hold the children and instruct them without books . Mr. Loring assured us the books would be here any time, and we postponed opening school until these arrived . So far we have seen no sign of them and have lost practically three months work . Had a letter from Mr. Loring last week and he tells me now that he has been in touch with the Department at Ottawa and hoped to have my supplies here soon . In February I visited him at Hazelton and while there he promised he would do his best to get a grant for the school house at New Town . The school is at present held in the church, which was built entirely by the people, save for a grant of \$100.00 from the Missionary Society, and the Government has not spent a penny on buildings here . The old church was burned down some time years ago . Whether that was due built with the assistance of the Government we do not know . The people would very much like a school house, so the church would be kept for the regular services only . The children

Dear Sir,-

Replying to yours of March 6th. #275604/A, re the School at Kitselas (New town) B. C., we have a man there by the name of Louis Edgar, who has charge of the Indian work at that point. I am not quite positive about the school interests, whether he teaches the children, or whether there are sufficient there to open a school. However, I will write him and ask him to give me all particulars concerning his work and let the Department know.

I have the honour to state that as remarked and presumed in my report on the New Town, Kitselas, Indian Day School for last month, Mr. Frank Van Gorder arrived there on the 6th instant as teacher of that school.

Mr. Van Gorder is well recommended as a teacher.

By correspondence, Mr. Van Gorder sets forth that though for years he had been engaged in the United States Government work as a substitute as teacher in Indian Schools, he lately came from the Province of Saskatchewan, and is a British subject by naturalization.

Revd. Mr. J. C. Spencer, the present Superintendent of Methodist Mission work of this district, highly recommends Mr. Van Gorder for the position, and requested me to communicate with the Department in view of having arranged for this new teacher's salary, and for that purpose gave me an outline of what teachers, of other localities of his district had been accorded,

to wit:-

|              |           |         |
|--------------|-----------|---------|
| Metlakatla   | pro month | \$80.00 |
| Port Simpson | "         | 80.00   |
| Masset       | "         | 75.00,  |

and a free house, respectively; and in regard thereto, I beg to enclose herewith Mr. Spencer's letter to me, dated the 3rd instant, in bearing thereupon.

In the matter of a free house, I think that the little old Mission house, though now bared of all furniture, stove, etc., could be utilized for the teacher's home.

In adverting to Departmental letter, dated the 19th of January last, and to which I replied under the 15th of February following, respectively, and other correspondence, I have the honour to enclose herewith the teacher's (Mr. Edgar) returns on the day school of New Town, Kitselas, B.C., for the September and December Quarters 1911, not, as I believe, to be intended to gain the salary for the same than merely to show that school there actually had been kept up to the end of the latter quarter, and was discontinued partly for reasons that the people refused to any longer to loan their meeting-house there for that purpose and partly for want of supplies.

In respect of a building being improvised for that purpose, I will do my best in order to have the school going, especially so since I became advised of the school material being forwarded for that purpose, and a grant for its teacher being allowed, as per letter under even file and date of the 7th instant.

SPECIAL REPORT  
on  
New Town Indian Day School, Kitselas, Babine Age

Sir,

I have the honor to report that on my way down the Skeena River I visited the Indian village of New Town (Kitselas) at the request of the Indians. They called a meeting and spoke at great length requesting a school house, and help, for the school, from the Department.

Mr. Lewis Edgar, a married man with five children, has taught school for one year. He has had an average of twelve. There are about twenty children of school age in the village, healthy, bright children, and they are doing well in their studies, in fact considering that he has poor equipment, especially well. The teacher had purchased a few small books, slates, a few bibles and hymn books.

The village has improved greatly during the year that Mr. Edgar has been there. The Indians are now able to keep the drunken men off the reserve, and the village is orderly. The teacher has a splendid garden, fruits, vegetables, and flowers, and the Indians are trying to imitate him. At the time of my visit he was showing them how to plant garden seeds. He is also a good carpenter and shows them how to build.

The Indians themselves have built a good church, nicely seated with chairs. The school is held in this, but some of the Indians object, they complain it scratches the chairs, and they wish for a separate building.

The village is beautifully situated, the land excellent, the people progressive, and worth encouraging. I would respectfully recommend that this school receive assistance from the Department.

Mr. Edgar is a most valuable man on the reserve. When I visited the village a year ago, a month before he went to the village,

I and five drunken white men there, and the Indians unable to send them away. This is all changed, the teacher has shown good tact in dealing with white men. "Van Arsdon" Station on the G.T.P.R the terminus of the line from Prince Rupert, is only a quarter of a mile away from the village, and hundreds of navvies and all sorts of people get to this point by rail, then often stay days before starting up river on ice, etc. Many of them go to the reserve to get shelter and food. Only by the watchfulness of the teacher have the Indians been able to protect themselves from being demoralized.

The officials of the Railway told me that they admired the good sense of Mr. Edgar in dealing with the people, and that he had assisted much in keeping order, and preventing drinking.

I have the honor to remain

Sir,

I have the honor to transmit herewith reports on the Kitselas, Kitkatla and Hartley Bay Indian day schools, to the end of April, ultimo.

I would point out that it is most unfortunate that, owing to the nomadic pursuits of the Indians of these villages, the attendance is so poor at this time of the year. There will be poor attendances at these schools - in fact one may safely say there will be no attendance worth reporting on - till about October 1st next. Most of what the children learn whilst at school will be forgotten during these months of absence, thus it is almost impossible for the children to advance beyond the third grade or standard. The boarding school, it would seem, is the best medium of education and, in view of the expense of keeping these schools in operation, it seems questionable whether any advantage is gained by having the schools at these points continued. Dear Sir:-

I have been told by certain of our church officials who are also connected with the Indian Dept., that you are liberal-minded in regard to advancing the work of Indian schools, and always ready to help along the cause with which you have been so long connected. I have been teaching Indian schools now for eight years and have found it at times, a great drag and very monotonous. The average Indian child is slow to grasp the essentials of a common education, but on the contrary, is naturally gifted in a mechanical sense. What he sees, feels or touches, or in other words - object lessons - appeal to him. This part of a child's education is becoming more and more practiced in all our schools, but from my practical experience in Indian

schools I feel the need is imperative in connection with the education of our Indian children.

In connection with the Kitzelas school with which I have been connected for over three years I find the situation even more exhaustive of energy and requiring more tact and patience than in either the Skidegate or Port Simpson schools with which I was connected for two years in each. This school has a very small average attendance and the children are nearly all in the Primer or low grade classes. It has been very difficult to keep up enthusiasm as an incentive to steady attendance or a desire to push ahead and advance. So I have been thinking seriously over the whole situation as to how I might make school life more attractive and have been wondering whether you would give your permission to allow the purchase of a limited

supply of mechanical toys that would have an educational value. The Indian is handy with tools and is a good mechanic, considering all the chances he has had to learn. For the boys I would suggest a set of Meccano which costs up to \$20.00 according to the amount purchased. This game would be entertaining, instructive and of an educational value. For the girls, I have not yet made a selection but feel confident something suitable can be found. I honestly believe that if these toys were in our school, it would be an attractive as well as an educational agency which would mean a great deal towards supplementing book study.

Trusting you will give this subject your perusal and hope to hear from you soon. I am,

Yours truly

With regard to the school at Kitselas, a petition was received from the Indians at that place requesting a change of teacher. As the Rev. A. Barner, Superintendent of Indian Missions of the United Church, and Capt. G. H. Sir:

Referring to that portion of your letter of the 4th instant, informing the Department that Mr. Chas. M. MacKinnon, teacher of the Kitselas Indian Day School, has been obliged, on account of illness, to discontinue his duties, I have to say it is noted that arrangements have been made for Mr. Burnett to carry on the work until Mr. MacKinnon is able to resume duties. It is hoped that Mr. MacKinnon will be able to again take up work as teacher at an early date.

You might inform the Department as to what arrangements were made for salary for Mr. Burnett's services during the period he is temporarily engaged, and also state his Christian name. When the quarterly return of attendance for the current quarter is prepared, it should be stated thereon the dates between which Mr. MacKinnon was absent and also the period Mr. Burnett taught.

A. F. MacKenzie,  
Secretary.

EXTRACT FROM REPORT OF MR. INDIAN AGENT COLLISON,  
FOR THE MONTH OF JUNE, 1929, ON THE KITSELAS  
INDIAN DAY SCHOOL.

Original on File 168-20-7

From time to time dissatisfaction has been expressed by the Indians regarding the work of the school and ~~the~~ requests made for the appointment of a new teacher. Whilst Mr. MacKinnon is not a young man and may be old-fashioned in his methods of teaching he is giving the best service he can under conditions which are not always encouraging.

Sir:

I have your letter (undated), enclosing a petition received from the Kitselas Indians regarding the services of Mr. C. M. MacKinnon, teacher of the Kitselas Indian Day School, and requesting that a new teacher be engaged.

In reply I have to say that the authorities of the United Church of Canada, under whose auspices this school is conducted, have already arranged for the continuing of the services of Mr. MacKinnon. The Department has approved of his re-engagement for the coming school year, and it would, therefore, be difficult to make any change at the present time. If Mr. MacKinnon's services prove to be unsatisfactory to the Indians during the next school year, you should bring the matter to the attention of the Department about the 1st of April, next, when the question of obtaining the services of another teacher for the school year 1930-31 could then be brought to the attention of the Church authorities.

OFFICE OF  
INDIAN AGENT  
Prince Rupert, B.C.

Sir:-

I am forwarding the enclosed petition received from the Kitselas Indians regarding Mr. MacKinnon, teacher of the day school. Previous requests from the Indians along the same lines having been made from time to time I am now placing the matter before the Department as the continued dissatisfaction among the Indians is not conducive to the progress and regular attendance of pupils at school.

The Indians complain that the children are not making satisfactory progress, and that Mr. MacKinnon's methods of teaching are not up-to-date. Personally, I have always found Mr. MacKinnon- who is an elderly man-most conscientious and interested in his work, but at the same time I can sympathize with the Indians in their desire to have more modern teaching for their children. The school is a small one, and might be difficult to fill, as it would not be advisable to place a young teacher in charge on account of the isolation and the fact that there are no other white people near.

As the present situation is not satisfactory, I would recommend that the matter be taken up with the United Church authorities for consideration.

Dear Sir:-

We the undersigned members of  
Kitselas Band wish to apply for a new  
school teacher, and have Mr McKinnon  
the present school teacher be removed from  
our village, as his work for our children is  
found a failure.

Resolution is passed in our meeting that Mr  
McKinnon should work his time out at the  
close of school this summer.

But the new school teacher is needed in his  
place who will educate our children.

Education is needed for our children as  
well as other people's children.

EXTRACT FROM AGENT'S REPORT ON THE KITSELAS INDIAN DAY  
SCHOOL FOR THE MONTH OF JANUARY, 1924.  
-----

*PM*  
*School*  
The number of children attending this school is comparatively small, the average attendance for the month being only 8.5. Indian parents have, on several occasions, made complaints against the teacher, Mr. McKinnon, but these have proved on investigation to be of a most trivial nature. It has, nevertheless, resulted in a certain amount of indifference on the part of the Indians as to whether their children attend school or not. Personally I have always found Mr. McKinnon very pains-taking in his work. No doubt he has to put up with a great many disadvantages - especially since the school was burnt down - as the use of the Indian church has not proved satisfactory.

EXTRACT FROM LETTER OF G. H. BARRY, ESQ.,  
INSPECTOR OF INDIAN SCHOOLS FOR THE PROVINCE  
OF B. C., DATED JULY 8, 1932, ADDRESSED TO  
REV. A. BARNER.

Original on No. 168-2-1.

As teacher of the Indian Day School at Kitselas, the position left vacant through the death of Mr. MacKinnon, I would recommend the appointment of Mr. Percy H. Gladstone, 1080 Broughton St., Vancouver. Mr. Gladstone, as you know, is an Indian boy of 21 years of age, who has just completed his training at the Vancouver Normal School, which entitles him to a Second Class (Interim) Teacher's Certificate for British Columbia, though this certificate may be changed to a First Class in September if Mr. Gladstone is successful in a supplementary examination which he hopes to write then.

I have enquired very carefully into the record of this boy during the period while he was a student at the Coqualeetza Residential School and the Provincial Normal School. As a result, I consider that Mr. Gladstone should be appointed on probation in the first instance. I shall be visiting the Kitselas Indian Day School during the latter part of September or early in October, and shall take extra care in inquiring into Mr. Gladstone's methods and success with the children of that village.

It may also be mentioned that Mr. Gladstone is highly recommended for appointment in an Indian School by Rev. G. H. Raley and officials of the United Church of Canada.

I beg to inform the Department of the death of C.M. Mackinnon, teacher of the Indian Day School at Kitselas Indian Res. Vanarsdol. which took place on the 5th May en-route to Vancouver.

In view of the fact that the Indians will be away most of the time between now and the present term and will all be gone to the canneries by the 15th June, I would recommend that the appointment of a successor be deferred until September.

The position of dispenser is also vacant as Mrs. Mackinnon will now reside in Vancouver.

I am writing Rev. A. Barner in the matter as the United Church authorities may wish to make a recommendation to the Department with regard to the appointment of a new teacher.

Reverend Sir:

I wish to refer to my letter of this file of yesterday's date, relative to gratuity in the case of the late Mr. MacKinnon, formerly teacher at the Kitselas Indian Day School. I find, upon reviewing the regulations, that it is impossible to give more than two months in his case. The procedure is different in the case of those who have not been continuously in our service from the year 1918. The Department regrets that this is all that can be done in this case.

Salary to May 5th and two months' gratuity to Mrs. MacKinnon can be granted. Both cheques will be directed to your office, so that you can make any adjustment that is necessary with Mrs. MacKinnon.

Dear Mr. Ferrier:

I have received the news of the sudden death of Mr. C. M. MacKinnon of Kitsileas, B. C. This took place on the 5th of May. I have not heard what arrangement is being made for the school at Kitsileas. This, I expect, will be cared for by Mr. Collison.

We have forwarded to Mrs. MacKinnon a cheque covering the salary for May and June which we felt would be perfectly safe in view of the decision of the Department to make a special grant of 3 months salary at the time of Mr. MacKinnon's retirement. This cheque will assist her for the time being.

Under these circumstances I would like to know the course of action the Department will decide upon in the matter of final settlement with Mrs. MacKinnon. Kindly inform me as soon as convenient and oblige.

Dear Sir:

In further reference to your letter of March 24th, No. 168-20-1, addressed to Rev. K. J. Beaton, I may say that I have had a letter from Mr. McKinnon making a strenuous appeal that his term of office at Klemtu be extended another year. As this does not seem possible in view of his failing health and advanced years, I would urge upon the Department sympathetic consideration in regard to a generous bonus to Mr. McKinnon at the time of his retirement. Both Mr. and Mrs. McKinnon are in poor health and recently they have had heavy medical expenses so I feel sure that the Department will give this case practical consideration.

Your File No. 168-20-1.

*now for*  
Acknowledging yours of March 24th concerning Mr. C. M. MacKinnon, Indian Day School teacher at Kitselas, may I say that we have already learned through our Superintendent of Indian Missions that Mr. MacKinnon was likely to be asked to retire and we have been making some enquiries as to the very best teacher available for appointment to that field. As soon as possible after April 1st, Mr. MacKinnon will be notified and we will send you a nomination for the post.

Yours very sincerely,

Rev. Sir:

I have your letter of the 13th instant, enclosing a communication which you received from Mr. G. H. Barry, Inspector of Schools for the Province of British Columbia, and copy of your reply thereto, nominating the services of teachers for the senior and junior classrooms at the Port Simpson Indian Day School, also a teacher for the Kitselas Indian Day School, and stating the qualifications and experience which they possess.

In reply I have to say that the Department will approve of the appointment of Miss Ruth Levins as teacher of the senior room at Port Simpson for the coming school year, with salary at the rate of \$90 per teaching month, less 10% for the current fiscal year. We will also approve of the appointment of Miss Florence L. Perry as teacher of the junior room, with salary at the rate of \$90 per teaching month, less 10% for the current fiscal year.

The appointment of Mr. Percy H. Gladstone as teacher of the Kitselas Indian Day School, with salary at the rate of \$90 per teaching month, less 10% for the current fiscal year, is also approved.

The local Indian Agent is being informed of the appointment of the above named teachers and the salary they will receive, and he is being requested to give them every assistance he can in their work. I should be pleased if you would inform these teachers of their appointment, and arrange with them to take up duties when the schools reopen after the present summer holidays, on September 1st, next.

It is hoped that these teachers will meet with success in their work.

Mr. J. D. Sutherland,  
Department of Indian Affairs,  
O t t a w a, Ontario.

SEP 4 1936  
RECORDED  
September 3rd,  
1 9 3 6.

Dear Mr. Sutherland:      Re: Kitselas Indian Day School

Our Superintendent in British Columbia in-  
forms me that on the eve of the opening of school, Mr. A. J.  
Hewson secured a position as teacher in the Continuation School  
at Terrace, B.C. He has made temporary arrangements to have  
the school at Kitselas supplied by Miss Marjorie Kenny, of  
Terrace, who holds a second-class British Columbia certificate,  
having graduated from the Vancouver Normal. She has been able  
to make suitable arrangements for boarding and since her home  
is in Terrace, it would seem to be advisable to permit her to  
continue for the academic year, September, 1936, to June, 1937.

In writing to the Agent, will you please  
tell him that the appointment is for one year only. During  
the year we hope that the new school and teacherage will be  
erected and we can again appoint a married teacher. Hewson's  
difficulty lay in the fact that it was impossible to rent a  
suitable house within reasonable walking distance of the  
school. It is not the type of place, however, to which either  
the Government or the Church should send a young inexperienced  
girl under normal circumstances.

Hoping that this arrangement will meet with  
your approval,

I am

Yours sincerely,

*Kenneth J. Beaton*

MEMORANDUM

The Honourable the Superintendent General,-

I wish to refer to my memorandum of the 14th instant, regarding the appointment of a teacher for the Kitselas Indian Day School, located on the Kitselas Indian Reserve, No. 1 (Electoral District of Skeena) British Columbia.

The church authorities, who nominated the services of Mr. Haldane Blackwell, stated that he will not be able to accept this position, and they now wire the Department, nominating the services of Alfred J. Hewson. It is stated that Mr. Hewson is a British Columbia senior matriculant and a graduate of the normal school. The salary rating is \$90 per teaching month.

As this school is conducted under the auspices of the United Church of Canada, I submit for your approval the appointment of Mr. Hewson, to begin duties when the school re-opens after the present summer holidays, on September third, next.

Dear Sir: RE INDIAN DAY SCHOOL, KITSELAS, B.C.

We are in receipt of the resignation of Mr. Percy H. Gladstone who has been the Teacher at the Indian Day School, Kitselas, B. C., for the last two years. He is considering returning to the University of B. C. to finish his University education.

As his successor I would like to nominate Mr. Haldane Blackwell, who holds a First-Class Teacher's Certificate, a Certificate in First Aid from the St. John's Ambulance Association, and has had an unusual amount of experience in work with boys in the matter of religious education, recreation and training in arts and crafts. Mr. Blackwell is 26 years of age. We have interviewed him and checked up on his credentials and recommendations, and feel satisfied that he will be, by long odds, the best Teacher who has held the Kitselas School for several years.

Hoping this meets with your approval, I am

Yours sincerely,

Dear Dr. Osterhout:-

I am in receipt of your letter of the 2nd instant, with reference to your nomination of Mr. Reginald Kelly as teacher of the Kitselas Indian Day School in the Skeena River Agency, to take the place of Mr. Hewson resigned.

With reference to this matter I would ask you to make the nomination direct to the Department of Indian Affairs in Ottawa, as I have nothing whatever to do with the recommendation or nomination of teachers. It is of course quite possible that you have so nominated Mr. Kelly for appointment by the Department, and that your letter to me is just to let me know that this has been done.

If the Mr. Reginald Kelly to whom you refer is Thomas R. Kelly P.O. Box 51 Ocean Falls, a son of the Rev. P. Kelly, I may say that I did see him, and at that time told him I had nothing to do with nominations. I did suggest that he would do well to see you when in Vancouver.

I am leaving for Hazelton and Prince Rupert next Tuesday, September 8th, and shall make a point of visiting Vuntutsoi while in the North. You may rest assured that I shall do everything in my power to help Mr. Kelly, though I am not certain that Kitselas is the best place for him. I should have preferred him to have another year in college and then to receive your nomination to a school where there would have been less actual Missionary Work than is the case at the Kitselas Indian village. However I am glad he has work for this year and when it is possible I shall spend some time with him in outlining work and methods.

With all kind regards  
Yours sincerely,

W. E. Collison, Esq.,  
Indian Agent,  
Prince Rupert, B.C.

Dear Mr. Collison:-

I am forwarding herewith a copy of correspondence with the Rev. Dr. Osterhout, of the United Church of Canada, 411 Dominion Bank Building, Vancouver, B.C., with reference to the nomination of a Mr. Reginald Kelly to take the place of Mr. Hewson, who has apparently resigned as teacher of the Kitselas Indian Day School in your Agency.

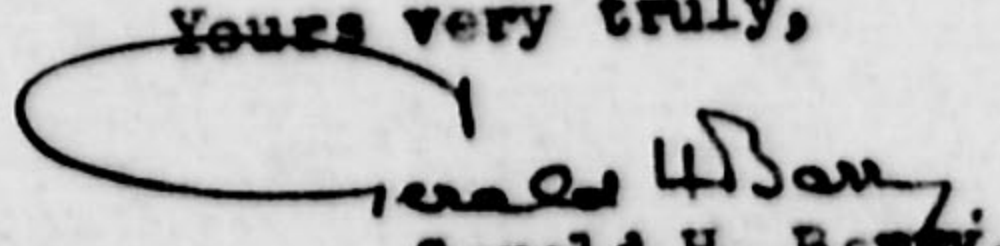

This is of course the first that I have heard of any change of teachers at Kitselas, and I am not very clear as to whether the Department of Indian Affairs has been notified direct with regard to the nomination of Mr. Kelly as teacher by the United Church of Canada. From Dr. Osterhout's letter it would appear that he did write to you in the matter. To make quite certain, I am forwarding a copy of this file to Ottawa for the information of the officials of the Schools' Branch. You will no doubt hear from the Department in due course.

As you know I hope to be in your Agency during the latter part of the present month. With your help I propose to visit the Kitselas Indian Day School for an inspection in the morning and this will leave the afternoon free for any help I can give the new teacher with methods, programme of work, etc. This I feel certain will be along the line of the Department's wishes in the matter. When Mr. Kelly called on the Assistant Commissioner here and was later introduced to me, I had no idea that he would be teaching in one of our schools this year. Had I known that it was likely that he would be nominated for Kitselas I should have given him several hours instruction, as was done for each of the other new teachers calling here this year.

You have a copy of my proposed itinerary for September. Mr. Indian Agent Todd does not think I can finish certain necessary work in the Kwakwaka'wakw Agency and go to Prince Rupert by the Canadian Pacific S.S. Princess Adelaide as arranged. If I am delayed at Alert Bay, I shall go on to Prince Rupert on the Union S.S. Catala due to arrive there on Sunday evening, September 13th. You may therefore expect me to call at your office on Monday morning the 14th. We can then arrange a date for the inspection of the Kitselas Indian Day School.

With all good wishes,

Yours very truly,

Dear Sir,-

With reference to your letter of the first instant, the Department is advised by the Secretary of the Board of Home Missions of the United Church of Canada that Miss Marjorie Kenny was unable to accept the appointment as teacher of the Kitselas Indian Day School.

The appointment of Mr. Reginald Kelly as teacher of this school is approved and it is understood that he began duties on the first instant. Salary will be allowed him at the rate of \$90 a teaching month. Mr. Kelly has completed two years in Arts and has a first class certificate from the Vancouver Normal School.

I enclose circular regarding dates of opening and closing of Indian day schools, also staff questionnaire which you should have Mr. Kelly complete and return to the Department as soon as possible.

Dear Mr. Sutherland:

Re Kitselas Indian Day School

*Approved  
H. J. Kelly*

I have your letter of September 10th acknowledging my communication concerning Miss Marjorie Kenny. I have just received word at the last moment that Miss Kenny got an opportunity to go to a white school and passed up the opportunity to teach at Kitselas. Her father, as you know, is a member of the Provincial Parliament for that riding and put a good deal of pressure on our Superintendent in British Columbia to get her appointed.

As they had only two days in which to find a teacher in time for the opening of school they sent in Mr. Reginald Kelly, son of Rev. Peter Kelly who is well known in the Department. Reginald has I understand completed two years in Arts and has a first class certificate from the Vancouver Normal. I hope the Department will be able to agree to his appointment for at least one year. He has made a fine impression on our people in Vancouver during the last two years and it may be that in him both the Department and the Church will get some reward for the large expenditure which has been made on the Kelly Family.

Yours very sincerely,

Sir:

I beg to inform the Department of the resignation of Mr. Hewson as teacher of the Kitselas Day School. The Rev. Dr. Osterhout, Superintendent of Indian Missions of the United Church, has written nominating Miss Marjorie Kenny, and I quote, as follows, from his letter:

"Since conversing with you recently about the Vanarsdol school and the work of Mr. Hewson as teacher there, I have returned home to find that Mr. Hewson has accepted a position offered by the School Board of Terrace, giving us scarcely two weeks to find a successor. It goes without saying that we are very disappointed over this change in the situation as, with yourself, we felt that the Hewsons were giving very fine service among the Kitselas people.

An application has come from Miss Marjorie Kenny, a daughter of Mr. E. T. Kenny Esq., M. L. A., of Terrace and although she is but 18 years of age and quite inexperienced we feel that perhaps her appointment for one year would be the best arrangement under the circumstances. Her youth is a decided objection but being of a representative family well known to the Indians and so near at home also, the age question may not be so much stressed in her case. She states that suitable boarding arrangements can be made and I presume she will be able to get home occasionally for the weekend. The reason why the "one year" appointment is stressed is because we feel strongly that a married male teacher is decidedly better for such a school, a male leader being much more acceptable to the Indians and the home of such being a decided advantage to the community as a social and religious centre. It will be our avowed aim to secure such a teacher for next year."

I am not in favour of the appointment as Kitselas is not a suitable place for a young girl without experience. However, the appointment is to be for one year only, and I hope when the next appointment is made it will be possible to obtain the services of a married man or older person with experience. In view of the fact that the time is short and schools re-open this week, I would endorse the nomination.

Dear Mr. Collison:-

I reply to your verbal query of to-day's date, I may say that the following information with regard to his qualifications was given to me by Mr. T.R. Kelly, the newly appointed teacher of the Kitselas Indian Day School, when I inspected there on September 22nd.

Mr. Thomas Reginald Kelly: Age 22 years and 6 months.

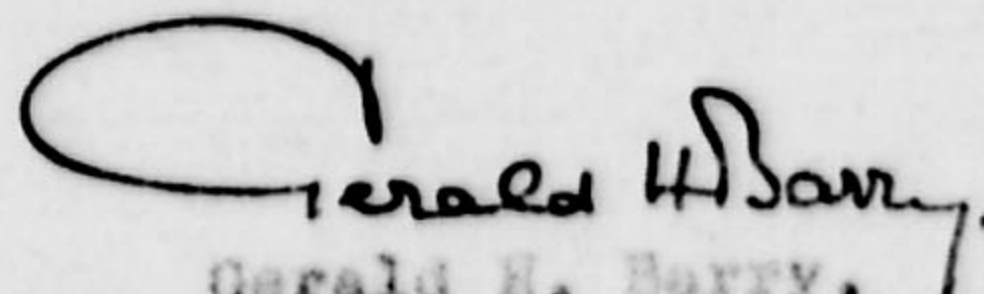

Mr. Kelly was educated in the Nanaimo High School, and later went to the Vancouver Normal School for his professional training. It was necessary for him to write certain Supplementary Examinations before he could be granted any sort of certificate valid in the B.C. Elementary schools. Mr. Kelly tells me that he has this week received information from Victoria that he has been successful in the above mentioned Supplementary Tests. He is now applying to the Registrar of the Department of Education in Victoria for his Second Class Interim Teacher's Certificate, which will be valid for two years.

Had Mr. Kelly taken the First Year's Course at the University of British Columbia, as I advised him to do when he called on me last August, he would be entitled to a First Class Certificate (Interim), but this would take him another year of study.

To obtain his Permanent Certificate it will be necessary for Mr. Kelly to teach for two years on the Interim Certificate, attend the Provincial Summer School during each of the next two years, and receive from his then Inspector a recommendation that a Permanent Certificate be issued by the Provincial Department of Education.

I hope that the above will give you the information you desire. An outline of it will be included in my report on the Kitselas Indian Day School.

Yours very truly,

  
Gerald H. Barry.

Sir:-

I beg to acknowledge the receipt of your letter of the 12th instant, File No. 168-20-1, with regard to the appointment of Mr. Reginald Kelly to the Kitselas Indian Day School. This school was inspected by Capt. G. H. Barry on the 22nd instant, during which time I was present.

The location of the new school was decided upon, after due consideration, on a much better site than the old building, which was in a hollow.

With reference to Mr. Kelly's qualifications, I drew the Inspector's attention to the contents of the Department's letter, and I enclose herewith copy of a letter received from him, regarding this matter, by which it will be seen that Mr. Kelly does not hold a first class teaching certificate, nor has he had any University education.

No doubt, the Department is aware that Mr. Kelly is an Indian of the Skidegate Band, Queen Charlotte Islands, as will be shown on the questionnaire when Mr. Kelly returns it to the Department as he has been requested to do.

Ottawa, October 2nd, 1936.

Reverend Sir,-

As you were informed in official letter of September 12th in reply to yours of September 10th, Mr. Reginald Kelly has been appointed teacher of the Kitselas Indian Day School and the Indian Agent advises that he has begun duties.

In the second paragraph of your letter of the 10th ultimo, you mentioned the qualifications which Mr. Kelly had informed you he possessed. It is found, however, that Mr. Kelly is not as highly qualified as he advised you and, for your information, I quote the following information received from Inspector G. H. Barry:-

"Mr. Kelly was educated in the Nanaimo High School and later went to the Vancouver Normal School for his professional training. It was necessary for him to write certain Supplementary Examinations before he could be granted any sort of certificate valid in the B. C. Elementary Schools. My dear Mr. Hoey:

Re - Kitselas Indian Day School

I sent on to our Superintendent in British Columbia, Rev. W. P. Bunt, your recent letter in which you told me that, on the advice of the Indian Agent, you had decided to ask the Salvation Army rather than the United Church to nominate the teacher for Kitselas in future. Mr. Bunt replied that the first intimation he had had of the proposed change was my letter. He also says that, in conversation with Major MacKay, he learned that the Major had no information that the Salvation Army had been asked to nominate a teacher.

Mr. Bunt goes on to say that conditions in Kitselas have not vitally changed in the last few years and that he does not think that there has been any sufficient reason advanced for withdrawing from the United Church the privilege of nominating the teacher for that School. He is of the opinion that Mr. Colwell, our new minister at Terrace, will be able to give much better attention to the Indians at Kitselas than the Salvation Army can give. Mr. Bunt thinks that we should have been consulted before the Army was asked to nominate a teacher. The fact is that the Salvation Army for years has been trying to undermine the work of a good many of our United Church Indian Missions. Mr. Bunt concludes by asking us to nominate Miss Ida M. Pearson, of Terrace, B.C. She holds a second-class B.C. certificate and has had thirty-five years' teaching experience. Miss Pearson is highly recommended, and Mr. Bunt thinks that she should be appointed to teach the school for the academic year 1942-43. If, at the end of that time, it seems unwise to retain any further hold on this village, we might advise Ottawa that we are withdrawing.

When you wrote me, I offered no objection to asking the Salvation Army to nominate a teacher for Kitselas, because I took it for granted that Major MacKay had been consulted and that he had been in touch with our Superintendent in British Columbia. I have understood that, while we have not always been in favor of Mr. Bunt's going to Major MacKay for advice as to what teacher should be nominated, you have taken in the past the position that this was the proper procedure. Why has this procedure not been followed in connection with Kitselas? Now, I know that Kitselas is not a very important Indian village, but it seems to me that, even at this time, I should express the opinion that to make a change

Attention Mr. R. A. Hoey

Dear Sirs,-

I have your letter of Aug. 4th addressed to Dr. Dorey, in which you enclose a letter to Major D. M. MacKay from Mr. Gillett, the Indian Agent at Prince Rupert.

I note that Mr. Gillett is of the opinion that henceforth the people in Kitselas would favor a teacher appointed by the Salvation Army. Thank you for this information. I may say that as we have withdrawn our church worker from Kitselas, we are quite agreed that the teacher in the future should be named by the Salvation Army.

Believe me,

Very sincerely yours,

Replying to your above mentioned letter, I would say that the majority of the people of the Kitselas Band are adherents to the Salvation Army. There are one or two families who belong to more or less of a local organization called the Christian Band of Workers. One family registered during the taking of the census, as adherents of the United Church and one family as adherents of the Roman Catholic Church. AIR MAIL

Dear Sir:

In a letter of concurrent date I am advising you of the transfer of Mrs. I.M. Wilson from the Kitselas Indian Day School to the Cape Mudge Indian Day School. As you are aware, Mrs. Wilson has been at Kitselas since 1937.

In 1938 the Chief Secretary of the Salvation Army wrote to the Department in part as follows:

"There is no criticism whatever of the present teacher but she has now been there for some years and a change may take place at any time. In view of the fact that practically all the children attending this school are the children of Salvation Army Soldiers, we feel that we are being reasonable when we request that we be granted the privilege of nominating a teacher."

In 1940 a petition was received from the Kitselas Band in which they stated as follows:

"While the United Church have no membership in our village, they have been permitted to supply a teacher for the school, but we would now ask that this be discontinued and that the Salvation Army be allowed to supply a suitable teacher."

Possibly you are aware of conditions existing at Kitselas and I should appreciate your advising me as soon as possible if you consider the Salvation Army or the United Church should be requested to nominate a successor to Mrs. Wilson.

KITSELAS

At Kitselas we were able to make an amicable settlement between the United Church and the Kitselas People; and the Christian Band of Workers over the church buildings and property. The real cause of the dispute was that rent of the church building when used as a school had been paid to the United Church instead of to the Christian Band of Workers. The latter, to all intents and purposes, were owners of the building but unfortunately had not been functioning properly in recent years.

Rev. M. Bunt, Superintendent of United Church Missions, agreed with the agent's suggestion that the rental be returned to the Christian Band of Workers through the Indian Agency Trust Account, if and when that organization had legally elected its officers, the money to be used only for repairs to the church building at Kitselas.

## Memorandum for file:

Colonel Peacock of the General Headquarters of the Salvation Army, Toronto, visited the Department yesterday and discussed with Dr. McGill, Mr. Hoey and myself the situation at the Kitselas Indian day school.

Colonel Peacock pointed out that with the exception of two families all the Indians on the Kitselas Reserve are adherents of the Salvation Army. As a consequence Colonel Peacock expressed the opinion that the Salvation Army should be given the privilege of nominating the teacher. He further stated that the Salvation Army have no objection to the present teacher but in the event of the present teacher giving up duties and a new teacher being appointed he earnestly requested that the Salvation Army be given the privilege of nominating the successor.

Sir:-

I am enclosing herewith, copy of a petition signed by Walter Wright and other Indians of the Kitselas band. Also copy of a letter received from Brigadier W J. Carruthers, Divisional Commander of the Salvation Army, with headquarters at Wrangell, Alaska. The petition is self-explanatory.

During my recent visit to Kitselas, I was informed that Adjutant Mark McKay, Indian adherent to the Salvation Army, was responsible for the petition.

I also found upon enquiry that the Indians were by no means unanimous regarding the matter.

The present teachers, Mr and Mrs Wilson, were nominated by the United Church of Canada. Mrs. Wilson is a very capable teacher and received an excellent report from Inspector Barry when he visited this school.

I consider the Indians at Kitselas are very fortunate in having Mr and Mrs. Wilson and certainly would not endorse a petition for their removal which I think was engineered by Salvation Army interests.

Yours faithfully,

Petition

To Rev. W. E. Collison,  
Indian Agent  
Prince Rupert B.C.

We, the resident members of the Kitselas band of Skeena River natives, respectfully petition the Department of Indian Affairs, to arrange for the appointment of a Salvation Army teacher for our school at Kitselas village.

Seeing all our people with the exception of two families who belong to the Christian Band of Workers, all all members of the Salvation Army, we would like you to permit the Salvation Army to submit an application for a fully qualified teacher for our school.

While the United Church have no membership in our village, they have been permitted to supply teachers for our school, but we would now ask that this be discontinued and that the Salvation Army be allowed to supply a suitable teacher.

Dear Sir:-

Re Kitselas School

On my recent visit to Kitselas, the resident Indians interviewed me with reference to a Salvation Army teacher being appointed to this school.

They pointed out to me that with the exception of two families all the rest of the village were Salvationist. The two families are Bevans and Hudsons, who belong to the "Christian Band of Workers". They too, are in favor of an Army teacher.

In company with Adjutant Mark McKay I took a census of the village and found there were only the two families that were not Salvationists.

I told these Kitselas Indians, the matter would have to be brought to your notice and that I would write you on my return to Headquarters.

If you are making a change at Kitselas this year, I would be glad to submit the name of a good Army teacher with proper certificate, and in every way capable of teaching this school. I would not want to work any hardship on the present teacher who I understand has been giving good service.

If a change is being made I would be pleased to hear from you as soon as possible so that a good teacher could be placed before you for appointment to this school.

Yours faithfully,

" W J Carruthers "

Dear Sir:-

I received your letter of the 8th inst.  
regarding the Kitselas day school.

In reply, I would state that no change  
is contemplated in the teaching staff of this  
school.

The Indians evidently, do not realize  
the fact that they have a very competent teacher,  
and are fortunate in having Mrs. Wilson.

May I point out that the Department is  
mainly concerned in the education of the children,  
and where satisfactory service is given, it cannot  
be expected to make changes such as requested, it  
would be most unfair to those concerned.

During my recent visit to Kitselas, I  
found that the Indians were by no means unanimous  
regarding the change of a teacher notwithstanding  
the petition forwarded to this office.

While the Department is willing to give  
careful consideration regarding appointments when  
vacancies occur, I certainly could not endorse the  
present request.

Re: Kitselas Indian Day School.

Dear Doctor Cochrane:

I have for acknowledgment your letter of September 1, in which you send forward additional information, received by you from Mr. Bunt, in respect to the nomination of a teacher for the above-noted school.

I must express regret that a misunderstanding seems to exist in regard to this matter. A careful survey of the files shows that George W. Peacock, Chief Secretary of the Salvation Army in Canada, interviewed the Director of this Branch on December 8, 1938. Mr. Peacock, during the course of that interview, stated that he had no objection whatever to the work of the teacher then in charge of the Kitselas School. He did feel, however, that should the teacher resign at any time, the Salvation Army should have the privilege of nominating her successor. Mr. Peacock informed the Director that practically all the children attending the school are the children of Salvation Army soldiers. On December 9, 1938, instructions were received from the Director by the officers of the Welfare and Training Division that when a vacancy occurred at this school the desirability of having the Salvation Army nominate the teacher should be very carefully and very sympathetically reviewed, and on December 27, 1938, a letter was written to Mr. Peacock, in which we stated that these instructions from the Director would be acted upon when the nomination of a teacher for the school came up for review.

On June 2, 1939, a petition signed by Chief M.C. MaKay, Chief Walter Wright and a large number of Indian parents of the Kitselas Band, was received by the Department. In this petition they requested a Salvation Army teacher for their Indian day school. The petitioners in their appeal stated:

"Since all our people, with the exception of two families who belong to the Christian Band of Workers, are members of the Salvation Army, we would like you to permit the Salvation Army to submit to you an application for a fully qualified teacher for this school. While the United Church have no membership in our village, they have been permitted to supply teachers for the school, but we would now ask that this be discontinued and that in future the Salvation Army be allowed to supply the teacher."

The Department was notified by Dr. Dorey, in a letter dated July 18, 1942, that Mrs. Robert Wilson was anxious to transfer to the Cape Mudge School, and this transfer was approved in a letter dated July 21, 1942. On

the same date an air mail letter was sent forward to Indian Commissioner MacKay by Mr. Phelan. In this letter Mr. Phelan referred to the visit of Mr. Peacock and to the petition received from the Kitselas Band and asked for the Commissioner's comments and recommendation. On July 31 Major MacKay replied, sending forward a copy of a letter received by him from Indian Agent Gillett. A copy of the Indian Agent's letter was forwarded to Dr. Dorey on August 4th. Major MacKay in his letter states:-

"I would advise that I have enquired of Mr. Indian Agent Gillett and enclose his letter herewith - from which it appears that almost the entire reserve are adherents to the Salvation Army. In my opinion, therefore, this denomination might be requested to nominate a teacher for the vacant position."

This letter has the printed signature of Major MacKay but is also signed by Inspector Coleman. It is just possible that Major MacKay was absent from the office when the letter was written. You will note, therefore, that Mr. Bunt is in error when he states that Major MacKay had no information that the Salvation Army had been asked to nominate a teacher. Not only was Major MacKay asked to express an opinion on the matter, but he was requested also to consult the Indian agent.

I am personally in agreement with Mr. Bunt when he states that he should have been consulted before the Army was asked to nominate a teacher. In this connection I am fully persuaded that when Mr. Phelan wrote to Major MacKay on July 21 he did so with the feeling that Major MacKay would not only consult the Indian agent but the other parties, including Mr. Bunt, interested in the nomination of the teacher and in the operation of the school. These misunderstandings do arise, regardless of the care exercised from time to time, and we do attempt to exercise the utmost care in dealing with these somewhat delicate matters. We are, as you know, working with a very limited staff here, as the result of enlistments, and Major MacKay has been without even a clerk for the last six months.

In my judgment it would be very unwise for us to accept the nomination of a teacher by the United Church in this case. The Salvation Army have been requested to nominate a teacher and have replied that the necessary steps to do so have been taken by them and that the name and qualifications of the teacher will be sent forward in due course. Indeed, it is just possible that a teacher, nominated by the Salvation Army has already incurred expenses in making ready to take up this position at Kitselas. I feel confident we shall experience the utmost difficulty in securing teachers for the vacant positions at our Indian day schools. Consequently, Miss Pearson will experience no difficulty whatever in securing a position.

Yours sincerely,

Supt. of Welfare & Training.

Dear Sir,

On Oct. 6. I received a wire that I was accepted by your Department as teacher for Nitritlar school, and for me to proceed there. I at once wired a refusal on account of my health. As Salvation Army Headquarters still urged me to go, I wrote on Oct. 8<sup>th</sup> asking what I believe is a pertinent question. As I have received no reply, I feel it a duty to ask you to please answer it.

Were you informed, prior to or since my acceptance by your Department, that (because I have what Dr. J. Scott of Edmonton calls neuro-circulatory Asthenia from which I cannot expect a full recovery till August, 1943) I am unable at times to do any work at all for periods of one, two or even three days? In our Regular work my wife can substitute for me, though she has never been to school. Was authority given for her to substitute for me during those periods when I could not officiate as teacher?

I enclose a stamped self-addressed envelope for reply, for which I thank you in advance.

Dear Mr Mackay:

As per our conversation on Saturday, at the request of the Department of Indian Affairs in Ottawa, we are nominating Adjutant Russell Boyes, at present in Edmonton, as teacher for the Mitselas School.

The Adjutant is a graded teacher and his qualifications may be obtained from our Headquarters, James and Albert Sts., Toronto. He has had previous experience in teaching Native children, having taught in the Glen Vowell School, some years since. I understand his wife also has had practical experience in nursing and should be of great help to him, in his work.

I trust that this appointment will be satisfactory to your Department.

Dear Sir:

I am enclosing herewith a letter I have received today, from Adjutant Richard Boyes, of the Salvation Army, who was recently appointed as teacher at the Kitselas Indian Day School.

I may say that Brigadier Gillingham was at the office in October and advised that he had requested Boyes to be at Kitselas not later than the 25th of October. This, I believe, was done after he had received a letter from Mr. Boyes giving his reasons for thinking it unwise for him to accept the position. The attached letter is the first intimation I have had of the nature of Mr. Boyes illness.

Personally, I think the Salvation Army should be asked to nominate another teacher. The mail services between here and Alaska, headquarters of Brig. Gillingham, are such that I would recommend the Department contacting Salvation Army Headquarters at Toronto, in this matter.

I wish to refer to my letter of June 3, regarding the small attendance at the Kitselas Indian Day School.

Mr. Indian Agent Gillett now advises that there will be at least nine and possibly twelve pupils in attendance at this school during the coming year, in view of which the continued operation of the school is recommended for your approval.

It would be appreciated if you would advise as soon as possible if the Department concurs in this recommendation as I wish to advise Mr. Gillett accordingly.

With reference to your letter 215-8-2550 concerning the Provincial School Inspector's Report of the Kitselas school, I wish to state that all available children are enrolled. One boy is ill and three children were enfranchised with a family and are now living off the Reserve. Four others are living with their parents at Port Essington and are attending school there. They have been there for several years.

I was at the school on the 9th of May, and there were five present on that day. Two children were out of town with their parents.

The outside door has been repaired and is now functioning properly.

Re: Kitselas Indian Day School. No. 823.

Please note that the Department has transferred Captain E. L. Bailey from the Kitselas School (No. 823) to the Port Edward School (No. 873). Captain Bailey taught at the Kitselas School from February 1 to 11, both dates inclusive, at the rate of \$90.00 a month. She was in charge of the Port Edward School from February 12 to February 28, 1945, both dates inclusive, at a salary of \$105.00 a month. This is a new school, established by P.C. 9382, dated December 19, 1944.

I enclose copy of letter authorizing the employment of Captain Bailey at the Port Edward School at the rate mentioned above. You should continue paying her at the rate of \$105 as teacher of the Port Edward School until you hear further from this Branch.

Re: Mitselas School.

Captain E. L. Bailey was transferred to Canyon City. Unfortunately, she did not arrive at the Naas in time to reach Canyon City while navigation was open.

In my letter of November 21st, I stated: "If the transfer is approved, it will be necessary to take quick action so Miss Bailey can be transported to Canyon City before the river freezes over." On December 11th I received word from the Commissioner that the transfer was approved. We wired Miss Bailey and Canyon City for boats to meet her. She left here on the first boat going to the Naas, December 17th, arriving at Kincolith on the 18th, to find that the river had completely frozen over the day before.

It is not within my province to criticize the Department, and it is not my intention to do so, but I cannot refrain from pointing out the fact that when all matters have to go through the Vancouver office, considerable delay and inconvenience is caused.

Information has been received from Mr. Supt. Anfield, Skeena River Agency, that Mr. Leonard Leighton, teacher at the Kispiox Indian Day School has been isolated in Prince Rupert from his school by flood conditions which have washed out the railway tracks. Mr. Leighton went to Prince Rupert for the 24th of May holiday.

Also that Miss Grace Cranwell, teacher at the Kitselas School has been isolated at Glen Vowell and is unable to return to her school for the same reason.

The last teaching day for each of these employees was the 21st inst. It is not known when it will be possible for either to return to their duties.

VI. REFERENCES and INSPECTOR'S REPORTS

Please attach copies of references and your latest Inspector's Report (if any).

VII. I therefore request, in view of my qualifications and experience as detailed  
above, that I be classified as a Grade ..... teacher and that my salary as a  
teacher in the ..... Indian Day School for the 1948-49  
academic year be set at \$..... according to the salary schedule.

I understand (i) that all salary increases are clearly described in the  
schedule regulations as for "satisfactory service", (ii) that therefore it will  
be necessary for the Indian Affairs Branch to carefully consider School  
Inspectors' and other reports submitted upon my teaching service.

(Note: Details of our salary schedule are available in all Indian Agency  
offices. If the application is sent in with part of Section VII left blank,  
we will inform you of the salary you would receive in our service).

Attached are completed Application, T.D.1 and Employee Questionnaire forms completed by Miss Daisy Wishart who has been substituting at the Kitselas Indian Day School in the absence of her sister who is at present in the hospital in Vancouver.

It will be noted that Miss Wishart is not a qualified teacher and I recommend that her appointment be from October 14th, when she assumed her duties, until the end of the present calendar year. We hope to secure the services of a qualified teacher for the term commencing January.

I have been informed that Miss Violet Wishart the former teacher, will be unable to return to this school.

No. holidays..... 55,  
Grant asked for..... \$75.00

Remarks:-

*This is the first grant pd. this school*

The grant of \$300.00 has been allowed this school as per Departmental No. 275604/1, dated the 7th of May last, and received on the 27th of that month. In the instance the Teacher's Return is not as complete as it should be, and the time is too far advanced for amendment. During this Quarter, the Measles were pretty much everywhere prevalent, and, among others, this school was advised to close down, and remained so for two weeks on that account. Since the shortage of days, when school should have been open, occurred on no fault of its Teacher, I would recommend that the salary be paid as stated. On the whole, it affords some satisfaction that at last this school is in operation and working order, and efforts will be put forth as to rendering a success in the future.

I HEREBY CERTIFY that this Voucher is correct.

NOTE.—The number of school days in the quarter and the number of days for which payment is asked should be stated; payment will only be made for days school was open and authorized holidays.

**Remarks:-**

It will be observed that the teacher's return for this quarter ended has been made out in affecting printed letters, which may have passed if signature were otherwise rendered. At present the teacher is away, but will endeavour to have him make out another set later on.

This school had to be closed with the end of May, last, from which I could not withhold my consent, because of no pupils left in village but two; the others already having accompanied their parents to the coast.

I HEREBY CERTIFY that this Voucher is correct.

KITSELAG INDIAN DAY SCHOOL.

Vanarsdol, B.C.  
June 27th 1924

To the Secretary  
Department of Indian Affairs,  
Ottawa.

Dear Sir:-

Writing you a short time ago re bonus, I believe I said that although I had to keep up two houses, having a wife and step-daughter to provide for in Vancouver, my salary was only \$850.00. Now I regret to say that my final cheque for the year only makes it \$800.

Yours respectfully

Ottawa, July 4, 1924.

Sir,-

In reply to your letter of the 27th ultime, I beg to say that your salary, since September 1, 1922, has been at the rate of \$800.00 per annum, plus the bonus provided by law.

For the quarter ending March 31st, last, the Department forwarded a cheque for \$240.00 to the Treasurer, Methodist Mission Rooms, Toronto, Ont., This was at the rate of \$800.00 a year, as salaries of teachers in Indian day schools are now being paid on a basis of ten teaching months in the school year.

For your information I may say that the bonus for the present fiscal year will be paid at the same rate as formerly, namely, \$150.00

Your obedient servant,

*Russell T. Ferrier*  
Russell T. Ferrier,  
Supt. of Indian Education.

To the Sec.  
Dept. of Indian Affairs  
Ottawa, Canada.

Dear Sir:-

Would you please kindly convey to the Dept. my appreciation of their thoughtfulness in adding the bonus of ~~\$100.00~~ \$150.00 to the regular salary. I believe it will be more satisfactory to get it as regular salary, and we will not be afraid of having it cut off.

I have just received the amount equal to bonus for June quarter from the Treas. of the Methodist Missionary Society.

Yours sincerely

Sir:

In reply to your letter of the 12th instant, I beg to say that payment of bonus to teachers in Indian day schools was discontinued from March 31st, last. Previous to that date you were paid salary for the academic year at the rate of \$800 and bonus at the rate of \$150, or a total of \$950 for the ten teaching months. The cheque for your salary was sent to the Treasurer of the Methodist Missionary Society, and the bonus cheque was sent direct to you.

Owing to the discontinuance of the bonus, your salary was increased from \$800 to \$950 from April 1st, last, and payment at this rate was made for the June quarter, and a cheque for \$285 was forwarded to the Treasurer of the Methodist Missionary Society. You will receive this amount from him, and you will note that you are now being paid at the same rate as when you were allowed bonus.

Your obedient servant,

  
Russell T. Ferrier,  
Supt. of Indian Education.

Dear Sir;-

My bonus cheque for the quarter April-June, has not come to hand yet. This being considerably past the usual time, and as mail frequently gets astray on this line, I would like to know if it has been mailed, and if so, on what date, so that I might take the matter up with the Postal authorities. Thanking you in advance, I am

Yours respectfully

Rev. Sir:

I have your letter of the 13th instant, concerning Mr. O. M. McKinnon, teacher of the Kitselas Indian Day School, who is giving up duties at the end of the present school year, viz., June 30th, next, on account of ill-health.

Mr. McKinnon was appointed teacher of the Kitselas School on September 1, 1921, and has taught continuously at that school up to the present time. The Department will, upon the termination of his services, allow him a retiring allowance equal to three months' salary, this being the full period for which a payment of this nature can be made in his case.

Your obedient servant,

  
A. F. MacKenzie,  
Secretary.

Sir:

Referring to that portion of your letter of the 4th instant, informing the Department that Mr. Chas. M. MacKinnon, teacher of the Kitselas Indian Day School, has been obliged, on account of illness, to discontinue his duties, I have to say it is noted that arrangements have been made for Mr. Burnett to carry on the work until Mr. MacKinnon is able to resume duties. It is hoped that Mr. MacKinnon will be able to again take up work as teacher at an early date.

You might inform the Department as to what arrangements were made for salary for Mr. Burnett's services during the period he is temporarily engaged, and also state his Christian name. When the quarterly return of attendance for the current quarter is prepared, it should be stated thereon the dates between which Mr. MacKinnon was absent and also the period Mr. Burnett taught.

Your obedient servant,

  
A. F. MacKenzie,  
Secretary.

Original on 168-20-5.

In reply to your letter of the 12th of February regarding the employment of D. A. Burnett as substitute teacher of the Kitselas Indian Day School during the illness of Mr. C. A. MacKinnon, I would state that Mr. MacKinnon being advised that he was suffering from a disease necessitating surgical treatment in Vancouver, he hurriedly left Kitselas and not feeling justified in leaving the school without a teacher, engaged the services of Mr. Burnett, who is a high school graduate, and paid him the sum of \$57, being 19 days at \$3.00 per day - from January 25th to February 18th.

Mr. MacKinnon has applied for a refund of the amount. In view of the circumstances and the fact that he was obliged to seek a specialist's advice at considerable expense I would recommend favourable consideration of his request. He is an old man, owing to which fact he is obliged to relinquish the school work at the end of the June quarter, and any consideration which can be shown will be very helpful to him.

Sir,-

I beg to refer to that portion of your letter of the 8th instant, in which you stated that it was necessary to employ a substitute teacher for nineteen (19) days during the March quarter at the Kitselas Indian Day School, owing to the illness of the regular teacher, Mr. C. A. MacKinnon. Owing to the requirements of the Auditor General, the Department is unable to issue a cheque in favour of Mr. MacKinnon in payment of the services of the substitute teacher. A cheque for \$57.00, in favour of Mr. D. A. Burnett, is being issued and sent to you. You should arrange to have Mr. Burnett indorse this cheque to Mr. MacKinnon.

Your obedient servant,

Ottawa, July 16, 1932.

Sir:

I have to inform you that the authorities of the United Church of Canada have nominated the services of the following teachers for the Port Simpson and Kitselas Indian Day Schools for the coming school year:

Port Simpson - Senior Room ...Miss Ruth Levirs, 1413 Fernwood Ave., Victoria.

" " - Junior Room ...Miss Florence L. Perry, 1558 Pembroke St., Victoria.

Kitselas School

...Mr. Percy H. Gladstone, 1080 Broughton St., Vancouver.

The salary allowed each of these teachers will be at the rate of \$90 per teaching month, less 10% for the current fiscal year.

The Church authorities will inform the above teachers of their appointment and arrange with them to take up duties when the schools reopen after the present summer holidays, on September 1st, next. I would request that you give them every assistance you can in their work at these schools.

Your obedient servant,

A. F. MacKenzie,  
Secretary.

W. E. Collison, Esq.,  
Indian Agent,  
Prince Rupert, B.C.

Dear Sir:

APPROVED:- Sgd. H.W.McG.

D.S.G.I.A.

The Department is informed that Mr. A. J. Hewson, teacher of the Kitselas Indian Day School, has secured another position and has, therefore, resigned as teacher of the Kitselas Indian Day School.

On the nomination of the Board of Home Missions of the United Church of Canada, we approve the appointment of Miss Marjorie Kenny. She holds a second class B. C. certificate and has graduated from the Vancouver Normal School. She will be allowed salary at the rate of \$90 a teaching month.

I enclose Staff Questionnaire which you should have Miss Kenny complete and return as soon as possible.

Yours truly,

A. F. MacKenzie,  
Secretary.

Sir:-

I beg to confirm my telegram of the 20th. relative to the total loss by fire of the Kitselas Indian Day School and teacher's residence.

On receipt of word respecting the fire, I visited Kitselas and found that the conflagration had been caused by an overheated stove. The fire took place at night when the teacher was sleeping and although upon awakening he did his best to subdue the flames the fire had already gained too much headway.

The Indians gave every assistance possible. Everything was destroyed including the teacher's personal effects.

As stated in my wire temporary arrangements were made to carry on the school in the United Church building as soon as possible. The church authorities however, may not care to prolong the present arrangement and there is no other building that can be used for the purpose. As the teacher is without accomodation some assistance should be given towards securing a room in the village, and I would suggest that \$10. per month be allowed for this purpose.

I would again express the opinion that fire extinguishers should be supplied for these out-of-the-way school buildings where water pressure is not available as by this means fire may sometimes be held in check until assistance arrives.

The Indians did everything possible in fighting the fire and supplied the teacher with necessary clothing as he escaped from the building in his night attire, all his other belongings having been

Sir:

I have your letter of the 23rd ultimo, reporting the total loss by fire of the Kitselas Indian day school building and teacher's residence, which was caused by an overheated stove. The arrangements made to carry on the work have been noted. It is hoped that the Church authorities will agree to the work being carried on in the church, as it will not be possible during the coming fiscal year to provide the expenditure required in the erection of a new school and residence. It is noted that you are forwarding a requisition for the school desks required, and this will receive consideration.

Regarding the providing of some assistance towards the cost of a room for the teacher's use in the village, I have to say that the Department has never paid for services of this nature. Our Estimates for next year have been cut to such an extent that we could not, in any event, pay the cost of a room for the teacher's use. It will be necessary for you to limit, to the lowest possible point, all expenses in arranging for suitable classroom accommodation. If the church authorities will not agree to the use of their building during the next school year, it may be necessary to discontinue teaching activity at this point.

Your obedient servant,

Dear Sir:

Re: Fire - Kitselas Indian Day School.

A few days ago we received a telegram from Rev. H. T. Allen, of Terrace, B.C., that the school on the Kitselas Reserve had been burned. I enclose a copy of a letter which has just been received from Mr. Allen, giving further details. Undoubtedly, you have received a report of the occurrence from Mr. Indian Agent Collison.

School is being conducted in the church and we are very glad to place it at the disposal of the Department until such time as a new school can be erected.

I would appreciate the privilege of looking over the plans for the new school before they are finally approved and the grant made.

Yours very sincerely,

EXTRACT FROM LETTER FROM MR. H.T. ALLEN TO REV. A.  
BARNER, DATED JAN. 23rd, 1933.

"Supplementing the telegram of Jan. 20th re the Vanarsdol fire.

I heard about it just after dinner on Wednesday the 18th, word having been brought down by Paul Mason. He stated that Percy Gladstone needed immediate medical care, and I made immediate preparations to take Dr. Mills by speeder. But there was none in town, so eventually I had to walk against that winter wind.

I found P.G. in bed at McKenzie's. He was still a bit weak but had gotten over a chill from exposure that night. He stated that the first sign of fire was the smoke that awakened him about 12:30 a.m. (not 1:30 a.m.) only an hour or so after returning from basketball. At that time the fire in the heater was diminishing. On coming down he saw smoke issuing from the V-joint cedar lining just to the north of the front entrance. He smashed the wall in with an axe and it immediately burst into flame. Seeing that it was beyond control even by this time, he hurried upstairs to rescue some effects. So strong was the smoke by this time, that it almost overpowered him, as he drew in a breath. He managed to save the register of the school which he had brought into the living quarters, and then went out and collapsed in the snow about 30 yards from the house in the direction of the river. He had on only his pajamas, which was his only article saved from the fire. He must have stayed there 15-20 minutes and was picked up by Eddie Peak, one of the village Indians, as he came to fight the fire. They rescued only the school table. Percy came down to us on Thursday and is leaving tonight. The poor boy feels he has nowhere to go now nor a place to call his own, so we just let him stay as long as he wanted.

Mr. Collison was up, and thinks new buildings ought to be erected more suitable than the last. He also suggests use of the church. I think there ought to be some rental, as there is the wear and tear on the building at least. The Salvation Army were willing to let him use their hall until a new school etc. was built. The Indians gave him almost a complete outfit, suit, sox, shirts and underwear. We had a few things for him and there were some other articles given us for him. He expects to start teaching on Wednesday of this week.

Percy is not sure how the fire started. It seemed to be from the chimney at the point where the stovepipe enters the brick, and to have spread from there. I have done what I could to look after everything there and I trust there will be greater appreciation among the people of the school etc. They asked to have Percy retained as the teacher."

EX-10.  
Ottawa, February 3, 1933.

Rev. Sir:

I have your letter of the 31st ultimo, enclosing an extract from a communication which you received from Rev. H. T. Allen regarding the destruction by fire of the Kitselas Indian Day School building.

In this connection I have to inform you that the Department was advised by Mr. Agent Collison regarding this matter and that he was arranging for the temporary use of the United Church building in which to carry on the school work. He was instructed to arrange for the purchase locally of the necessary classroom equipment, with the exception of desks. The Department is pleased that the Church authorities will place the church building at its disposal until such time as a new school building can be erected. Our Estimates for the next fiscal year have been cut to such an extent that it will not be possible during the coming fiscal year to provide the expenditure required in the erection of a new combined school and teacher's residence. It is hoped, therefore, that the use of the church for school purposes will be continued for an indefinite period. Should a small rental be required, the Department might favourably consider payment of same.

The loss occasioned the teacher by the destruction during the fire of his clothing and other effects is regretted. It will not be possible, however, for the Department to reimburse him for any loss.

Your obedient servant,

Sir,

I beg to transmit herewith, Vo. 5268 attached to which is an account for emergency school supplies purchased locally for the Kitselas Indian Day School, recently destroyed by fire.

A requisition for school material required in addition to those obtained from Messrs McRae Bros. is also attached, and I shall be glad if the order is forwarded as soon as possible.

A further requisition for desks will be forwarded when the right sizes can be obtained.

Sir:-

I beg to make requisition for the following school desks required for the Kitselas Indian Day School to replace those destroyed in the fire January 18th last.

| <u>Size</u> |   | <u>Number required</u> |
|-------------|---|------------------------|
| 3           | - | 8                      |

| 5           | - | <u>4</u> 20            |

In this connection I would recommend the desks manufactured by the Tait Pipe and Foundry Co. Ltd. of Vancouver B.C. as being the best and are in general use in the provincial public schools.

As already reported, school is held at present in the United Church building, and as there is no proper school furniture teaching is carried on under difficulties.

A blackboard is also required, size 12 feet by 4 feet wide.

I shall be glad to receive authority to purchase these requirements at your earliest convenience.

Sir:

I have your letter of the third instant, requesting authority to purchase 20 desks, of the various sizes as mentioned, for use at the Kitselas Indian Day School, to replace those destroyed by fire in January, last, and also to supply a quantity of blackboard material.

In reply I have to say, regarding the school desks, that we will be unable to authorize the purchase until our Appropriation for the next fiscal year is available. This will likely be near the end of April, next. A note of this requirement is being made and you will be advised later, when funds are available, regarding the purchase.

An order is being placed with the Government Stationery Office here to forward Asbestoslate blackboard, 12' x 4', with the necessary chalk trough and moulding. This will be forwarded addressed to the teacher, who, in his returns, gives the shipping address as Terrace, B. C. When the blackboard arrives, he should arrange to have same taken to the school and set up in the building which is being used for classroom purposes.

Dear Mr. Sutherland:      Re: Use of Church Building  
                                         at Kitselas for Day School.

After communicating with our people in the area and discussing the matter with our Superintendent of Missions for British Columbia, who was in Prince Rupert Presbytery recently, our Board at its recent session decided to request the Department of Indian Affairs to pay at the rate of \$12.50 per month rent, or \$125.00 per year, for the use of the church building at Kitselas as long as it is occupied by the Day School.

This money will be kept to the credit of the church and applied towards repainting and redecorating it when it is no longer used as a school.

Hoping that this will be satisfactory to the Department,

I am

Yours sincerely,

Reverend Sir:

I have your letter of the 13th instant, with reference to the payment of a rental for the use of the church building at Kitselas during the period it is occupied for day school purposes.

In reply I have to say that our funds this year have been considerably reduced, and, upon consideration, the Department will only be able to provide for the payment of rental at the rate of \$100 per annum as from the first instant. The rental will be paid quarterly, it being presumed that the cheque should be forwarded to the Treasurer of the United Church. It is noted, further, that the amount received will be kept to the credit of the church and applied towards repainting and redecorating the building when it ceases to be used for school purposes. I hope, in view of our present financial condition, that the amount of rental allowed, as stated above, will be satisfactory.

The local Indian Agent is being informed of the rental allowed and requested to forward a voucher, in favour of the Treasurer of the United Church of Canada, 299 Queen Street West, Toronto 2, Ont., at the end of each quarter for the rental due at the above rate.

Your obedient servant,

I have to inform you that the authorities of the United Church of Canada have requested payment of rental for the church building used for school purposes at Kitselas. This Department will allow rental as from the first instant at the rate of \$100 per annum during the period this building is used for day school purposes. Payment of rental at the above rate will be made quarterly, and I have to request that, at the end of each quarter, you will prepare a voucher, in triplicate, for the amount of the rent due at the above rate. This voucher should be made in favour of the Treasurer, United Church of Canada, 299 Queen Street West, Toronto 2, Ont.

I may add that we will have no funds this year to provide for the erection of a school building at Kitselas.

Sir:

Referring to your letter dated March 3rd last, regarding the desks required for the church building which is used for school purposes at Kitselas, I have to say that you may place an order with the Tait Pipe & Foundry Co. Ltd., Vancouver, B.C., to supply the following number of single school desks:

8 No. 3,  
8 No. 4,  
4 No. 5.

You should arrange to have these desks delivered at Kitselas and set up in the church building.

I enclose herewith Encumbrance Certificate No. 335, authorizing an expenditure to the sum of \$170 in the purchase and delivery of the desks at Kitselas. Before placing the order, it might be well for you to communicate with the above firm and ascertain their price, F.O.B. Kitselas, for the number of desks mentioned. If any saving can be effected in the amount authorized, the Department will be pleased if this can be done.

Please obtain an itemized account, in triplicate, which you should attach to proper voucher forms, certify in the usual manner and forward for payment. You should state on each copy of the voucher that the expenditure is authorized by E.R. No. 335.

The purchase and delivery of the desks should receive early attention.

Memorandum:

The Honourable the Superintendent General.

An amount of \$5,000 is provided in the Special Supplementary Estimates for a new Day School at Kitsoolas, in the Skeena River Agency.

This new combined day school and teacher's residence is required to replace one that was destroyed by fire in January, 1935. The School is at present being held in the Church and the arrangements are not satisfactory.

The Indian Agent advises that Indian labour is available, under the supervision of a competent foreman carpenter. Will you please give me the name of a carpenter who may be employed for this work?

I might say that the Department is of the opinion that this school should not cost more than \$4,000.00.

The Skeena River Agency is in the electoral district of Skeena.

MEMORANDUM:

MR. ORR.-

Re: Erection new day school building,  
with teacher's living quarters,  
at KITSELAS, SKEENA RIVER AGENCY.

Mr. W. E. Collison, the Indian Agent, when forwarding his Estimates last fall, requested that the sum of \$5,000.00 be provided to erect a new building to replace the building destroyed by fire on January 18, 1933. It will be necessary to provide a classroom with accommodation for 24 children, with cloak-room or washroom. He further recommended that teacher's living quarters provide living room, bedroom, and kitchen. He recommended, also, that the work in erecting the building be carried out by Indian labour, under the charge of a white foreman-carpenter. He estimates the cost between \$4,500 and \$5,000.

I may add that the authorities of the United Church, during the past two years, have been requesting the erection of a new day school building at Kitselas.

EX.

August 18, 1936.

Dear Sir,-

I beg to advise you that an amount of approximately \$4,500 is available for the building of a new Day School at Kitselas, Skeena River Agency.

I understand that accommodation is required for 24 children. Under separate cover I am sending you a blue print copy of a plan which it is thought would be suitable for this work, with the exception that the classroom will require to be reduced in length by eight feet, as the classroom accommodation in the plan provides for 40.

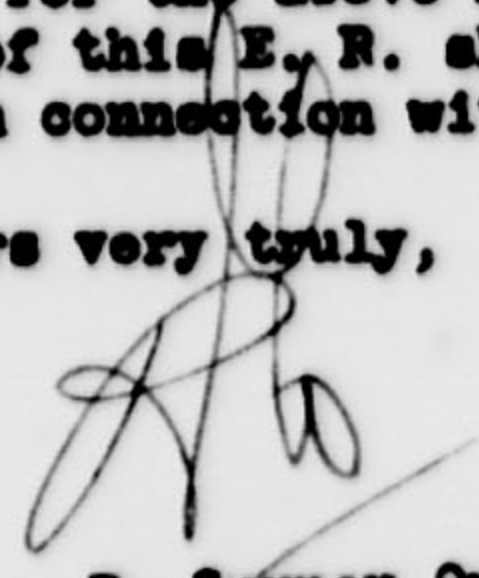

The plan also shows a basement full size of the building and this of course may not be advisable as same would depend to a great extent on the location. The matter of the basement will be left to your discretion, keeping in mind that the total cost of the building must not exceed the amount mentioned.

Mr. William Little of Terrace, B. C. may be employed as Foreman Carpenter for this building, and the lumber is to be purchased from Vanarsdol Lumber Company of Vanarsdol, and the George Little Lumber Co., of Terrace, B. C. The hardware and paint should be purchased from Ed. Kenney Ltd., Terrace, B. C., and the cement from Albert and McCaffery, Prince Rupert, B. C.

An Encumbrance Certificate for the above mentioned amount will be sent to you, and the number of this E. R. should be indicated on all accounts, vouchers, etc. in connection with the work.

Yours very truly,

W. E. Collison, Esq.,  
Indian Agent,

Sir:-

I beg to acknowledge the receipt of the Department's letter 168-20-5 dated August 18th last, with enclosures of four copies of plans of the proposed Day School and Residence for the Kitselas Reserve.

No specifications were received, however these are being taken off the blue print by, and the immediate construction of the building has been arranged for, with Mr. William Little, Foreman Carpenter, nominated by the Department.

It is noted that the classroom is to be reduced in length by about eight feet, and any other alterations considered necessary may be carried out to adapt the plan to the local requirements.

An Encumbrance Certificate in the sum of \$ 4,500.00 has also been received, and it is understood from the Department's letter quoted above that the total cost of the building is not to exceed this amount.

It is not clear whether the cost of the furniture for the residence, and of the equipment for the classroom, is included in the above sum of \$ 4,500.00, and I shall be glad to have your instructions on this point at the earliest possible opportunity.

In the event of the Department taking over the Lakelse Hatchery there will become available a McClary hot air furnace in good condition and suitable for the heating of the classroom and the teacher's residence. Bathroom fixtures will also be available, as well as a fairly good kitchen cookstove, sink, and other plain furniture for the residence.

I would request that the Department forward immediately an accountable cheque for the sum of \$1,000.00 to meet current expenses in connection with this building.

Dear Sir,-

Replying to your letter of the 21st with further reference to the combined day school and teachers' residence for the Kitselas Reserve, it was not the intention that the furnishings for the residence or equipment for the classroom would be included in the \$4,500 Encumbrance Certificate sent to you.

As requested an accountable cheque for \$1,000 is being sent to you, and these funds are to be used for the payment of labour only, the accounts for materials to be forwarded in the usual way.

With regard to your inquiry as to the taking over of equipment in the hatchery a further communication will be addressed to you.

Yours very truly,

A. F. MacKenzie.  
Secretary.

EX'D.

Ottawa, October 19, 1936.

Dear Sir:

In further reference to your letter of the 21st ultimo, relative to the construction of a combined day school and teacher's residence on the Kitselas Reserve, and with special reference to the furniture for the residence and equipment required for the classroom and heating, I would say that this Department has taken over the buildings and equipment of the Lakelse Hatchery from the Fisheries Department. We understand that the mess-house contains a small quantity of plain furniture, linoleum and a few miscellaneous articles; a good cook stove with hot water boiler and certain other equipment; and that, in the basement, there is a McClary hot air furnace, complete with hot and cold air pipes.

I have therefore to request that, when the building is ready, you will arrange to have the furnace removed from the mess-house at the hatchery and installed in the school building. When the building is ready, you should also remove any furnishings and equipment that would be useful in the residence and school. The Department would pay any costs involved in having the furnace, stove and other furnishings removed to the new school building. It is hoped that there will not be a large expense involved in the transportation of the equipment that is taken from Lakelse to the school.

No doubt, it will be necessary to supply desks for the classroom and equipment for the teacher's living quarters. Please furnish the Department with a list of the desks and other equipment required. Regarding the desks, you should give the size and the number of each size that will be needed.

I may add that Mr. Perry, Assistant Indian Commissioner, Victoria, has been informed that the Department is taking over the buildings and equipment of the hatchery.

Yours truly,

A. F. MacKenzie,  
Secretary.

as follows

I also met Mr. William Little at Terrace and  
conferred with him regarding the work on the new school  
and teacher's residence for the Kitselas Reserve. Mr.  
Little has been engaged on other work and informed me that  
he would not be able to start on the school until some time  
in October. No specifications were received with the blue  
print plans of the proposed building and it will be  
necessary to have these prepared before the work commences.

Before leaving Kitselas, I went over the  
school plans again with Mr. Little and together with Capt,  
Barry, decided upon a new location for the building, which  
will be more suitable than the old one.

During this trip I also made two visits to the Kitselas reserve to inspect the progress being made on the new school. I am not very satisfied with the progress which has been made. Mr. Little, the foreman carpenter, whilst doing the best he can under the circumstances is an elderly man and next time an undertaking of this kind is carried out in this agency I think it would be advisable to consult the agent before the work is definitely placed. A week after my return to Prince Rupert it was necessary to make another trip in connection with the building, Mr. Little having requested me to do so by wire.

On the 19th instant, I visited Terrace and  
Kitselas Reserves, in connection with the erection of the  
new Day school and teacher's residence at the latter place.  
Whilst most of the building material is already on the  
ground and excavation for the basement completed, the actual  
construction of the building has been delayed on account of  
wet and stormy weather, which has prevailed during most of the  
month. The foreman-carpenter put in charge by the Department is  
an elderly person and Indian labour is employed.

Re:- E. T. Kenney account - \$184.65 - Kitselas School.

Mr. Hanson states Mr. Kenney wrote Agent Collison in October forwarding above account but received no reply from Mr. Collison. ~~Mr. Kenney wrote again to Agent Collison in February but has not yet received his answer.~~

Miss Churchill states that Mr. Hanson seems quite upset over this ~~matter and would like us to write Mr. Collison requesting~~ him to forward Mr. Kenney's account immediately.

Sir:-.

E.R.646, Aug.18-36

I beg to transmit herewith, vouchers 7888 and 7889 with attached accounts for material for the Kitselas Indian Day School.

The account of Messrs Mitchell & Currie of Prince Rupert includes windows, doors, stair casing, and all inside finishings which were made up by the firm all ready to put into place at the school thus saving extra cost in wages at Kitselas.

New building plans and specifications for quantities were also prepared by the firm for which a charge of \$40.00 is made.

Also during my absence on the Queen Charlotte Islands in January, Mr. Mitchell was requested to supervise the work for which a charge of \$35.00 has been made. I consider the account reasonable for the services rendered.

On account of the cold weather and deep snow it was necessary to temporary suspend work on the building until conditions are more favorable. Every effort will be made to finish the work before the end of March.

Your obedient servant,

The Secretary,  
Dept. of Indian Affairs Branch

NEW SCHOOL

In the afternoon we visited the Kitselas reserve, some eight miles distant, by railway speeder kindly placed at our disposal by the Railway Company. An inspection was made of the new school building in course of erection. This work is progressing very slowly and I did my best to hasten matters up. Weather conditions and other unforeseen delays have held up the work to a large extent. It will now be necessary to carry it over to the new fiscal year. After returning from Kitselas, we took train to Prince Rupert arriving at 1 A.M. Sunday morning.

OFFICE OF  
INDIAN AGENT  
Prince Rupert B.C.  
April 14th 1937

Sir:-

I am enclosing herewith, statement of expenditures in connection with the construction of the new school at Kitselas reserve, up to the end of the fiscal year 1936-37, amounting to \$4,120.60, also showing a credit balance of \$379.40.

As it was necessary that this work should be proceeded with without interruption, I authorized Mr. Little, to carry on up to April 15th, but he was informed that his wages for that period could not be paid until the Department had authorized the new appropriation.

During a visit to the Kitselas reserve last week, I inspected the building and found that the following still remains to be done before the building is completed and ready for use:-

finishing of interior and kalsomining classroom and living quarters.

Painting of exterior of building and shingles.

finishing of brick chimney.

Putting in bathroom fixtures

Service water tank for kitchen and bathroom supply.

Digging well for water pipe, pump and piping.

Two outside toilets, one for school and one for residence.

These extras will cost approximately \$856.00 and I shall be glad if this amount is made available in order to complete the work.

2.

It will be seen that the cost of the building exclusive of furnishings, has exceeded the original estimate. This is partly due to the fact that a part cement basement called for in the plans was not provided for, and partly to the slowness of the work most of which had to be undertaken during the winter months. Notwithstanding, the work has been well done and the building when completed will be one of the best of its kind in the agency.

The following furnishings will be required for the classroom and teacher's residence.

|                  |                                                                                                                    |
|------------------|--------------------------------------------------------------------------------------------------------------------|
| <u>Classroom</u> | Blackboard 30 x 4 feet,<br>Book Cupboard<br>Window blinds<br>Teacher's desk and chair<br>6 single desks<br>1 Lamp. |
| <u>Residence</u> | Crockery & kitchen ware<br>Table for living room<br>1 Occasional chair<br>Blinds for windows.                      |

Prices and specifications for the above will be forwarded later.

Other articles and furniture have been provided from the Lakelse Hatchery buildings including one furnace for central heating of school, one kitchen range, linoleum, bathroom fixtures etc. which items very considerably cut down the cost of furnishings.

As it will probably be June before the painting can be done it will be advisable to defer the opening until September.

QUOTE FILE

Memorandum:

Mr. Phelan.

An amount of \$4,500 was provided in last year's Special Supplementary Estimates for the building of a Day School on the Kitselas Reserve, Skeena River Agency, B.C.

The work was carried out by day labour employing Mr. William Little of Terrace, B.C. as foreman carpenter.

I am just advised by the Indian Agent that it will require a further expenditure of approximately \$856.00 to complete this building. It is necessary that the work be continued without interruption and the Agent has instructed Mr. Little to carry on, up to April 15th, on the understanding that he cannot be paid until the new appropriation is available.

I would ask you therefore to kindly arrange to provide an amount of \$856.00 for the completion of this work.

that they were not included in the original plan. You should, also, return the plan, showing in what part of the building you propose placing the bathroom.

The Department does not consider it necessary to paint the shingles and, unless it is advisable for the preservation of the building to paint the exterior, item No. 2 above will have to remain until next year. A final decision will not be made until your reply is received.

With regard to item 1, you might let me have an estimate of the cost of the kalsomining that you consider necessary. Would it not be possible to use the building in its present condition without kalsomining until next year?

With reference to item 6, if a well is required for the supply of drinking water, you should let me know the cost of digging it and, also, the cost of a pump. For your information, I may add that it is not usual to pipe water from the pump into the teacher's residence.

You may arrange for the erection of two outside toilets at as reasonable a cost as possible.

As pointed out in the first paragraph of this letter, no funds have been specifically provided for this building in our present year's appropriation and, as a result, it will be extremely difficult to find additional funds. Therefore, only the work absolutely necessary to make the building habitable can be considered this year.

Yours truly,

Gentlemen,-

With reference to your letter of the 7th instant, the Department regrets the delay in forwarding you payment of \$3.50 for hauling supplies to the Kitselas Indian Day School.

This account was forwarded to the Department some time ago by Mr. Agent Collison but was inadvertently overlooked on our file. Arrangements have been made to forward your cheque today.

Mr. Deputy Minister  
Dept. of Indian Affairs.  
Ottawa, Can.

*[Handwritten initials]*

Dear Sir,

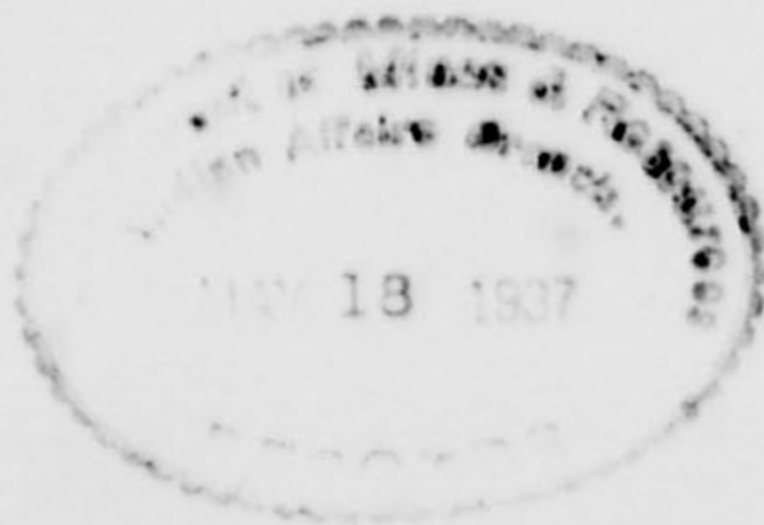

We have just received cheque from the Dept of Finance for \$10.50 for team hauling done by us for the Vancouver Indian school in Dec. 1936. We were advised by the man in charge of work that he would need our team again shortly, but as the supplies he expected did not arrive we presented our bill some time in February. Early in March we hauled the expected supplies  $\frac{1}{2}$  days work \$3.50. and we presented total bill of \$14.00 to the Prince Rupert agent, reminding him the previous bill had not been paid. These bills were made in quadruplicate as required. We have not received our \$3.50.

Why all this delay? We are not in the transfer business. We are ordinary working men, loggers, and we left our work at an inconvenience to do this hauling because other teams were not easily available. You have had other men working on the building who get their pay regularly. Why discriminate against us? We are in no position to advance credit to the Dept of Indian Affairs. We have to buy hay at \$27 per ton and oats at \$2.50 per sack, and pay our man wages, to do this work for you. It may be a small sum, but we need every cent we make, and it is extremely annoying. We hesitate to believe that this dilatory method of paying your <sup>labour</sup> debts can be the regular policy of your Dept. and are inclined to believe it is due to some neglect or irregularity in your local agent. We have already billed him twice, and are therefore writing to you.

Yours truly

Ottawa, April 28th, 1937.

Dear Sir,-

The Department is in receipt of your letter of the 14th instant, with reference to the construction of a new school on the Kitselas Reserve.

It is regretted that this work was not completed before the end of March, last. The appropriation in which the expenditure for this school was provided has now lapsed and no provision was made in our appropriation for the current fiscal year for additional funds.

You mentioned in your letter that the following items are unfinished:-

- (1) Finishing of interior and kalsomining classroom and living quarters.
- (2) Painting of exterior of building and shingles.
- (3) Finishing of brick chimney.
- (4) Putting in bathroom fixtures.
- (5) Service water tank for kitchen and bathroom supply.
- (6) Digging well for water pipe, pump and piping.

On reviewing the copy of the plan sent to you for this building, it is noted that no provision was made for a bathroom. Please let me know why you consider it necessary to place in this building items 4 and 5 in view of the fact

RECORDS

Sir:-

I wish to acknowledge receipt of your letter of the 28th ultm. relative to the Mitselas Indian Day School, which arrived at this office during my absence in the south.

With regard to the delay in completing the building I would state that the work was not started until late in October owing to the fact that the carpenter appointed by the Department to put up the school was employed on other work at the time. Added to this, a severe winter made it necessary to close the work down for a time making it impossible to finish the building by the end of the fiscal year.

It is to be regretted that the cost has exceeded the original appropriation of \$4500.00 which no doubt is due to the extra expense of putting in a cement foundation and basement.

In this connection I would point out that on my recommendation the cement work called for in the plans was considerably curtailed, thereby saving further expenditure.

(1) with regard to item 1 in your letter covering kalsomining of the interior in the classroom and teacher's residence which will cost in the neighborhood of \$35.00. This work can be deferred till next year.

(2) with respect to the painting of the exterior of the school and shingles, this must be done to preserve the building and prevent the boards from warping and cracking.

The paint for this purpose has already been purchased and paid for under vouchers numbers 7945 and 7984 in favor of E.T. Kenney Ltd., leaving the labor only to be provided for. This will cost approximately - \$75.00.

Indian Affairs. (RG 1C, Volume 6398, File 823-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

2.

(3) Finishing the brick chimney on the outside of the building. This must be done before another winter sets in, otherwise the bricks will deteriorate. Cost approximately \$10.00

(4) Installing bathroom fixtures etc. The small addition on the plans intended for a summer kitchen which was unnecessary, has been utilized as a bathroom. The bath and other fixtures were brought from the dismantled Lakelse Hatchery building, authorized by the Department in letter dated Oct. 29th 1936.

The bathroom will prove of the greatest convenience, especially in the case of a woman teacher, as however, the cost of the building has already exceeded the appropriation, I would suggest that the bath and basin only be installed at present, and an outside toilet provided. This would do away with the necessity of purchasing and installing a service tank and kitchen hot water boiler and other fittings. The cost of putting in the bath and wash basin with drain pipe will be approximately \$45.00

(5) Already answered.

(6) It will be necessary to have a well dug and a suitable pump installed for domestic use and fire protection. There is no running water nearby. Probable cost of pump (No. 1059 McLennan, McFeely Ltd. Vancouver) including freight \$35.00, labor and material 20.00. Total \$55.

I would recommend that the following enclosed amounts for wages and material be paid.

|                                                        |               |

The total amount required to temporarily finish the building for use at the beginning of September will be approximately \$185.00. I would recommend that this amount be provided.

Sir:

I beg to report as follows for the months of  
April and May.

I was able, however, on my way back to visit  
the Kitselas reserve, and inspect progress of the work on  
the new school building.

The exterior has been completed with the except-  
ion of the painting which should be done as soon as possible  
in order to preserve the outside woodwork. A few small jobs  
still remain to be done inside the building, and furnishings  
must be provided before the school is ready for use. It is  
hoped the necessary funds will be authorized to complete  
the building before next school term.

Your File 168-20-5

Dear Sir:-

I wish to acknowledge the receipt of your letter, dated the first instant, authorizing the expenditure of \$185.00, to complete the new school at Kitselas Reserve.

Work was discontinued on the building on April 17th and Returns of Labour, covering wages due for weeks ended April 3rd, 10th and 17th, amounting to \$303.60, were forwarded to the Department in my letter, dated May 21st, for payment. These wages are due, and, I shall be glad if payment is made, as frequent requests for settlement are being received at this office.

Accounts for material as follows--

|          |                      |       |
|----------|----------------------|-------|
| Vo. 8063 | Vanarsdol Lumber Co. | 2.86  |
| 8064     | E. T. Kenney, Ltd.   | 3.20  |

|          |                      | 71.42 |

were also forwarded in the same letter for payment.

I would respectfully recommend that immediate payment be made, as these accounts have been outstanding for some time.

Your obedient servant,

W. E. Collison,

EX'D.

Sir:

With reference to your letter of the 9th instant, an order will be placed with the Government Stationery Office for the new blackboard requested for the Kitselas Indian Day School.

You may purchase the following equipment for the class-room and teacher's residence:

Teacher's table - \$10.00  
Teacher's chair - 5.00  
2 Coco door mats - 3.00  
1 Class-room mirror - 1.25  
1 Class-room thermometer - 1.00  
1 water pail .75  
5 Window blinds - 10.00  
6 Window blinds - 12.00  
1 plain table - 10.00  
1 occasional chair - 7.50  
1 heater stove - 25.00  
1 door mat - 1.50  
Railway freight - 10.00

It is considered that a chair for the teacher's residence can be purchased at a cheaper price than \$10.00. If so, you may do so. Owing to lack of funds we are not prepared to authorize the book cupboard at a price of \$40.00.

Yours truly,

R. A. Hoey,  
Supt. of Welfare & Training.

Sir:-

Adverting to my letter dated April 14th regarding the new school at Kitselas reserve, I am enclosing requisition in duplicate for material and furnishings required for the classroom and teacher's living quarters.

Where articles can be obtained in Prince Rupert approximate prices are given. The blackboard with chalk trough etc. will no doubt be supplied from Ottawa.

With regard to the teacher's living quarters, only such articles that could not be obtained from the Lakelse Hatchery are being requisitioned. Other articles such as bedroom, kitchen and bathroom fixtures also linoleum, have been provided from the Hatchery

A heater stove is being requisitioned for the teacher's living room at about \$25.00, to save fuel, so that it will not always be necessary to use the central furnace when the classroom is not in use.

Owing to Mr. Little being engaged on other work during the month of July, he was not able to finish the school. Arrangements have been made with him, however, for an immediate start in order to have the school ready for opening next month.

Yours faithfully,

WEC, JJ

Dear Sir:-

EX'D.

The Department is in receipt of your letter of November 30th, enclosing Requisition for sewing material for use at the Kitselas Indian Day School.

You may purchase a reasonable amount of material, also thread, etc., to enable the teacher to teach plain sewing. The Department does not see any necessity for teaching fancy sewing at the present time.

Yours truly,

R.A. Hoey,  
Supt. of Welfare & Training.

Sir:-

I am enclosing herewith, copy of a resolution passed at a meeting of the Mitselas band, asking the Department to approve payment, of \$15.00, for the purchase of gifts and sweetmeats in connection with the school children's Christmas entertainment. This expenditure to be charged to the Interest Account of the trust fund.

The new school is now in use and at the time of my last visit there was a good attendance of pupils.

The teacher, Mrs. Margaret Wilson, is preparing for the Christmas concert for the children.

I would endorse the request of the village committee which is an expression of the increased interest the people are taking in the work of the school.

Yours faithfully,

Ottawa, November 26, 1937.

Dear Sir:-

I have your letter of November 17th with reference to the request of Mr. William Robinson to be allowed \$5.00 a day instead of \$4.00 a day for the work that he did at the Kitselas Day School last year.

It is presumed that, when you made arrangements to employ Mr. Robinson, he agreed to accept \$4.00 a day for his work. Under these circumstances, the Department sees no reason why he should now request \$5.00 a day. After carefully considering the contents of your letter, it is felt that we have no alternative other than to refuse payment of the account that you submitted and it is therefore returned.

Yours truly,

Sir:-

I beg to transmit herewith, Vo.8353,  
with supporting account for \$6.30 payable  
to Mr.Wm.Robinson of Terrace, B.C.

Mr.Robinson states that he was underpaid  
for his work when installing the furnace for  
the new school at Kitselas reserve and thought  
he should have received \$5.00 per day, instead  
of \$4.00 per day, which was paid him as per  
returns of labor dated Dec.31st 1936 and Jan.  
7th, 1937. He is claiming the difference  
and his statement is attached.

As Mr.Robinson's work, carried out during  
extremely cold weather, was quite satisfactory,  
I would recommend that payment of the difference  
be made.

Sir:-

Referring to the Department's letters dated April 28th and June 1st last, authorizing expenditures to furnish the Kitselas Indian Day School, I beg to enclose herewith, Returns of Labor amounting to \$272.50; and accounts for material amounting to \$14.72, making a total of \$287.22 for work done as follows:-

Painting exterior of shingles of school  
Finishing brick chimney  
Installing bath, wash-basin and drain pipe  
authorized in official letter No. 168-20-5, June 1st. \$185.00.

Construction of outside toilets, 1 double for school  
1 single for residence  
Painting; and digging pits  
authorized in official letter No. 168-20-5, April 28th. 75.00

Material, Albert & McCaffery, cement etc. 3.17  
" E.T. Kenney Ltd. hardware 11.55 14.82  
Removing school desks from old church to new building and putting same on strips.  
Taking down blackboard and replacing same in new school. 12.50  
287.22

On account of continued wet weather during the past summer, the work of painting the school was held up and has cost more than the original estimate. There not being sufficient funds, it was not possible to have the well dug.

Further examination showed that it would be necessary to sink to a depth of 40 feet before reaching water. This will cost \$2.50 per foot for digging and casing, bringing the total cost of sinking the well to approximately \$100.00, this does not include the cost of a pump which will be another \$30.

I would recommend that this work be done as soon as possible as a protection against fire hazard, the nearest well

well being about three hundred yards distant from the school.

The school and residence are now completed and in use. Progress of the work on the building was slow at times owing largely to severe weather conditions, and other difficulties.

The work, however, was well and satisfactorily carried out by Mr. Little and the building as it stands is well worth the money expended.

EX'D.

KITSELAS

A visit was made to Terrace and Kitselas reserve on the 27th inst. when arrangements were made to have the new day school at the latter place painted, and several other details completed before the school opening. This work had been deferred as the foreman carpenter employed to construct the school was engaged elsewhere during the summer months.

Ottawa, September 10, 1943.

Mr. J. Gillett, Indian Agent, Prince Rupert, B.C.

With reference to your letter of the 31st ultimo, the requisition for school material for the Kitselas School reached this office on September 8th although it was dated last April. We are arranging to order some of the books requested but it is not our intention to order all of these recommended by the Inspector.

You may arrange for the purchase of the following:

- 2 gal. floor oil.
- 1 mop for oiling the floor.
- 1 pane of glass 12-3/8" x 24"
- 10 tins Chloride of Lime
- 2 boxes Kleenex
- 2 doz. Toilet Tissue
- 1 doz. cakes Lifebuoy Soap.
- 12 balls of wool.

We have to-day received a letter from Miss Bailey, teacher at Kistelas, to the effect that she has not as yet received her school supplies. I notice that the other schools have received theirs. She has handed in another list giving the list of books which, I believe, were recommended to her by the School Inspector. In case the first requisition has not yet been filled or has gone astray, I am sending our office copy.

Miss Bailey has asked for the following janitor supplies; which can be purchased locally at the quoted prices:

|                                 |               |
|---------------------------------|---------------|
| 2 gal. floor oil.               | \$1.80        |
| 1 mop for oiling the floor.     | .95           |
| 1 pane of glass - 12-3/8" x 24" | .55           |
| 10 tins Chloride of Lime        | 1.25          |
| 2 boxes Kleenex                 | .50           |
| 2 doz. Toilet Tissue            | 2.00          |

## TERMS AND CONDITIONS

1. The Government lines and instruments are furnished and maintained for the consideration of service charge made monthly to the subscriber payable in advance at the Government office. Connections at a distance from the Government lines will be subject to a special arrangement, not exceeding cost of installation. Should the location of the instrument be at any time changed at the request of the subscriber, the cost of making such change will be payable by the subscriber. The Government shall have the right to make such holes or other alterations in the walls, floors, ceilings and roofs of the subscriber's premises and to attach such brackets, wires or other appliances as it shall deem necessary or expedient for the purpose of installing and maintaining the said telephone service and shall not be accountable or held liable for any damage caused thereby.
2. If the telephone in a residence is used in whole or in part for the purpose of a business or profession or otherwise than for the usual requirements of a residence, the Government may charge the same rate therefor as that charged for telephones in places of business at the location in question.
3. The Subscriber shall take good care of the instruments and all accessories connected therewith, which are and remain the property of the Government and shall not damage, alter or remove the same or make any attachments thereto or allow them to be damaged, altered or removed or any attachments to be made thereto, and in any case, that any of the said instruments and accessories therewith shall be broken, injured, or damaged, ordinary wear and tear, or damage by fire excepted, the Subscriber agrees to compensate the Government for such breakage, injury, or damage on demand.
4. The Subscriber shall permit the Government, its agents or workmen to have access at all times, to his, her, its premises or every other place under his, her, its control, through or over which its wires pass or apparatus is fixed, and in case the Government desires to inspect or to remove, or in any way deal with or handle its instruments and accessories on the premises of the Subscriber, it shall have the right to enter such premises whether occupied or unoccupied, and if unoccupied, or found to be closed or inaccessible, or if entry be refused by the Subscriber or any occupier of said premises, the wires entering the building in which the instruments are installed, may be forthwith disconnected (in the interest of the line as a whole) and the Subscriber will have no claim for interruption of service pending its restoration.
5. The Government reserves the right to remove its instruments and accessories from the premises of the Subscriber at any time, on returning the unearned rentals if any, if the Subscriber or any other user makes any improper use of the said instruments and accessories by using foul, abusive or profane language, or by personating any other individual over the wires connected with his, her or its instruments or fails to pay the monthly service charge, long distance and other rates stipulated or otherwise fails to comply with the terms of this contract; the Government shall not be liable for any damages caused by such removal unless the same are caused by the negligence of the Government servants.
6. The service furnished under this contract is for the exclusive use of the Subscriber, his, her, its employees or members of his, her family, upon his, her, its business and the Subscriber shall not extend the use of this telephone to any other persons nor shall it be used by the Subscriber to transmit messages for any other persons with or without any consideration.
7. The Government will endeavour to furnish as perfect and continuous means of communication between the Subscriber and other Subscribers as possible but will not be liable for any loss or damage that may occur during or through the connection or the failure of any connection of any Subscriber with any of its exchanges or through the employment of any messengers' vehicles or other service.
8. All messages transmitted by the employees of the Government orally by telephone or by messenger will be at the risk of the sender or addressee. The Government will assume no responsibility in respect to such messages and will not be liable for loss or damage by reason of delays, errors, non-delivery or any other cause, and shall not be held liable for interruptions to the service or other annoyances from weather conditions, sleet or snow storms, atmospheric or induction disturbances, or from strikes, accidents or other causes beyond the Government's control.

provision of telephone facilities at the Kitselas  
Indian Day School.

We are prepared to pay the cost of in-

not exceed \$25.00.

However, we would expect either the  
teacher or the Salvation Army to pay the full cost  
of the monthly rental. We are not prepared to pay

I am enclosing Mr. Indian Agent Anfield's letter of March 13th in connection with the proposed provision of telephone facilities at the Kitselas Indian Day School. I have discussed this matter with District School Inspector Davey who agrees with the Agent that the circumstances are such that an expenditure for the installation and rental of a telephone is warranted.

You will note that the Salvation Army is prepared to pay 50% of the monthly rental, the Department to pay the other \$1.50 each month and installation costs amounting to approximately \$25.00. In view of the circumstances I concur in Mr. Anfield's recommendation and would ask the Department to approve the installation.

At Kitselas we have a Day School with an average attendance of between 12 and 15. There are about 45 people living in the village all told. Access to this village is difficult at any time. Present modes of travel to Kitselas are by railroad from Prince Rupert to Kitselas and to walk up the track about 3 miles to the Indian village; the other way is by road from Terrace to Copper ferry and to walk up the track about 5 miles.

The teacher at Kitselas is an unmarried Salvation Army Officer and she has been a bit disturbed at having to live alone without any means of communication with the outside. Recently this village came down with a very serious outbreak of flu and as the ferry service was frozen out, it was some time before we received word of conditions in the village. Arrangements were made at once to send a Doctor into these people and Dr. Macdonald sent a Field Nurse up there for a few days this week-end.

It is recommended that a telephone be placed in this village so that a direct communication can be had with the exchange at Terrace. The Dominion Government Telegraph Service have been approached and have agreed to put this line in provided that the village people supply the poles and look after the line men as to board and room for 3 days. I have consulted with Brigadier Gillingham of the Salvation Army and he authorizes me to state that his organization will pay 50% of the monthly rental of \$3.00 for the phone, if and when installed. It is, therefore, recommended

- (1) that the Department make available a sum of \$25.00 for installation costs.
- (2) that the Department authorize the installation of this phone by the Dominion Government Telegraph Service at a monthly rental of \$3.00 - 50% to be paid by the Salvation Army.

I have consulted Dr. Macdonald, the Agency Medical Officer, regarding this matter and he is of the opinion that the phone would prove of real value in connection with Health Services at this village. Your instructions will be appreciated.

Re: Kitselas Indian Day School.

Authority is requested to make the following  
immediate repairs to the Kitselas Indian Day School:

New roof, pulleys, rope and well bucket for  
the well at the teacherage.

1. Materials. Shingles 1 sqr. @ 11.50  
1 pulley 1.00  
rope 1.50  
bucket 1.65  
nails .50 \$ 16.15

Labour: putting roof on well, clean-  
ing out well and repairing  
ladder into same  
2 days @ 6.50 per day \$ 13.00

2. Furnace: This is a hot air furnace. Hot air pipes have  
been ripped out of one side of the furnace and  
cold air intakes removed and boarded over. The  
main metal shell of the furnace has been kicked  
inward and will have to be taken off and straight-  
ened out. It is planned to send two furnace men  
up from Prince Rupert to do this work which should  
take two days.

Estimated cost of materials, including new  
pipes, bolts, sealing material, etc. \$ 35.00

Labour: 2 men 2 days @ \$2.00 per hr, plus fares \$ 77.70

I have tried to secure a man at Terrace to go up  
and fix this furnace but without success. I am informed by

I am enclosing communications, dated September 23rd and 25th, with enclosures, from Superintendent Anfield, regarding replacement of the heating system in the Kitselas Indian Day School.

You will note that the installation apparently was improperly made in the first place and that in addition to replacement of the furnace, major changes to the hot and cold air pipes are necessary for efficient operation. The alternative suggested by Mr. Anfield, involving the provision of oil heaters, is not considered desirable in view of the uncertainty of fuel oil supplies and the availability of wood fuel in the district.

Although no specific provision is made in the Estimates for this work, I would recommend that the Department endeavour to make funds available by transfer, if necessary, and that the tender of Thom Sheet Metal Ltd. for \$659.00 be accepted.

Re: Kitselas School

I sent furnace men to Kitselas to repair the furnace. Attached please find their report on this equipment which has been left dismantled pending further advice. I have absolute reliance on the manager of Thom Sheet Metals. He is an expert in his line and I am satisfied with his report that the furnace is beyond repair.

I have instructed him to submit a bid immediately on the replacement of this equipment and installation. It is the old story of trying to do a job on the cheap. The furnace was installed by incompetent labour in the first place and now we must pay the price. It is no wonder that the teachers at Kitselas have always complained of the cold. On receipt, bids and installation costs will be forwarded. I inspected this furnace this spring and at that time was nervous about its' condition.

Yours truly,

Mr. B. E. Anfield,  
Indian Superintendent,  
Prince Rupert, B. C.

Dear Mr. Anfield:

We herewith submit our report on the furnace at the Indian School, Kitselas, B. C., as follows:

1. On being dismantled, this furnace was found to be badly burned out and beyond repair.
2. There was found to be a shortage of cold air return to the furnace which tended to slow down the warm air circulation. This let the furnace get to such a heat that it could easily have set fire to the building and yet insufficient heat was getting into the school.
3. The warm and cold air ducts were actually reversed from the correct method. The warm air was coming up along the side of the buildings with the windows and the cold air the opposite side. This procedure should be exactly the reverse for proper efficiency.

We strongly recommend to balance up the cold air and install one new warm air register, as the present set-up would, in all probability, burn out a new furnace the first winter, should the Department decide to install one.

The school teachers residence would appear to be in good shape. Trusting we may be of further service to you, we remain,

Yours very truly,  
THOM SHEET METAL LTD.

Re: Kitselas School furnace

Attached please find bids from Thom Sheet Metal Ltd., for (a) new McClary "Magnet" wood furnace #4190B with needed changes to make the installation workable and safe (b) new McClary "Magnet" wood furnace #4190B using the present set-up of hot and cold air piping.

Purchase and installation of bid (a) is strongly recommended for immediate installation as to put a new furnace in present set-up will only result in burning it out and possibly losing the School by fire.

As weather is getting colder it will be necessary to close the school unless an immediate installation is made.

As an alternative, should funds be unavailable, I could purchase a "Norge" Oil circulator for the school room at \$115.00 installed and a smaller oil heater for the residence at \$80.00. It should be noted that furnace wood, 12 cords, has been cut for the present winter's use.

Dear Mr. Anfield

We take pleasure in quoting our price on replacing furnace at the Indian Day School at Kitselas.

This includes changing such warm air and cold air pipes as is necessary for the proper circulation of air. We propose installing three cold air runs on window side of school and two warm air runs on the opposite side of room. Also enlarging of warm air run at head of Classroom. We propose Taking one cold air run from living quarters.

Our price being Six Hundred Fifty Nine Dollars for the Complete job.

Trusting the above price meets with your approval.

Mr. W.S. Arneil, Indian Commissioner, P.O. Box 70,  
Vancouver, B.C.,

With reference to your letter of the 29th ultimo enclosing letters from Superintendent Anfield regarding the heating system at the Kitselas School, you have no doubt received my signal.

Since sending the signal, I reviewed our file and can not find any information on it as to when the present furnace at the Kitselas School was installed. I would appreciate your obtaining this information from Mr. Anfield. In view of the following statement made in his letter of September 23rd:

" This is the old story of trying to do the job on the cheap. The furnace was installed by incompetent labour in the first place and now we are paying the price".

The only reference that I can find on our file of the furnace in this building is contained in your letter of September 7th in which you enclose a letter dated September 2 from Superintendent Anfield. In official letter of September 10 we authorized an expenditure of \$255. and of this amount, we have sent an accountable advance of \$142.70 to Mr. Anfield.

I will be glad to hear further from you so that the matter will be clear in our minds here.

Philip Phelan,  
Chief, Education Division.

Provision of the items detailed on the attached requisition for the Kitselas Indian Day School is recommended. We can arrange local purchase of the blackboard paint and ladder but I would ask that the flag be forwarded direct to the school from Ottawa.

Attached please find school requisition forms from the Kitselas Indian Day School covering material required. The need of this equipment was noted on my recent visit to Kitselas and it is hoped that the Department may issue instructions for the purchase thereof. It is understood that the flag will most likely be mailed from Ottawa as this is the usual procedure.

Your File 168/6-1-323

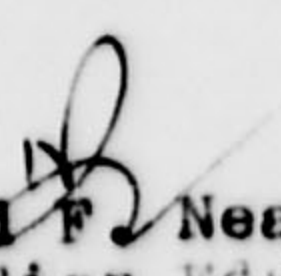

With reference to your letter of April 28th, the Department approves the following expenditures:

1. Construction of woodshed at a cost of \$132.69 for material and labour.
2. Construction of new toilets at a cost of \$122.22 for material and labour.

At the present time, we are not prepared to authorize an expenditure for the construction of a picket fence.

Re: Kitselas Indian Day School

Provision was made in the Skeena River Agency Estimates for an expenditure of \$650.00 for replacing the fence around the above-mentioned school, clearing the grounds, etc. We now have for consideration requests for expenditures, reference Mr. Anfield's letters of April 20th attached, as follows:

|                              |          |          |
|------------------------------|----------|----------|
| Construction of picket fence |          |          |
| Material                     | \$197.23 |          |
| Labour                       | \$175.00 |          |
| Total:                       |          | \$372.23 |
| Construction of woodshed     |          |          |
| Material                     | \$ 60.69 |          |
| Labour                       | \$ 72.00 |          |
| Total:                       |          | \$132.69 |
| Construction of new toilets  |          |          |
| Material                     | \$ 53.72 |          |
| Labour                       | \$ 68.50 |          |
| Total:                       |          | \$122.22 |

The total of these expenditures is in excess of the amount specifically provided in the Estimates and if it is not convenient to make the total amount available we propose to suggest to Mr. Anfield that he give priority to whichever of the items are considered most urgent within the amount which can be provided. Will you please advise what funds can

Re: Kitselas Indian Day School

With reference to Mr. Neary's letter of May 5th (file 823-5 E1), approving the construction of a woodshed at new toilets at the above mentioned school, this work has now been completed and I would ask that an accountable advance of \$140.50 be forwarded to Supt. Anfield to pay for the labour.

Extract for 168-20-11

Original on 168-20-6

Extract from Inspector Barry's report on the Kitselas Indian day school visited on May 30, 1939.

Perfectly splendid Indian art work has been done by the children since my last visit, and many of my own suggestions followed by Mrs. Wilson. May I recommend that the school be given a grant of \$100.00 per year to cover the following:

- (a) The provision of a set of simple manual training tools so that some half dozen boys might be taught carpentry by Mr. Wilson.
- (b) The purchase of suitable lumber for the construction of two work benches, cupboard for tools, and the later construction of display boards, tables, and bookcases etc. for the school.

One of the halls not now used by the children would make a very satisfactory if small manual training shop.

The sum of \$50.00 should cover items (a) and (b) and I would suggest that the remaining \$50.00 be used to

- (c) Pay an Indian woman, Mrs. Sam Kennedy, to instruct the girls in basket and mat weaving twice a week from October to April inclusive.
- (d) Purchase the material needed for making the baskets and mats suggested in the above paragraph (c).

I understand that Mrs. Sam Kennedy is good in this type of work. She might well be given fifty cents for each lesson of an hour or so, or \$1.00 per week while the work was being carried on. It has been found in other parts of the Province that two lessons a week, each of an hour or so, are better than one lesson taking the whole afternoon. The children can practise the work or continue it on the other afternoons. In any case the teacher must take charge at all times. The boys would of course be working at the suggested manual instruction while the girls were being instructed by Mrs. Kennedy.

I have asked the teacher in any case to devote the mornings to the strictly academic work of the school, and the afternoons to all those subjects suggested by Mr. Hoey - singing, arts and crafts, sewing, vocational work and manual training, physical training and games etc. Health is now being taught and considerable success achieved in sewing.

(Sgd.) Gerald H. Barry,  
Inspector of Indian Schools, B.C.

In the covering letter from Inspector MacKay dated June 13 he wrote as follows:

I would call attention to his recommendation that an annual expenditure of \$100.00 be made at this school, of which \$50.00 is to be used in the purchase of tools and lumber for manual training, and \$50.00 with which to engage an Indian instructress for Indian arts and purchase of necessary material.

I would recommend approval of these expenditures for the current fiscal year.

Indian Commissioner for B.C.

Dear Sir:

With reference to Inspector Barry's report of May 30 on the Kitselas Indian Day School, the Department will allow an amount not exceeding \$100.00 in order to provide manual training tools and lumber and to allow some remuneration to Mrs. Sam Kennedy to instruct the girls in basket and mat making.

You may arrange for the purchase of the materials required.

Yours truly,

Philip Phelan,  
Chief, Training Division.

Dear Sir:-

I am enclosing herewith, requisition for manual training supplies for the Kitselas I.D. School. The approximate cost of the tools is \$45.00 and that of the lumber \$6.00.

If the Department considers this amount too much I would suggest that only one block plane be supplied.

Yours faithfully,

Extract from Inspector Barry's report on the Kitselas  
Indian Day School visited on May 7, 1940:

Mrs. Kennedy, Indian, is allowed \$1.00 per lesson to a maximum of fifty lessons yearly. I am anxious to assist the Department by showing just where expenses may be reduced without much damage to the work of Indian education in this Province. It is with such desire in mind that I suggest that Mrs. Kennedy be informed through Mr. Indian Agent Gillett that, though her work has been satisfactory in the past, it is now impossible to continue this particular grant for the academic year 1940-41 and that after the end of June no further lessons by her can be authorized.

Dear Sir:

In official letter of June 30, 1939, the Department authorized an amount of \$100.00 in order to provide manual training tools and lumber and to allow remuneration to Mrs. Sam Kennedy.

Mrs. Kennedy has been allowed \$1.00 a lesson to a maximum of 50 lessons during the past year. Owing to a reduction in our appropriation it is found necessary to dispense with the services of Mrs. Kennedy for the academic year 1940-41 and you should, therefore, inform her that her employment will cease on June 30, 1940.

Dear Sir,

I again write to make application for a School Grant, for the Indian school at Kitwingar, on the Upper Skeena: this is the third time I have made application, but why no grant has been given I have not heard.

Your last letter to me on this subject, was dated June, 11, 1899, No "201. J3. The "School Returns" have been duly sent in as you suggested, for the last two winters, but without result.

The last application was sent through your Agent at Hazelton, and reported on by him.

The school has been open regularly during the residence of the people since 1889.

Hoping this will receive the favourable consideration of your department,

I remain,

Yours faithfully,

Sir  
I have the honour to submit ~~that~~ the accompanying letter from the Rev<sup>d</sup> Alfred E Price an Anglican Missionary at Kitwanga on the Skeena in the Babine Agency in which he renews his application for a grant towards the support of the school on this Reserve which under the auspices of the Church Missionary Society <sup>has been in operation</sup> according to his statement since 1889 and I would strongly recommend ~~that~~ his request be complied with. Mr Price's letter is dated 4<sup>th</sup> instant.

In this connection I beg to state that there is at present no school open at Kitladamicks nor is there a likelihood of one being required there for some time as the Indians living there are persistent pagans and if the grant for Kitladamicks can be made available I would suggest that it might with advantage be transferred to Kitwanga.

Sir.

I have your letter dated 3<sup>rd</sup> instant having reference to your request that a grant be made for the Indian Day School at Kitwanga. I beg to state that a grant for this school has been requisitioned for steadily for some years back, but owing to the fact that the Department has not received any returns therefrom for several years it may be surmised that the Department was not aware that the school was ~~and~~ kept regularly open it having no evidence to show that such was the case. There was no grant for this school for the current fiscal year, the reason for which may be attributed to the cause above given. The name of the school is on the Estimates for the coming year and if you continue to send in satisfactory Quarterly Returns regularly you may ultimately obtain the usual grant provided for such schools.

Sir,-

I have the honour to enclose herewith the Teacher's Return, on the Kitwanga Indian Day School, for the quarter ended with the 31st ultimo.

I here beg leave to draw your attention to the Teacher's annotations in the Return's Remarks Column:- "Parents dismissed from the village," applies to an Indian named Stephen Morgan, a notorious agitator, who by staying at Kitwanga, - where centrally located - he made himself offensive in meddling with affairs, against the wishes of the people of that village, and allying himself with some malcontents of the Indians of Kitwankool.

(Go-hāch)

Hence, the said Stephen Morgan was ordered by me to betake himself to Kitsegukla the village and reserve whereupon he belongs; and here may add that since then, and with admonitions properly applied, peace has been prevailing along the Skeena.

I have the honour to be,

Sir,

Your obedient servant,

Dear Sir,

There is a matter that I wish to bring before the Indian Department at Ottawa. It is regarding the Day School at Gitwangak.

As you may have heard Rev. A.E. Price is leaving our Gitwangak Mission next September for a year in England and may not return to this station.

It is, therefore, necessary for me to make as soon as possible some arrangement for a teacher. I wish to secure a competent white teacher but the Day School Grant is only \$400. while most of the other schools receive \$500. I wish to point out to the Department :-

1. The Department has for years been using our school building without paying us a cent of rent.
2. The expense of bringing a qualified teacher from Vancouver to Gitwangak is about \$50. according to the state of the Skeena river. The Department has never to my knowledge paid this.
3. Without a married Missionary resident at Gitwangak no white woman teacher could live alone in the Indian village as there are no other white people with whom to live. We must, therefore, have a white male teacher this winter
4. A white male teacher cannot be obtained for \$400. a year. He could not live on this.

Under all these circumstances I feel fully justified in asking for at least the standard salary of \$500. and I think to cover the

the travelling expenses, as well as the upkeep of the building and such like demands upon our Funds the Department should allow us a rental for our school-house.

I should like to know soon whether I can count upon this increased Grant so that I may have time to secure a well qualified teacher by September. I can assure the Department that it is most difficult to secure proper teachers and the Church has in most cases to add greatly to what the Government allows in the way of salary.

I remain,

Yours faithfully,

Sir,-

I have the honour to acknowledge the receipt of your letter, dated the 10th ultimo, headed "Rev. Sir," informing me that in my last report on the Kitwanga school I stated that "There is only a Government grant, and when that is expended they close the school. More salary should be given to secure a competent teacher," and that according to returns received from this school it were open during the fiscal year 215 days, and that in view of this the Department would like some explanation of my remarks, which would appear to indicate that the returns were not accurate.

In reply to the forementioned, I fail to conform the passage as quoted with any remarks that I should ever have had occasion to make on the subject. For the returns that have passed through my hands, I can vouch for as having been correct.

It would occur to me that the letter referred to was intended for Mr. Inspector Green.

In reference with this school's closing, I have no other explanation to offer than that it is diligently being kept open till such time when the children leave the village with their parents on their various avocations.

Sir,-

I have the honor to acknowledge receipt of your letter 184711/1, dated August 2nd., referring to my last report on the Kitwangah School, in which I remarked that "there is only a government grant and when that is expended they close the school. More salary should be given to secure a competent teacher".

In reply I beg to say that when I questioned the Rev. A.E. Price, the Missionary in charge, as to why a new teacher secured in the fall invariably left the following spring, he replied that the small grant was the chief reason. The Church does not assist with any grant, and as he has to pay traveling expenses of teacher from Vancouver to Kitwangah, and then forty dollars a month salary, he could not keep one longer. But to fill up the school days his son (a young boy), and other unqualified persons, taught when they were unable to pay a teacher. The last teacher was but poorly qualified for the work, but he said it was the best he could do with the present grant. I told him I was not satisfied with the way the school was being conducted.

Mr. Price informed me that he would be leaving the place in September (next month) and so, some one else would look for a teacher for the fall of 1911. I think that, with a new Missionary in charge, the school will have a better chance.

I think it would be an improvement if the Missionaries or Church authorities, were required to notify the Department, when they dismiss or change teachers in any of the schools receiving Government grants.

I have the honor to remain  
Your obedient servant

*A. S. Green*

Sir,

The Department has just received the quarterly returns from the Kitwanga School. These returns show that the school is being taught by Mr. Albert Sinclair under the direction of Dr. Vernon Ardagh. His Lordship the Bishop of Caledonia was informed in August, last, that the Department would allow a salary of \$500.00 for a competent teacher at this school. Evidently Mr. Sinclair has undertaken this work, but the Department has not been informed in any way as to his qualifications, in fact this is the first intimation it has had that he is engaged in the work. Payment of the first quarter's salary is being made at the rate of \$500.00 per annum.

I have to ask you to advise as soon as possible as to what qualifications are held by Mr. Sinclair in order that the Department may decide whether the grant at this rate may be continued or not. I may say that you should have advised the Department of the fact that this man was in charge of the school as soon as <sup>he</sup> commenced the work.

Sir,-

I have the honour to acknowledge the receipt of your letter, dated the 16th ultimo, stating that the Department had just received the quarterly return from the Kitwanga School, and that the same showed that that school was being taught by Mr. Alfred Sinclair, under the direction of Dr. Vernon Ardagh. That \$500.00 had been allowed for a competent teacher of this school, and that the Department had no intimation of his qualifications, &c.

Thereupon, am asked to advise as soon as possible as to what qualifications are held by Mr. Sinclair in order that the Department may decide whether the grant at that rate may be continued or not; also is it remarked that I should have advised the Department of the fact that this man was in charge of the school as soon as he commenced the work.

In regard to Mr. Sinclair's qualifications, they are not what they should be. I was advised that he were to be under the supervision of Dr. Ardagh for a short time, whilst the latter was busy making habitable his abode for his family upon his arrival, and a proper teacher were to arrive in a few weeks or so.

By a letter of Revd. A.E. Price, the former principal of this school, becoming miscarried, the then prospective teacher did not arrive till about several weeks later. That teacher, Miss F. B. Kemp has been at work there since about the beginning of the present quarter. She is fully qualified, and a most efficient teacher, and left the Kispiax school to take over this school.

And Miss Kemp's school, at Kispiax, was taken over by Revd. Robert W. Lee, fully qualified, and also, the resident Missionary there.

Might I suggest that a small

 extra per annum be granted her  
 for this work.  
 She knows the Indians intimately

Mr. Scott.-

Mr. Agent Loring forwards an application from Miss Florence B. Kemp, teacher of the Kitwanga Indian Day School, for an increase in salary. She is now paid at the rate of \$550.00 and has been three years in the Department's service and is doing excellent work, both in the school and as field matron. Mr. Loring encloses a letter from Dr. Ardagh, medical officer, recommending that her salary be increased, as he claims that she is of great assistance to him in his work on the reserve. She asks for an increase of \$50.00 and I think the Department would be quite justified in giving it to her after the first of the New Year.

Sir,-

I have the honour to acknowledge herewith receipt of Departmental letter, dated the 9th ultimo, stating that in reporting on the schools of this Agency, Mr. Inspector R. W. Cairns had remarked that the attendance at the Kitwanga, Kispiox, Kitselas and Hazelton Day Schools had been very unsatisfactory, and that the Department trusted that I would do everything possible to increase the attendance at those schools.

In regard to the foregoing, I here beg to mention that the Inspector visited those schools on or about the 13th of October, last, and that for reasons of an unusually prolonged fall, many of the children were with their parents assisting in picking berries and late in coming in, and am somewhat surprised that the respective teachers did not furnish a context to that complaint.

Otherwise, it affords me great satisfaction to state that the attendances in the several schools mentioned, have properly picked up; and that also the pupils' parents are taking a laudable interest in having them comply with an intent to that respect.

- re Kitwanga Indian Day School -

I have the honour to notify you that I have received Miss Kemp's verbal resignation of her position as teacher at the above mentioned school, but am still awaiting written confirmation. When this reaches me, I will notify you.

In the meantime I have received an application for this position from J.R.A.Gell (late Capt.-Adj. C.E.F.) which is strongly endorsed by Archbishop F.H. du Vernet.

Copies of this application and the Archbishop's recommendation are enclosed herewith, for your information.

Although I do not know Mr. Gell personally, I conclude from the Archbishop's recommendation that he is a man most suitable for Kitwanga. I feel sure that a married man residing on the Reserve and living amongst the Indians will do much for their welfare, and that it will help to elevate them morally and in every other respect.

Added to this is the fact that Mr. Gell is well educated, of sensible age, used to the control of men of all kinds, is obviously versatile, and used to varying conditions of life. His wife, also, being well educated and capable would be of immense use, and I feel sure that two such people would exert a good influence and do much good amongst the Indians in general.

Dear Sir,

I have heard there is a vacancy at the Indian School at Kitwanga B.C., and am writing to apply for the post of teacher to the same.

I was educated at Bedford Grammar School, England, but since leaving school have been farming in New Zealand and Canada.

I gave up my farm at the beginning of the War and was overseas with the Imperials for five years. I was troubled with rheumatism so could not stand the front line and was sent to the Base and for three years was Acting - Adjt. and Adjt. of different Base Depots, so feel quite qualified to manage a school such as this appears to be.

For a time I taught in the Chinese Mission School in Victoria as a voluntary helper. My wife teaching sewing, drawing, etc. She holds a Junior Edinburgh University Certificate, and can assist with teaching any time it would be necessary, and she could visit the Indian women in their homes and help them with advice, if so required.

My age is 46, but I do not think that would in any way disqualify me.

I am,  
Yours truly,

To

HAZELTON B.C.

Dear Sir,

I understand that Captain Gell has applied for the position of school teacher of the Indian Day School at Kitwanga. He is a returned soldier who suffered in the war, the son of an Imperial General. He has been many years in this country and is good at farming, carpentering, etc. but the war has left him weaker and so he is not able for hard manual work. He is 46. His wife is a well educated Irish woman, very anxious to do missionary work among the Indians. They have two children 13 and 11.

If the Indian Department appoints him I am willing to give them the free use of our Kitwanga Mission House adjoining the School House in return for the good influence which I hope they will exert upon the Indians. At least, I offer this for one year to try them.

I understand that Mrs. Gell is a very capable woman and she might possibly act as field matron in the Kitwanga village. These Indians certainly need some one to look after them and give them a little kindly advice hygienically and morally.

Yours faithfully,

(Signed), F.H. du Vernet

Sir:

I have to acknowledge the receipt of your letter of the 19th instant, enclosing an application from Samuel Kinley for the position of Teacher at the Kitwanga Indian Day School and stating the qualifications which he possesses.

In reply I beg to say that the Department will approve of the appointment of Mr. Kinley, to take up duties as soon as possible. The salary allowed him will be at the rate of \$650.00 per annum and he will also be entitled to receive the bonus during the balance of the present fiscal year at the rate of \$15.00 per month. You should inform him of his appointment and arrange with him to take up duties as soon as possible and inform the Department as to the date upon which he takes charge of the work at this school.

I might add that, if the reports received regarding Mr. Kinley's work at the school are satisfactory, the Department might consider the granting of an increase in the salary.

In reply to the above I beg to say that I have now consulted the church authorities regarding the appointment of a teacher for the Kitwanga Indian Day School, and have secured thro' the medium of the Rev. E. Hodson the application, enclosed herewith, received from Mr Samuel Kinley.

I also enclose a recommendation received from the Rev. E. Hodson.

I have interviewed Mr Kinley and have no objection to offer to his appointment as he is a married man with a family, a returned soldier and appears to be earnest and conscientious.

Adverting to my letter dated September 10th 1921 and to yours of above mentioned date regarding the payment of salary for the two holiday months, viz: July and August 1921, to Miss Kemp, formerly Teacher at the Kitwanga Indian Day School, I beg to submit for your further consideration the following facts regarding Miss Kemp from which you will understand my reason for again bringing this matter before you.

*Handwritten notes:*  
Hazelton C.B.  
Kitwanga M.H.  
Kemp

Two other resignations of Teachers have occurred during this year in this Agency, and in each case resignation was made at the end of September 1921, and, in only one case was notification sent to me at the close of the School Year 1920-21, and no such consideration was shown for the work of the Department as in the case of Miss Kemp and her resignation.

*Handwritten notes:*

Miss Kemp informed me, during my visit to Kitwanga in June that she intended resigning her position at the end of the School year, but I received no formal written notice from her until I requested her to do so in a letter dated August 30th. Subsequently, Mr Inspector Cairns informed me that Miss Kemp had told him of her intention to resign at the end of the year, in order to allow the Department time to appoint another teacher at the commencement of the new term, and year, in September. Mr Cairns told me that Miss Kemp had been in the employ of the Department as teacher for over 10 years and had done very good work assisting the women in cases of sickness where a woman's attention is imperative.

In her resignation, Miss Kemp expressed her willingness to continue to do what she could in cases of sickness amongst the women and in assisting in the dispensing of medicines to her old pupils.

Although Miss Kemp did not actually teach school during the months of July and August, she is, in my opinion, entitled to payment for these two months equally as much as the other teachers of the Indian Day Schools in this Agency, who received their full quarters salary for the quarter ending September 1921.

It appears to me poor consolation for such a devoted servant to the Department that "virtue should be its own reward" as Miss Kemp is undoubtedly, in this case, a victim of her own

EXD.

Ottawa. November 29, 1921.

Sir,-

I have to acknowledge the receipt of your letter of the 19th instant, recommending that salary be allowed Miss Kemp, former teacher of the Kitwanga Indian Day School.

In reply I beg to say that the school year ends on June 30th, and she was paid in full to that date. If she had taught during the month of September she would only have been entitled to payment for the number of days she actually taught during the month.

The Department has adopted the method of paying teachers who are in continuous service the full quarter's salary for September, but, in reality, they are not legally entitled to this amount. Each school year begins on September 1st and ends the following June 30th. Summer holidays are not taken into account in the payment of teachers salaries. In some cases the teachers have delayed forwarding their resignations until after they have been paid their full quarterly salary and, by so doing, they have been paid more than the amount which they earned.

However, in view of Miss Kemp's long service and owing to the fact that during the past summer she did a certain amount of work on the reserve, the Department has decided to allow her the full quarter's salary, a cheque for which amount is being forwarded to you under separate cover. She will also be allowed bonus for the month of September, the same as allowed the teachers in other Indian day schools.

The action taken in allowing payment in this instance is not to form a precedent for future cases of a similar nature.

Dear Sir:

I beg to acknowledge the receipt of your letter dated November 22nd., last having reference to the salary of Mrs. Mary Ashmore, who succeeded Mr. S. Kinley, as teacher to the Kitwanga Indian Day School.

In my letter to the Department of November 12th., I gave Mrs. Ashmore's qualifications, but later I find she holds the highest teacher's certificate in B.C.-the Academic-. I might say it is very difficult to get teachers in these out-of-the-way places, especially those holding certificates.

Dear Sir:

In reply to your communication of the 26th ult., having reference to Kitwanga Indian Day School, I enclose herewith Mr. Kinley's School Return for the month of October last, his address is the Anglican Theological College, Point Grey, Vancouver, B.C.,

I am pleased to inform you that I have secured the services of a qualified person, in the name of Mrs. Mary Ashmore, who is recommended by Archdeacon Rix, of Prince Rupert and the Rev. Mr. Proctor, of Hazelton.

Mrs. Mary Ashmore was educated at the Victoria College, Belfast; and graduated M.A. from the Royal University of Ireland. She has been teaching both in the Public and High Schools of this Province. She has knowledge of the Indians who live on Kuper Island. Her strong subject is French and she is well up in other subjects. She has been in this country some 18 years, her husband was killed in France in 1917.

I have no hesitation in recommending Mrs. Ashmore for the position, I am sure she will improve the situation at Kitwanga and the pupils should show better signs of progress, in the future.

I have your letter of the 15th instant, informing the Department of the resignation of Mr. Samuel Kinley as teacher of the Kitwanga Indian Day School to take effect at the end of the present month. In this connection it is noted that you are endeavouring to obtain the services of a qualified teacher to succeed him. If you are unable to obtain the services of a suitable teacher, you should take the matter up with Mr. Inspector Cairns, as he might be able to nominate a teacher having the necessary qualifications. The salary allowed will depend upon the qualifications which the teacher obtained possesses. Please endeavour to obtain the services of a teacher for this school at the earliest possible date, and furnish the Department with full information as to the name, qualifications, etc.

Mr. Kinley should prepare a return before leaving showing the attendance and days taught by him, and the same should be forwarded to the Department through your office, in order that payment of any salary due him for his services can be made. The address to which his cheque should be sent should be stated.

Miss O'Donahoe.

With reference to your memorandum hereunder, I wish to suggest that Mr. Indian Agent Hyde be asked to make a recommendation relative to the advisability of employing an assistant teacher at the Kitwanga Indian Day School - such assistant's duty to be field work. The hospital at Hazelton is, without doubt, an agency which makes for better living conditions and sanitation on contiguous Indian reserves. For this reason I am somewhat doubtful concerning the need of a field matron for each or both of the Hazelton and Kitwanga Indian communities.

The Department is in receipt of a letter from His Lordship the Bishop of Caledonia, nominating Mr. Irwin Bell as teacher of the Kitwanga Indian Day School. It is presumed that Mrs. Ashmore has resigned, although the Department had not previously received any information to that effect.

Previous to the appointment of Mrs. Ashmore, salary was allowed the teacher of this school at the rate of \$80 per month but, owing to the fact that Mrs. Ashmore was so well qualified, being the possessor of the highest teacher's certificate in British Columbia - the Academic - a salary of \$100 a month was allowed in her case.

Please let me know definitely the academic and professional qualifications which Mr. Bell possesses, as well as his experience, in order that the Department can decide what salary is to be allowed.

Right Rev. Sir:

I desire to acknowledge receipt of Your Lordship's letter of the 18th instant, with reference to a teacher for the Kitwanga Indian Day School. The Department was not previously aware that Mrs. Ashmore had resigned.

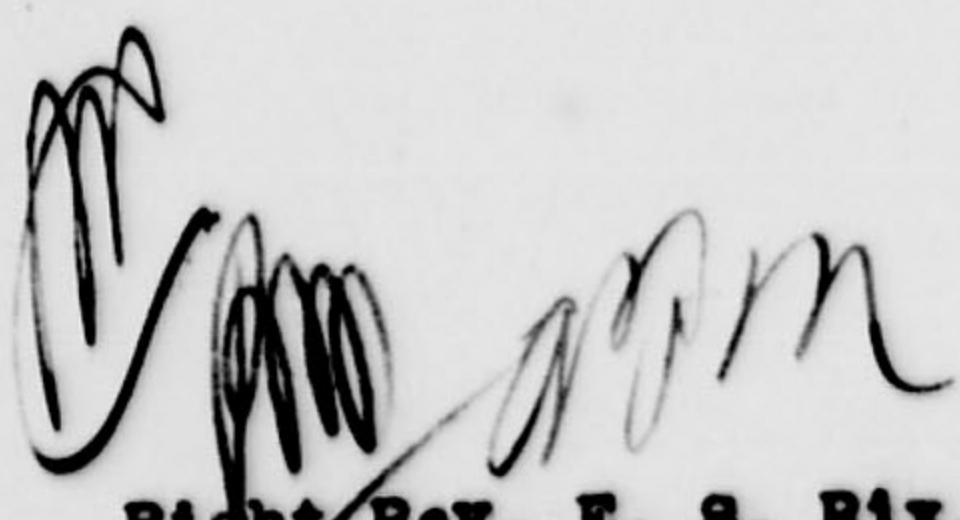

In view of your nomination of Mr. Irwin Bell as teacher, Mr. Agent Mortimer is being advised that his appointment is approved. In connection with the salary at this school, I might point out that previous to Mrs. Ashmore's engagement salary was allowed at the rate of \$80 per month, but, owing to the fact that Mrs. Ashmore was so well qualified, being the possessor of the highest teacher's certificate in British Columbia - the Academic - a salary of \$100 a month was allowed in her case.

I am requesting Mr. Mortimer to advise the Department definitely regarding Mr. Bell's academic and professional qualifications, as well as his experience. On receipt of this information, the Department will be in a position to decide what salary can be allowed him.

I have the honour to be,

Right Reverend Sir,

Dear Sir,

In the matter of a teacher for the Indian day school at  
Kitwanga in British Columbia in the Babine Agency.

To-day I have had a conference with your agent- Capt. Mortimer-  
about this and we have agreed that Mr. Irwin Bell a young man with  
sufficient educational attainments will be an efficient man and he has  
been asked to take charge at once.

I presume his salary will be the same as that of his predecessor.  
Your agent will also write you in a day or so.  
The address of the teacher will be:-

Mr. Irwin Bell,  
Kitwanga, B.C.

Yours Faithfully,

*E. A. King*

Madam:

I have been directed to acknowledge receipt of your letter of the 6th instant, relative to the salary allowed you as teacher of the Kitwanga Indian Day School, and enclosing a testimonial regarding your previous service. At the time the Department approved of your appointment it was not aware as to the qualifications which you possessed. A communication has, however, been received from Mr. Agent Hyde, Hazelton, in further reference to your qualifications. In view of same, the Department will allow you salary at the rate of \$100 per teaching month from the date you began duties. This is the full amount that can be allowed for teaching services at this school. Mr. Agent Hyde is being informed of the amount of salary that will be paid you.

THE MISSION HOUSE,  
HAZELTON, B. C.

Dec 6<sup>th</sup>, 27.

Dear Sir,

Mr Kinley the teacher of the Indian School at Kitwanga, left the end of October & entered college to prepare for the Ministry. He had been here for six years giving satisfaction as far as his ability went. He received the small salary of \$80<sup>00</sup> per month, which was augmented by the Church to the extent of \$300<sup>00</sup> per year plus a house in which to live. This was granted in return for services rendered to the Church. On his leaving I was informed by the Indian Agent that the Indian Department required certificated teachers for all schools as far as possible. I immediately proceeded to obtain the application of such a teacher in the person of Mrs. Holmstrom, M.A. who was recommended to me by Inspector Fraser. No question was asked as to salary believing that the Indian Department would pay the same as the Provincial Government, who don't pay any less than \$100<sup>00</sup> per month. Mrs. Holmstrom now informs me that she has been notified that her salary will be only \$80<sup>00</sup> per month for 10 months, with no house.

she is at present living in our Mission House, which does  
nothing to do with the school. Unless the salary is  
brought up to equal at least that of good class  
certificated teachers, she intends to leave, and we are  
quite sure that no certificated teacher who is any good  
at all can be obtained for \$80<sup>00</sup> per teaching month.

Trusting that you will look into this matter and  
see that justice and fair dealing is meted out.

I am

Yours faithfully

Hon. Duncan Scott,

Dear Sir,

I am taking the liberty of appealing to you with regard to my salary as teacher of the Indian Day School here.

On Oct. 31. on Inspector Fraser's recommendation I was appointed teacher of the Indian Day School here by the Hon. Mr Proctor. This appointment was subsequently confirmed by the Indian agent, Mr Hyde of Hazelton. In reply to an enquiry from Mr Hyde, I told him that I had the highest B.C. teacher certificate - the Academic - and I understood from his letter and from a conversation with Mr Proctor, that the salary would be in accordance with my standing as a teacher.

Yesterday, to my inexpressible

amazement. I received a communication from Mr Hyde, stating that my salary would be \$80 a month, the same as that paid to my predecessor, a man who had no qualifications whatever, who didn't know how to teach, and who consequently left the school in a deplorable condition, both as to work and discipline.

I have undertaken a very difficult task; may I hope that you will see that I am paid a salary commensurate with my ability and my experience. The merest tyro in B.C. in the provincial schools would not be offered \$80 a month. It is less than half what I formerly had.

I beg to enclose a testimonial from the Mission School trustees, and my latest inspectors' reports.

Hoping you will see justice done in this matter, I am, Dear Sir,  
Yours respectfully,  
(Mrs) Mary Ashmore.

TESTIMONIAL FROM THE MISSION BOARD OF SCHOOL TRUSTEES

This is to certify that Mrs. Mary Ashmore, M. A., has taught in the Mission High School for the last six years, during which time she has proved herself to be a most hard-working and conscientious teacher. Her strong subject is French, at which she is second to none, though by no means behind in her other subjects. During her sojourn with us she has made many friends who, one and all, regret that she has decided to make a change.

The Board take great pleasure in recommending Mrs. Ashmore to any Board requiring the services of a highly qualified teacher, especially one having her attainments in the subject of French.

Remarks. Mrs Ashmore is more at home with the advanced classes than she is with the smaller children; however I found her following approved methods in Grade II. In a school like this a great deal of individual work should be done, which may easily be checked.

TO DATE OF THIS LETTER

Sir,

In reply to your letter, 151-16-1, dated October 25th.1930, I respectfully beg to state that I had no knowledge as to the transfer of Mr Ashmore until I visited Kitwanga and found no teacher at the Indian Day School.

I at once installed Miss Kemp, Field Matron, as temporary teacher until such time as the Anglican Mission, with the Department's approval, appointed a suitable teacher.

When the Rev.Bishop Rix visited the office he informed me that he had appointed a young man named Mr Irwin Bell, a resident of Hazelton, as teacher at Kitwanga.

Mr Bell has no academic qualifications except four years in the Vancouver High School, a six months' course in the Sprott-Shaw School of Commerce and two years business training with the Hudson's Bay Company at Hazelton. Apparently Mr Bell is following up his studies with a view of entering Normal School to qualify as a School Teacher.

Since Mr Bell took over Kitwanga School I have visited same and am satisfied that in course of time he will make a good teacher.

Dear Dr. Scott:-

I write to bring a few matters to  
your notice.

1. Re: School Teachers.

(a) The young man who has been teaching at Gitwangah will be leaving there at the end of May. This was the arrangement with him last fall. In his place will be the Rev. Henry Flores, who has for some time been doing excellent work as a teacher at Aiyansh. Your agent, *Capla* Mortimer at Hazelton, knows of this plan and suggested that I write to your department about it.

(b) The Rev. S. Kinley, who at one time was teacher at Gitwangah, and who has just completed three years of training at the University of British Columbia, at Vancouver, will be taking over the school at Aiyansh, where Mr. Flores has been carrying on.

Both these men are excellent men, and will merit the most generous treatment the department will find possible. They will both be on their respective fields at the 1st of June, and cheques for them could be sent to.

Rev. Henry Flores - Gitwangah, B.C.

Rev. Samuel Kinley - Aiyansh, B.C.

The young man who is now teaching at Gitwangah will continue to do so until the end of May and should, as you will know, be paid up to that time. I am glad to have been able to suggest to you such excellent appointments for these two schools.

(c) May I remind you of the \$200.00 promised the Diocese for the material ~~from~~ the old mission house at Kitkatla. It has not come to hand yet, and may have been forgotten among the many things crowding your department. We would be glad to have a cheque drawn in favour of the Diocese for this amount.

*Extract on  
Masset file*

(d) Some long time ago, your agent at Massett recommended the purchase by the department of our mission house at Massett for a house for the teachers, at the cost of \$1000.00. Upon a visit there a few months ago, I suggested that the land reaching half way between the house and the Church would probably be appreciated by the department and that for the house and the land a fair price would be \$1200.00. Your agent said he would write you about this matter, and so you have probably heard of it. We would be glad to have the matter settled, at an early date. For some time the teachers have been using this house, and so far as I know, no rental has been paid for it. If the purchase is arranged for the \$1200.00, the matter of the rent can be forgotten, but if otherwise, you will agree with me that rent should be paid. I understand the Mission house has proved quite satisfactory, ~~and~~ to the teachers as a residence.

With best wishes,

I am,

Yours faithfully,

EXTRACT FROM REPORT OF MR. G. H. BARRY, INSPECTOR  
OF INDIAN SCHOOLS, DATED MAY 22, 1933, ON HIS INSPECTION  
OF THE KITWANGA INDIAN DAY SCHOOL.

---

Original on 151-16-6.

The school is very far from being a success. The room is a little less untidy and dusty than when I inspected this school in October, 1931. I am certainly far from satisfied with conditions here.

As far as school work is to be considered, there would not appear to me to be much use carrying on this school. No suggestions that I could make would help much, as the teacher is not adapted to this sort of work. The children find it very hard to understand his way of speaking, which is mainly due to a peculiar French accent. I doubt that this man has a very general command of the English language. The school leaves much to be desired in the way of cleanliness. No one could possibly be interested in the school as conducted at present; though I think the teacher is doing his best to make things a little better.

The attendance is so very poor in this school that I should like to suggest to the Department the consideration of closing the school as a matter of economy. It will never be a success with this teacher, who is the local Missionary. With a trained teacher the school might be worked up during several years till it was of some use to the people. At present the parents are not very interested in the school. I am quite in sympathy with the Indians, as I can see no reason why any child should want to attend such a dismal place. The teacher is not trained for this sort of work.

The school is not in a satisfactory condition. As I have recommended above that the Department consider closing this school, I would ask that a check be kept on the reports of attendance during the school year starting in September, 1933. I would ask that the Indian Agent be asked for a report on this school early in 1934, as I shall not be able to visit there this year if I am to inspect schools not visited this last year. Should the Indian Agent's report be as poor as this present one, I should recommend the closing of the school to save the salary being paid to the missionary now, as well as the other expenses of the school.

**NOTE:** Returns for the last three quarters show the following:  
December, 1932 - Enrolment 23, Average 15,  
March , 1933 - Enrolment 25, Average 9,

In a report regarding his recent visit to the Kitwanga Indian Day School, the Inspector of Indian Schools writes in part as follows:-

"As far as school work is to be considered, there would not appear to me to be much use carrying on this school. No suggestions that I could make would help much, as the teacher is not adapted to this sort of work. In view of the Inspector's report, the Department would appreciate if Your Lordship would give immediate attention to the situation at Kitwanga. It is considered that a trained teacher should be secured to begin duties from January first, next.

A.P. McKenzie, Esq.,  
Sectry. Dept. Indian Affairs,  
Indian Day Schools,  
Ottawa, Ont.

Dear Sir:

Referring to your letter of Sept. 14th, 1932 re Inspector's Report on Indian Day School at Kitwanga.

I can only first of all say that the report was an extreme surprise to me. Will you allow me to reply to some of the criticisms of the Inspector?

There is no teacher with such experience in teaching native children in this and other countries as Mr. Flores has had. He has been the principal of a native school in Arabia with 300 pupils and won the commendation of all in authority. He is a more than ordinarily cultured man, not only speaking French, Spanish, Italian, Arabic and English, but is able to, and has taught at times all these languages.

The statement that it is useless to carry on the school under Mr. Flores is completely unsound. I spent half a day in the school yesterday and listened to the exercises of the children, and having been at one time a teacher myself, I am in a position to form something of an accurate opinion of the work done, and can unreservedly say that the work done was above the average. I noticed in particular that certain pupils, who up until now have been in residence in an Edmonton boarding school for natives, but are at present in this school, did not make as good a showing as the pupils who have never been in any other school except the Kitwanga school.

Mr. Barry unfortunately visits a number of the Indian schools at a time when many of the families are off the reservations, either fishing, or trapping, or hunting. It so happened when he last visited Kitwanga, many of the families were away. Had he visited this school a month earlier, he would have found a full school.

Yesterday, when again several families were away, there were yet 18 pupils in the school. There are 28 in the school roll. When the inspector was here there were only four at school, and these were nearly every child then in the village.

He had practically no opportunity of judging the work accomplished, nor did he inquire into the methods

Wherever I visit Indian reservations, if there is any complaint about teachers, the Indians at once let me hear all about their complaint. Such complaints have never been made by the parents of Kitwanga. More than this, -there is not a reservation in this diocese with which I have anything to do, where there is such harmony on the part of all as there is here, this was not the case before Mr. Flores took charge.

While I know the department expects the teacher paid by it to be efficient as a teacher, I still believe the department would be pleased to know that he was also a good moral and religious influence in the community. Mr. Flores is eminently that.

Something can be done with paint to make the school look brighter, this we are quite willing to do. As for the lack of cleanliness to which Mr. Barry refers. I can only say that I am assured that the school has always been swept out twice a day and sometimes oftener. That is a matter however which can be easily righted.

As to Mr. Flores french accent, I can only say that he is not French, but he has an accent. I heard him give an address to the natives this other night, and I am sure he was clearly understood by everyone who understood English at all, and in listening to him teaching yesterday, there was not the slightest difficulty along that line.

Mr. Barry himself has his limitations. His brusque manner has been complained of to me by several teachers, the children being worried by it and not able to show their best work. I am also convinced that he is unfairly prejudiced against Mr. Flores, whom I consider one of our finest and most efficient men.

I would like you to write to the very efficient and level-headed Indian agent at Hazelton, asking his opinion about school matters in Kitwanga. He is interested in Mr. Flores and is ready to help him in every possible way he can.

I consider it would be a real misfortune if any change were made in the Indian day school at Kitwanga.

Trusting that you will give weight to the opinion of one who has for many years had a vital interest in the natives of Northern B.C., both as to their material, moral and spiritual welfare, and who would hesitate to recommend anything which would not be a real help in such things.

Awaiting a favorable reply,  
I am,

Yours faithfully,

  
Bishop of Caledonia.

Sir:

I have to refer to official letter dated September 14th, last, enclosing copy of a communication forwarded to His Lordship Bishop Rix, with regard to the services of Mr. Flores, teacher of the Kitwanga Indian Day School. In replying, His Lordship states that the report of Inspector Barry is an extreme surprise to him.

I have to request that you will give your opinion regarding the services being performed by Mr. Flores and his success in the work. His Lordship states that he would consider it a real misfortune if any change were made in the teaching service at this school. Please comment on the report of Mr. Inspector Barry, an extract from which was included in our communication to the Bishop of Caledonia and a copy of the letter sent you under cover of the communication above mentioned.

Sir,-

I beg to refer further to your 15/30895 of September 5th, last, enclosing Inspector Barry's report regarding his visit to the Kitwanga Indian Day School on May 22nd, last. Following receipt of your letter, the Department communicated with His Lordship Bishop Rix and, also, with Mr. Indian Agent Mortimer.

The replies received indicate that they do not agree with the conclusions reached by Mr. Barry. Both of them consider that Reverend Mr. Flores is doing good work. It appears that, at the time Mr. Barry visited the school, the attendance was small owing to the fact that a number of the families were away fishing or hunting. When all the families are at home, the attendance is reported to be very satisfactory.

The Department has decided not to take any action at the present time with reference to dispensing with the services of Mr. Flores.

re - Kitwanga Indian Day School,  
Rev. Henry Flores, Teacher.

I beg to acknowledge receipt of your letter of October 24th regarding the report of School Inspector Barry with reference to the Rev. Henry Flores, Indian Day School Teacher at Kitwanga.

After careful perusal of Inspector Barry's report on this school, may I be permitted to say that, in all fairness to Mr. Flores, conditions were very unfavourable on the day of inspection. Only four very young pupils were then in attendance, the majority having gone with their parents to the Coast Canneries. Naturally the teacher was greatly embarrassed and the four little children were nervous at the prospect of a school examination, which resulted in the examination being a partial failure. Therefore Inspector Barry was unable to see if any progress had been made since his previous visit on October 19th, 1931.

When Mr. Flores took over this school no doubt the children found that his English was difficult to understand, the cause of same being that the children who attended this school were all young and had no knowledge of English prior to their admittance. Quite a number of the older children of the village were in the Edmonton Residential School, some of whom now attend the Kitwanga School.

Since Inspector Barry's inspection of this school I have made several visits and spent some time with Mr. Flores in going through each grade and I am pleased to say a great improvement is noticed when all the children are in attendance. These visits will be continued during the winter and reports made accordingly.

Mr. Flores is greatly liked by the Indians of Kitwanga and is doing good work amongst them.

Regarding the cleanliness of the school building, a coat of paint inside would considerably add to the cleanliness of same. The floors are often scrubbed.

In conclusion may I say that if Inspector Barry could visit this Agency at a more opportune time of the year - say November or April - I am of opinion that a better report would be submitted by the Inspector on the Kitwanga School.

re - Kitwanga Indian Day School. Teacher,  
Rev. Henry Flores.

I respectfully beg to report that on December 7th I made a visit to the Kitwanga Reserve.

After a general meeting with the Indians I examined many homes and found conditions fairly normal. However, the Kitwanga Indians feel somewhat disappointed with the Canadian National Railways in failing to give them a small tie contract so as to enable them to pass the winter free of relief.

Most of December 8th was spent in inspecting the Indian Day School there and I am pleased to say that the school is in a satisfactory condition. There were 24 children in attendance. I examined each class separately and an improvement was noticed, especially in class 5. I followed the usual course of studies in my examination as laid down by Mr. School Inspector Barry. In the evening I had an interview with the Rev. Mr. Flores and strongly stressed the following points:-

Discipline, punctual attendance and strictly keeping to instructions as laid down by the Department.

During the winter I will visit the school monthly and submit reports to the Department regarding improvements etc.

I beg to report that I visited and inspected the Kitwanga Indian Day School on Friday, January 26th, the Rev. Henry Flores, Teacher, being in attendance with fifteen children.

I am pleased to say the pupils are progressing favourably, grades 1 to 5 being examined.

Grade 5:- I found these children good in geography, reading, spelling, arithmetic, composition and nature study.

Grade 4:- There was only one pupil in this grade who was fairly good in geography, reading and spelling.

Grades 2 & 3:- The children were fairly good in all the subjects examined.

Grade 1:- These children were rather backward, very few of them understanding the English language.

All the children were well dressed and appeared healthy and well nourished. Quite a number of children were absent owing to the inclement weather.

The school was clean and tidy.

I beg to recommend certain changes at Hazelton and Gitwangah.

Mr. Flores has left Gitwangah for Australia and Gitwangah has been temporarily supplied by a Mrs. Orne, a certified teacher, who has given satisfactory service there so far. She will be in charge until the end of the year. At the beginning of the year it is Mr. Shearman's wish to leave Hazelton and take up the work at Gitwangah. This is agreed to both by the Indian Agent and myself. In his place at Hazelton we are fortunate in securing the services of Mr. Noel Stewart, who for some time has been a successful teacher at St. Paul's Indian School at Cardston, Alta. He has a first class certificate and several other special certificates which will probably be of use to him.

Would you kindly confirm the changes and new appointments herein stated,

Dear Sir:

I have your letter of the 11th instant, enclosing a communication from Rev. Henry Flores, teacher of the Kitwanga Indian Day School, together with a communication from His Lordship the Bishop of Caledonia, relative to the resignation of Mr. Flores as from the 30th instant. The resignation of this teacher is accepted. The Department regrets that he is giving up the work after only one month's service during the present academic year.

It is noted that His Lordship will nominate the services of a qualified teacher to succeed Mr. Flores. I would suggest, when you have the Bishop's nomination, that you will wire, by night lettergram, full particulars, stating name, qualifications and experience of the Bishop's nominee. In the meantime, and until such time as a teacher can be secured, the Department is not prepared to authorize the appointment of a temporary teacher. If a teacher is not obtained by the first of October, the school will have to remain closed until a regular teacher is appointed.

A cheque in payment of the salary due Mr. Flores for the current month will be sent, addressed to Kitwanga, B.C., in time to reach him before the end of the month.

It is hoped that the Bishop of Caledonia will be able to nominate the services of a qualified teacher at an early date.

Ottawa, February 1, 1938.

Dear Mr. Shearman:

I have for acknowledgment your letter of the 25th ultimo, in which you express a desire to secure specific information with respect to our welfare programme and the relationship of this programme to Indian pupils immediately following the completion of the regular school course.

The departmental circular of January 25, 1937, was an introductory circular, sent out in the hope that it would establish a point of contact between the officials here and the teachers in charge of our Indian day and residential schools. It was our hope, also, that the teachers would reply to the communication, giving us a brief outline of local conditions and the difficulties confronting them. I am glad to be able to state that the majority of the teachers have communicated with us from time to time and have forwarded many helpful suggestions. It was not our intention, nor is it our intention now, to send out these circular letters regularly. We have not, at the central office, a staff that would enable us to undertake such a task. In addition to this, Indian agents, under the direction of Indian inspectors, are responsible for departmental administration on the reserves. These men are notified of any changes that may take place in departmental policy from time to time. In the outlying districts, of course, it may be exceedingly difficult for Indian agents to keep in close contact with the teachers in charge of our schools, but the majority of agents attempt to do so.

It is exceedingly difficult to submit a brief summary of the departmental welfare programme. At this date, approximately one-third of the Indian population in Canada are in receipt of relief. This condition is due, in part, to drought conditions in Western Canada, particularly in the province of Saskatchewan, and to the difficulty experienced by Indians in securing trapping and fishing areas free from the competition of white trappers and white fishermen. Last year, however, in addition to the general welfare appropriation of approximately one million dollars, \$150,000.00 was set apart as a special rehabilitation appropriation. This money has been spent in an attempt to clear land, build houses, purchase farm machinery and trapping leases and in an attempt to purchase horses and equipment for Indian pupils who have completed their courses at our schools. It is encouraging to note that, despite prevailing economic conditions, the programme has been, on the whole, very successful. Consideration has also been given to a health programme, designed to restrict and ultimately eradicate the ravages of tuberculosis amongst the members of our

Indian population. It is our hope that in the estimates of this year an amount of \$250,000.00 will be included for this work.

Indian pupils who have obtained a creditable standing on their Entrance Examinations and who are in good physical condition are eligible for departmental tuition grants, which grants enable them to proceed with either the regular high school courses or special vocational courses. A large number of Indian pupils throughout the Dominion take advantage of these tuition grants from year to year. This year, by way of experiment, we have sent a group of girls ranging in age between 16 and 22, to a vocational school at Ste. Martine, Quebec. At this school these girls will be given a special course in handloom weaving, handicraft work, domestic science, sanitation, etc. Arrangements have also been completed with the Superintendent of National Parks, whereby a group of boys, graduates of our residential schools, will proceed to these parks this spring and take up a two year course, thus qualifying to become native guides. A few months ago, we entered into negotiations with the management of the Canadian National and Canadian Pacific dining car service and with the automobile manufacturers in Canada, in the hope that positions might be secured for a number of Indian boys. In view of the fact, however, that thousands of fully qualified white boys are seeking such positions, our negotiations, while still open, have not proved very successful.

In your letter you refer to a regulation preventing Indian pupils from proceeding with high school studies. I have no knowledge of any such regulation. This does not mean, of course, that all Indian pupils who apply for tuition grants succeed in their request. The appropriation for this work is somewhat limited, owing to the steadily multiplying demands for relief allowances. Then, too, it is often difficult to secure for Indian boys and girls accommodation in towns with high school facilities where their conduct and general moral welfare would be under the direct supervision of responsible individuals. I am not at the moment fully convinced that the regular high school course is the course that Indian pupils should be encouraged to proceed with. I am rather inclined to think that they should be encouraged to take up courses in Diesel engineering, auto mechanics and carpentry work. Boys who take these courses experience less difficulty in securing employment than the boys or girls who have proceeded with the academic course.

The files here do not indicate that you have sent in a request for a tuition grant at any time in recent years. If you have done so, however, and the grant has been refused, I would be glad to be supplied with full particulars.

I notice that it has been the policy of the

Department ...

Department in the past to allow a certain number of pupils from your district to proceed to the residential school at Edmonton. This matter was carefully reviewed about six months ago and a decision reached that, in future, pupils would not be permitted to attend schools outside the province of British Columbia. It is my understanding that the Indian Commissioner, the Indian Agent and the Principal of the residential school at Edmonton have been informed of this decision.

In circular letter already referred to, I expressed the hope that provision would be made for a certain amount of vocational instruction at all our schools. The requests for vocational supplies reaching the Department from day to day would indicate that a majority of our teachers are making provision for such courses. The Indian pupils appear to be deeply interested in these new assignments.

I have written at considerable length in the hope that I might be able to remove any misunderstanding that may exist in respect to the attempts that are being made by the Department to work out a welfare programme designed to gradually re-establish the Indian population of the Dominion on a satisfactory and self-supporting basis.

Yours very sincerely,

Reverend Sir:

I am in receipt of your letter of recent date requesting that in future your salary cheque be sent direct to you rather than to the Bank of Montreal, Prince Rupert, B. C. In this connection I may say that on January 4, 1937, the Bank of Montreal at Prince Rupert forwarded to the Department a copy of your letter to them dated December 29, 1936. This letter read as follows:

"I beg to acknowledge receipt of my transfer from Hazelton to Kitwanga - same to take effect 1st week in January, 1937.

"I am leaving my two girls, 14 and 17 years respectively, at Hazelton for educational purposes and am fitting up a small house for them. I have asked the Bank of Montreal, Prince Rupert, B.C. (per Mr. F.A. MacCallum) to make me a small advance of \$60 (Sixty dollars) to help with alterations and etc. of house for girls, etc. and to cover same I ask you to please send to Bank of Montreal, Prince Rupert, B.C. my monthly cheque until they advise you differently."

You will note that you stated in that letter that you wished your cheque sent to the Bank of Montreal "until they advise you differently". In other words this Branch will require a letter from the Bank of Montreal, Prince Rupert Branch, before the present method of issuing the cheque can be changed.

Yours truly,

General comments Last teacher kept Register badly since my last inspection and  
it is impossible to be certain of average attendance since  
September 1938. Above averages are therefore approximate.

Reading in Grades 2 and 3 is good while that in Grade 4  
is fairly good.

Arithmetic is in general rather weak, particularly in  
Grade 4. When Grade 3 is brought up to standard about December  
they will be ready for promotion to Grade 4.

Writing is not very good. No ink was used though I had  
asked for this at the last inspection.

Language in Primary Grades has been badly taught by the  
last teacher since my last inspection. Singing is good.

In general the standing of the children has declined  
in academic work since my last inspection. It would appear  
that the Rev. B. Shearman had let things go since my last visit  
and this makes it harder for the new teachers.

Mr. John Hayhurst has been assisting with the Juniors as  
he did at Lakalsap, and also looking after the Dispensary work  
though he has not been appointed as yet for this work.

Schoolroom was found in a dirty state by these teachers.  
The room has now been cleaned up and the desks tops also cleaned.  
Children were found well dressed and quite neat and clean. In  
this they are well above average of Indian Day schools.  
Standing of school is "Good".

Major D. M. Mac Kay,  
Indian Commissioner,  
P.O.Box 70,  
Vancouver, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Kitwanga Indian Day School, Anglican Church, Babine Agency, which I inspected on September 22nd.

Owing to the lack of bridges and road between Hazelton and Kitwanga this is a difficult school to visit and it was necessary for me to make use of the westbound C.N.R. train on the 21st instant from Hazelton. This involved staying for the night at Kitwanga school inspecting the next morning and coming on here by the eastbound C.N.R. train early on Saturday morning.

It would appear the school has suffered since my last visit in October 1938 from the fact that the last teacher, the Rev. B. Shearman now moved to Kitkatla, allowed the standard of academic work to degenerate, and the school to become dirty. The present teacher is highly efficient and has worked hard to clean up the room and desks since she arrived here. I have no doubt that very good work will be done by Mrs Hayhurst. The Indians are much pleased that the change in teachers has been made.

The flag pole which has for some reason been taken down should have a new rope and be replaced in its cement socket. This should certainly not cost more than \$5.00 for labour and material.

The steps to the schoolroom, which belongs to the Anglican Church, need immediate repair to make them safe for the children's use. Kalsomine and paint have been purchased for the decoration of the inside of the schoolroom, and the sum of \$16 set aside by the Department, though why this was done I do not know as the Anglican Church would appear to be responsible for such work in a general way. I do not remember this matter being taken up in your office. I certainly consider that it would be well for those in the Commissioner's office to have an opportunity to recommend or otherwise expenditures on Indian day schools in B.C.

It would also appear that the matter of the appointment of Mr. John Hayhurst as Dispenser has been taken up with the Department direct through the Acting Indian Agent's action. You will remember that Mr. Hoey wrote about this when Mrs Hayhurst was appointed. I understand that the Right Rev. Bishop Rix more or less promised Mr. Hayhurst such an appointment when he nominated Mrs. Hayhurst as teacher. I most certainly consider that such matters should be given consideration by you before the Department is asked to make appointments in British Columbia.

There are now some thirty seven children at the school, or at least on the school roll, with a number of small children to come when the parents are all back in the village. Mr. Hayhurst is very good in Manual Training and with the actual academic work of the Primary Grades. You will remember he did this work at Lakalsap, and also acted as Dispenser there. If the Department has any funds for this purpose, and it would appear that there are some available for Mrs Shearman was paid I believe \$15.00 a month, it might be well to appoint Mr. Hayhurst as assistant teacher here.

Indian Affairs. (RG 10, Volume 6399, File 824-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

I explained to Mr. Hayhurst in answer to his questions that the conditions at Kitwanga were not the same as those at the Lakalsap Indian Day School, and that in fact Mrs Hayhurst was fortunate to be permitted to hold a teaching position, for there were very strict Civil Service and Departmental regulations governing the appointment of married women as teachers.

It is only right for me to point out for your information that Mr. Hayhurst is acting as an Anglican missionary at Kitwanga though not of course an ordained man. He did not hold a corresponding position at Greenville (Lakalsap).

The Hayhursts on their own statement did not seek the Kitwanga appointment but were urged to accept it by the Right Rev. Bishop Rix.

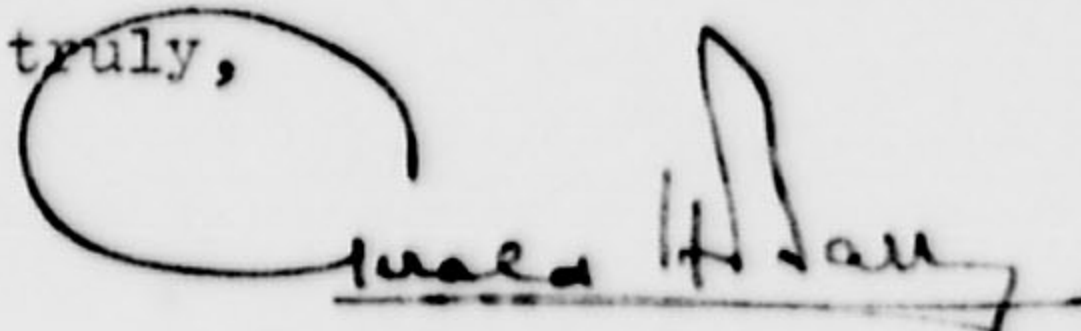

Mr. Hayhurst is deaf in one ear. This might prevent his regular employment as a carpenter or machin shop workman, for which trades he is qualified. I suggested that he might attempt to enlist in a technical military unit such as an engineering or searchlight company. He had thought of this himself. His chance of acceptance owing to deafness in one ear is however perhaps slight.

Under the combined circumstances of this case I am prepared to recommend that Mr. John Hayhurst be appointed assistant teacher at Kitwanga, on the understanding that he take charge of the Dispensary and later teach elementary manual training to the older boys. I would suggest that he be paid \$30.00 per teaching month for such services.

May I also ask that a sum of \$50.00 be included in the 1940-41 Estimates to provide for some simple carpenter tools at this school, and the provision of a small quantity of lumber to make a work bench and some simple articles, and a further \$10.00 for sewing materials for the girls.

I hope that the above will assist you and the Department to come to a decision in this matter, and I may say that I am aware that you may not agree with me in the slightest, for a very involved case has been made even worse by the fact that the Acting Indian Agent, Mr. Mallison, has communicated directly with the Department, and I am not aware at the moment of what his recommendation may have been.

Yours very truly,

Gerald H. Barry.

Dear Sir:

I beg to forward herewith Inspector Barry's report of his inspection of the Kitwanga Indian Day School on September 22nd. The report would indicate that the matter of the employment of Mr. John Hayhurst in some capacity in connection with the school has been taken up with the Department by Mr. Mallinson, and possibly by the Rt. Rev. Bishop Rix.

The Department will have on file my letter of August 25th, wherein I advised that Inspector Barry was unable to recommend Mr. Hayhurst for any position in the service at Kitwanga. As a result, however, of his recent inspection of the school Capt. Barry is now of the opinion that Mr. Hayhurst would be quite helpful as Assistant Teacher and recommends his appointment as such. Promises may have been made by the Church to Mr. and Mrs. Hayhurst regarding the employment of Mr. Hayhurst in some such capacity, otherwise it is difficult to understand why they would wish to leave the Lakalsap School, where their departmental income was in excess of the salary paid at Kitwanga.

180  
As the Department is understood to have paid Mrs. Shearman a small monthly sum as Field Matron at Kitwanga, no doubt the Indians will look for similar services from Mr. and Mrs. Hayhurst. Moreover, the Inspector considers Mr. Hayhurst could do good work in Manual Training and the actual academic work of the primary grades. Under these circumstances I am prepared to endorse the recommendation of employment of Mr. Hayhurst as Assistant Teacher.

Yours faithfully,

I am in receipt of your letter of the 26th ultimo with reference to the employment of Mr. John Hayhurst in some capacity at the Kitwanga school.

Provision was made in our appropriation for the salary of a teacher only at this school. Besides, Mr. and Mrs. Hayhurst transferred from Lakalsap to Kitwanga of their own free will. Under these circumstances the Department is not prepared to favourably consider allowing any salary for any work that Mr. Hayhurst might do at Kitwanga.

Dear Sirs:

An appeal has been made by the Chief Councilor of the Village of Kitwanga for this City Council to make representations to the proper authorities to provide a teacher for a native school at Cedarvale, B.C.

From information received it would appear that fifteen children have no means of gaining an education.

On behalf of this Council, I would, therefore, request that some consideration be given by your Department to the educational needs of the community above named.

It is realized that the obtaining of qualified teachers is a problem at the present time; but it would be appreciated if your Department would explore every possibility to the end that suitable tuition would be provided to these native children.

Re: Salary of Teacher,  
Kitwana Indian Day School

I have for acknowledgment your letter of the 7th instant and also copies of correspondence relating to the above-noted subject, sent forward therewith.

In view of the salary schedule now in force in B. C., which was approved by you a few weeks ago, I found the recommendation for an increase in the salary of Mrs. Hayhurst somewhat disturbing. In this connection it would appear that a mistake was made when Mrs. Buddrus was granted a monthly allowance as medicine dispenser without first referring the matter to you. However, this decision was not reached by the officials of the Welfare and Training Division but was probably reached by an official who has little, if any, information on the attempts we have been making to bring about a uniform salary schedule at the Indian day schools of British Columbia. The payment of allowances for the dispensing of medicine or for work ordinarily undertaken by officers who are described as field matrons is not a matter that comes within the jurisdiction of this Division. However, I have today discussed the recommendation contained in the last paragraph of your letter with the officer in charge of Personnel. We are agreed that in view of all the circumstances it might be advisable to allow Mrs. Hayhurst the sum of \$15.00 a month for the dispensing of drugs. Vouchers covering this amount

might be sent forward from month to month.

I must state, however, that I am rapidly coming to the conclusion that day school teachers should be paid a stated salary and that this salary should be based, not only on their classroom duties and responsibilities, but upon other services that may be performed on the reserve, such as dispensing drugs, the organization of women's clubs, the visiting of homes, etc. In other words, I am disposed to think that our teachers should be classified, not as teachers, but as Welfare and Training officers. These teachers, in my humble judgment, should be permanent Civil Servants and should be employed on our reserves for 12 months in the year, less the regular Civil Service holidays. They should be paid a salary that would attract ambitious young men and women of ability, particularly men, to take up this work. In the meantime and until such a decision is reached, would it be possible for you to work out a salary schedule in British Columbia for next year, which would include remuneration for the services I have enumerated and others that might be added? I appreciate, of course, very fully the limited time at your disposal to undertake such a task, but I do feel that such action would be a substantial step forward toward our ultimate objective.

*MMH*

A word in conclusion - It is noted that the allowance granted Mrs. Buddrus was granted on the recommendation of the Indian agent. It might help us here if Indian agents were definitely instructed to refer such matters to you. The members of our staff are changing so constantly in this critical period that it is exceedingly difficult for recently appointed men to keep abreast of all the decisions and understandings reached a few years ago.

I have to refer to Mr. Hoey's letter of September 13th, regarding the salary of the teacher at the Kitwanga Indian Day School, and in particular to the reference to payment for services in dispensing drugs on this Reserve.

The last paragraph of my letter of September 7th, and previous correspondence in this connection advised that Mr. Hayhurst had been acting as Dispensor and his wife as school teacher and my recommendation was to the effect that Mr. Hayhurst be allowed the sum of \$15.00 per month for his services. It is considered that this allowance should be entirely separate to that allowed Mrs. Hayhurst for her services as teacher, and I would ask you to please confirm that it will be in order for the Indian Agent to submit vouchers payable to Mr. Hayhurst.

That portion of your letter dealing with the classification of teachers and revision of their salaries accordingly will be dealt with in a future communication as soon as possible.

With reference to the concluding paragraph of Mr. Hoey's letter, I would advise that all Agents throughout this Province have already been instructed that all questions dealing with personnel are to be submitted through this office, but there have been occasions when Agents ignore this ruling when they anticipate opposition from here to their recommendation.

RE: Voucher No. 263 - \$15.25  
In favor of Woodward Stores Ltd.

With reference to the above mentioned voucher, attached herewith, I would call your attention to the duplicate expense bill of the Canadian National Steamships which is unsigned. However, the goods have been delivered and no collect freight has been charged.

It is noted that only one sand-paper was shipped, whereas Mrs. Hayhurst, teacher at Kitwanga School, asked for one carton. I am informed that this supply is insufficient and I have granted Mrs. Hayhurst permission to order one carton. According to your authority, two items have not been supplied which may be obtained from some other source, namely:

- 1 Coping Saw Drill
- 1 3/8" Gouge.

Further in the matter of a place of residence for Miss Skatfeld, teacher at the Kitwanga Indian Day School, please be advised that I received permission from Bishop Gibson for Miss Skatfeld to occupy a room at the Mission House. On her return from the Easter Vacation, Miss Skatfeld went to the Mission House to which the Missionary and his wife, Mr. and Mrs. Hayhurst had returned in the interim, and met with considerable unpleasantness. It would appear that Mrs. Hayhurst had hoped to be reemployed as teacher at Kitwanga and Mr. Hayhurst is most annoyed about the appointment of Mrs. Gregg as Field Matron at Kitwanga. The situation is such that it would be quite impossible for Miss Skatfeld to live under the same roof as the Hayhursts. She is boarding at Kitwanga at present on a very temporary basis and it is urgently necessary that some place of residence be made available to her without delay. To this end I have spoken to Arthur McDames, an Indian who owns a fairly presentable three room house at Kitwanga which he would rent on a basis of \$10 a month. Some interior redecoration would be required and Arthur McDames would agree to this in lieu of rent up to \$60 which sum should be sufficient. It would be appreciated if you would authorize this arrangement as a purely temporary expedient as I feel that it is the only alternative to closing the school. Miss Skatfeld is doing excellent work at Kitwanga and should be retained for as long as possible. When it was contemplated that she might move to Kitwancool I received a petition from the Kitwanga Natives urging her retention and emphasizing the progress that the children were making.

If this house is rented it will be necessary to make use of some articles of furniture from the School House at Kitwancool.

Re: Kitwanga Day School.

I enclose Indian Agent Boys' letter of the 17th inst. advising that difficulty has arisen following the return of the Anglican missionary, Reverend J. Hayhurst, formerly dispenser for the Reserve, and his wife, formerly teacher. The school and residence are owned by the Church and located on a 2.56 acre parcel located in the centre of the Reserve. We have been paying the Church a rental for the school for many years, but evidently this did not cover the residence. This created no difficulty so long as we employed the Church officials for duty on the Reserve, but this couple had to leave last summer due to Mr. Hayhurst's health. Apparently they are not too well pleased to find the positions had been filled in their absence.

This will indicate the difficulties that arise in the use of church property and employment of missionaries. Under the circumstances, after discussing the matter with Major Davey, the School Inspector, I would recommend approval of Mr. Boys' suggestion of renting a house from an Indian and putting it in shape for the teacher's use, the school furnishings being used. If and when Kitwancool opens we can purchase new furnishings for it.

The school building at Kitwanga is very old and decrepit and, as stated, owned by the Church. It is due for early replacement, which should include residence, and in the meantime it would be advisable to reduce our dependency on the institution.

I would, therefore, approve of Mr. Boys' proposal to rent the residential building at \$10.00 per month, Mr. Boys to be authorized to expend up to \$20.00 for redecoration, to be deducted from the rental. Also to incur cost of moving necessary furnishings from Kitwanga for the residence. If you concur, it would be appreciated if you would kindly air mail Mr. Boys at Hazelton, B. C. direct and forward a copy to this office.

MEMORANDUM

Representative of the Treasury.

Re School No. 824.

The Department has approved the temporary appointment of Mrs. Edith M. Orn - until December 31st, 1936 - to succeed Rev. Henry Flores as teacher of the Kitwanga Indian Day School. She will be allowed salary at the rate of \$85 a teaching month.

As Mrs. Orn began duties on October 3rd, 1936, but has not yet been paid any salary for October, she is now entitled to 29/31 of salary for October (\$79.51), plus salary for November (\$85.00) or a total of \$164.51. The following entry should, therefore, appear on the November payroll:-

824 - Mrs. Edith M. Orn - Kitwanga, B. C. - \$850 - \$164.51

(Questionnaire & copy of letter of appointment attached).

REPRESENTATIVE OF THE TREASURY

Re: Kitwanga Indian Day School No. 824

Miss N. Skaftfeld has been appointed teacher of this school effective Sept. 1, 1946, at a salary of \$125.00 a teaching month.

There has been some delay in notifying you of her appointment and consequently we would appreciate it if you could forward her cheque for the months of September, October and November immediately.

No new forms are required for her as she taught at the Kitwancool School, No. 863, to June 30, 1946. Miss Skaftfeld's salary cheque should be forwarded to the Bank of Montreal (Main Branch), Granville Street, Vancouver, B.C.

SIR,-

I have the honour to acknowledge the receipt of your letter No.184711/5, dated the 30th ultimo, adverting to an application made for a box-stove for the use of the Kitwanga Indian day school, and expressing the wish that the Department would like to be informed of the cost of a twenty-four inch stove laid down at the school, and where it could be purchased.

In reply to the forementioned, I have the honour to state that a No.25 "Beechwood" stove, 25 inches long, can be bought here at the Hudson's Bay Company's Hazelton Post for the sum of \$14.00 when such arrive up river, and the freight thereupon be \$ 1.50 more to deliver it at Kitwanga from here; whereas when ordering such to be landed on a steamer's upward trip, the same could be landed there at the figure first above quoted inclusive of charges for freight.

Sir,-

In reference to your letter, dated the 10th ultimo, regarding Mr. Inspector Green, in his report on the Kitwanga school, recommending the erection of a new building, and the Department's request to let it have a full report on that matter, I thought better to enclose herewith a letter from Bishop F. H. Du Vernet - dated the 14th instant and addressed to me - which gives his view on a more many-sided question, and wherein he omits the mention of erecting a school there, altogether, but treats rather on an allowance for rent on the school building there existing, etc., etc., and an increased grant for that school's teacher.

Dear Sir,

392752

There is a matter that I wish to bring before the Indian Department at Ottawa. It is regarding the Day School at Gitwangak.

As you may have heard Rev. A.E. Price is leaving our Gitwangak Mission next September for a year in England and may not return to this station.

It is, therefore, necessary for me to make as soon as possible some arrangement for a teacher. I wish to secure a competent white teacher but the Day School Grant is only \$400. while most of the other schools receive \$500. I wish to point out to the Department :-

1. The Department has for years been using our school building without paying us a cent of rent.
2. The expense of bringing a qualified teacher from Vancouver to Gitwangak is about \$50. according to the state of the Skeena river. The Department has never to my knowledge paid this.
3. Without a married Missionary resident at Gitwangak no white woman teacher could live alone in the Indian village as there are no other white people with whom to live. We must, therefore, have a white male teacher this winter
4. A white male teacher cannot be obtained for \$400. a year. He could not live on this.

Under all these circumstances I feel fully justified in asking for at least the standard salary of \$500. and I think to cover the

travelling expenses, as well as the upkeep of the building and such like demands upon our Funds the Department should allow us a rental for our school-house.

I should like to know soon whether I can count upon this increased Grant so that I may have time to secure a well qualified teacher by September. I can assure the Department that it is most difficult to secure proper teachers and the Church has in most cases to add greatly to what the Government allows in the way of salary.

I remain,

Yours faithfully,

Ottawa, August 10, 1911.

Sir,

I have to acknowledge the receipt of your letter of the 18th ultimo, and in reply I beg to say that the Department would like to know definitely whether the building at present in use for school purposes at Kitwanga is suitable. In view of the Inspector's recommendation for a new building it was taken for granted that the present building is not fitted for the purpose. If the building is in good condition I would ask you to ascertain what annual rental His Lordship the Bishop considers would be fair.

In your letter you have not expressed your opinion nor made any recommendation, so that the Department is not in a position to deal with His Lordship's request.

With regard to the increase in salary asked for I may say that a few days ago the Bishop was informed that a salary of \$500.00 per annum would be allowed at this school.

I have the honour to acknowledge the receipt of your letter, dated the 10th instant, in reply to mine of the 18th ultimo, and stating in regard thereto that the Department would like to know definitely whether the building at present in use for school purposes at Kitwanga is suitable. It is also remarked that in view of the Inspector's recommendation for a new building it had been taken for granted that the present building were not fit for that purpose, and, if in good condition, am requested to ascertain what annual rental the Bishop would consider to be fair.

It is furthermore stated that in my letter I had not expressed an opinion, nor made any recommendation, in order that the Department be in a position to deal therewith.

In respect to the salary (increase) asked for, I am advised that Bishop Du Vernet had been informed that a salary of \$500.00 per annum would be allowed at that school.

In adverting to the foregoing, on the Inspector's report, in so far as to express an opinion, or to make a recommendation, concerning a new building, and attendant conditions, I beg to say in context that I was not in position to form an opinion as to its purpose, but would infer that it may have meant a Teacher's residence. The present building, used for a school, is the best in all its appointments of any other on the Skeena, and under present date have written the Bishop, whereupon to elicit what he may consider would be fair as to charge for rent.

I have the honour to be,

Sir:-

Replying to your letter of June 28, Ref. No. 184711/5 re new school at Kitwanger- When at Kitwanger, in company with Dr. Ardagh I visited the schoolhouse, which though presenting a very good appearance on the outside, was condemned by Dr. Ardagh on account of the poor ventilation and the unsafe condition of the floor, which is badly in need of repairing. The building belongs to the Church and they purpose fixing it up and using it for Church Army purposes in the future. Therefore, it is necessary that the Department should provide for a new schoolhouse at Kitwanger in the estimates of 1913.

Extract from Inspector A.E. Green's report on the Kitwangak Indian School. Dated 26th March, 1913. Original on file 184711-6

The frame building belongs to the church missionary society, and is in good repair. It is used by the Indians for band practice and for many other purposes, which makes the teacher a good deal of extra work.

Closets are needed for the pupils.

Sir:

I have to acknowledge the receipt of your letter of the 16th ultimo submitting a second estimate of the cost for the erection of two closets in connection with the Kitwanga School.

In reply I beg to say that in consideration of the prices which have to be paid for labour and material there, the Department thinks that an expenditure of \$150.00 is sufficient and reasonable for the erection of two closets according to your plans and specifications. You are hereby authorized to make an offer to the contractor to this effect.

*ACK*  
Sir,

In connection with Departmental letter, dated the 25th ultimo, and rejecting the estimate of the cost as too high in regard with such enclosed with mine of the 21st of August, last, relative the projected closets (2) at Kitwanga, I have the honour again to enclose herewith another estimate of \$166.34, which, since the former estimate was not returned to me, in comparison with a pencil sketch and note of mine, I would give at a difference of about \$9.00,

The present estimate is solely resultant from no other cause but that the Kitsegukla Indian saw-mill, recently started, undersells that of Andimaul.

Should this estimate not be accepted as reasonable, no other way possible presents itself to my mind to have the said closets built, according ~~to~~ (with screened approaches) their specifications, at all.

I have the honour to be,

Sir,

Your obedient servant,

*H. S. Waring*  
Indian Agent.

Sir,-

I have to acknowledge the receipt of your letter of the 21st ultimo submitting an estimate of the cost of erecting a double closet in connection with the Kitwanga School.

In reply I beg to say that the Department considers that this estimate is too high. I might also state that separate closets situated at a greater distance from the building are considered preferable. It cannot be seen, however, why a building of the dimensions such as given by you should cost nearly as much as the estimate given and you will be good enough to make other inquiries.

Sir,-

With reference to Departmental letter, dated the 7th of June, last, and in that Mr. Inspector Green in his report on the Kitwanga School had stated that closets were needed there, and asking me to submit an estimate of the cost of two suitable closets, with screened approaches, so that the work may be undertaken during the summer holidays, I have the honour to state the following,

to wit:-

For reasons of untoward conditions, I was not sooner able to procure a reliable party to take hold of the subject in view, and am pleased to be able to state that I am successful enough to have secured, for that purpose, the services of Mr. Mark G. Edgar, who, by the way, so well delivered himself of similar work at New Kitsegukla, and his Estimate thereof, in duplicate, I beg to enclose herewith, subject of return, if possible, Hereunder, I beg to add a rough sketch of the position and dimensions of the projected closets.

I have to acknowledge the receipt of your letter of the 19th ultimo embodying a copy of a communication received by you from His Lordship Bishop DuVernet in regard to the use of the church buildings at Hazelton and Gitwngak for school purposes and in which His Lordship states that the members of the Church committee have decided that \$8.00 a month for each school would be a fair rental for these buildings.

In reply I beg to say that the Department is prepared to pay a rental at the rate of \$8.00 a month each for these buildings from the 1st instant and you will be good enough to inform the Bishop accordingly. You should forward properly certified vouchers in the usual way for this rent.

BABINE AGENCY,

- Fyle No. 184711/5

Sir,-

499202

I have the honour to state that regarding the subject matter of Departmental letter, dated August 18th, last, and to its concluding part, to ascertain from the Right Rev. F. H. Du Vernet, Bishop of Caledonia, what rent would be asked for the use of the church buildings at Hazelton and Gitwangak, for school purposes, I received a rather late reply upon a second enquiry, and of which I here beg to quote the following,

to wit:-

"Prince Rupert, March 2, 1917.

"R. E. Loring,  
Indian Agent, Hazelton, B.C.

"Dear Sir,-

"I am in receipt of your letter of the 22nd ult., dealing with a letter of mine of Aug. 3rd, 1916 in regard to the Hazelton and Gitwangak school buildings. I am glad to learn that the Indian Department has noted for future consideration the matter of building a new school house at Gitwangak and draw your attention to the fact that the Department has for years past been making use of our building without allowing rent or keeping it in repair."

"In reply to your closing words in which you say:- 'I am requested to ascertain what rent per month would be asked for the church (school) buildings at Hazelton and Kitwanga.' I wish to answer that after consultation with members of our Church committee we have decided that Eight (\$8.) Dollars a month for each school would be a fair rental, it being understood clearly that this was for the use of the building during school hours."

"Further as on August 3rd, 1916 I notified the Department regarding the use of these buildings I consider that rent is due from the beginning of the school year last September."

"The item of insurance, the risk from fire, wear and tear on the building &c. have all to be taken into account in fixing a fair rental., etc."

The foregoing respectfully submitting for the Department's consideration,

I have the honour to be,  
Sir,  
Your obedient servant,

*R. E. Loring*

Sir,-

I have to acknowledge the receipt of your letter of the 4th instant enclosing a copy of a communication from the Bishop of Caledonia in regard to schools matters in your agency.

In reply I beg to say with reference to the Gitwangak school that it is now too late in the season to undertake the erection of a school building at this point, but it will be noted for next year's estimates. The Department would like to retain the use of the church building for school purposes for the present and I have to ask you to be good enough to communicate with the Bishop in regard to this matter.

You might also ascertain from His Lordship what rent they would ask for the use of the church buildings at Hazelton and Gitwangak.

the building. The answer  
was received to this letter.

In 1915- = ~~105.00~~ <sup>105.34</sup> was expended

In 1915- = 105.34 was expended

.....

Prince Rupert, B.C.

Aug. 3rd, 1916.

  
R.E. Loring, Esq.  
Indian Agent,  
Hazelton, B.C.

Dear Sir,-

I have forwarded your letter of July 27th, to  
Archdeacon Collinson and asked him to explain the whole  
matter to Jonathan Mercer.

For the past ten years I have been working steadily  
towards the new policy,-The Indian Department becoming  
entirely responsible for Indian school work, allowing the  
Church to impart religious instruction.

In all the other agencies except yours the old system  
has almost passed away. The Indian Department has erected fine  
school buildings and pays good salaries to the Indian school  
teachers and meets all expenses such as travelling etc.

At Hazelton and Gitwangak the Indian Department  
still makes use of our Church buildings without allowing  
anything in the way of rent.

Some time ago I informed Miss Kemp, the Indian  
day school teacher at Gitwangak that she was to look to the  
Indian Department entirely for her salary and as a Church  
we have ceased to have any responsibility in regard to her.

I think that the Department should erect a new  
school house at Gitwangak and set our school building free for  
Church Army purposes and also the school children sitting there for  
so many hours.

Under the old system there was divided  
authority, Church and State. Under the new system the Indian  
Department has full control which is far more satisfactory.

There is the Indian Agent, the Inspector of Indian Agencies,  
and the Indian school inspector, - all looking after these  
schools.

May I ask you to notify the Department that we require  
our Church building at Gitwangak for Church Army purposes  
and that this building is no longer suitable for school  
purposes.

As I have said in nearly all our other Missions,  
such as Metlakatla, Kincelith, Lakelse etc the Department  
has ~~erected~~ erected fine new school houses and there is no  
reason why Gitwangak should not have one also.

Yours faithfully,

TO DATE OF THIS LETTER

Sir,—

I have the honour to enclose herewith Voucher No. 124 for \$10.95 in favour of Messrs. R. S. Sargent, Limited, in payment for having class room material and supplies furnished the Kitwanga Indian Day School;

made up by \$8.85 on authority given me,

and by \$2.10 in extra expense contracted on the purchase, etc., of an axe.

- Memo - Regarding the latter item I beg to state that Miss Kemp, the teacher, informed me that she must have overlooked to include an axe in her requisition and that she could not get along without the same, and, therefore, thought it best to assume the responsibility in purchasing and adding such later,

I have the honour to be,

Sir,

Your obedient servant,

Indian Agent.
